2. CENTRAL WAREHOUSING CORPORATION:

(a) Storage charges at the rate of 18 nP. per bag per month willbe levied on the stocks. This covers insurance of the goods also. A month for the purpose of this schedule will mean a period of 30 days.

p.t.o.

(b) The storage charges for the first month will be 18 nP. per bag irrespective of the number of days of storage during that month. The storage charges for the subsequent full months will be calculated on the basis of 18 nP. per bag and for shorter periods on weekly basis at the rate of 5 nP. per bag provided that the total charges for the part of the month does not exceed the charges for full month.

2. The Government have carefully considered the terms and conditions offered by the State and Central Warehousing Corporations and have decided to accept them. They accordingly order that the rice intended for the Educational Districts mentioned in column (1) of the annexure to this order be stored at the warehouses of the State Warehousing Corporation and Centra Warehousing Corporation mentioned in column (2) of the annexure. The quantity to be stored in each warehouse is indicated in column (3) of the annexure. Sanction is also accorded to the payment of charges at the rates mentioned in para 1 above by the District Educational Officers concerned.

3. The Warehousing Corporations do not undertake loading unloading and stacking. Separate arrangements will have to be made for them. Orders on this will issue separately.

4. The Managing Director, Madras State Warehousing Corporation and the Warehouseman, Central Warehouse, Virudhunagar are requested to see that the warehouses are kept ready for the receipt of the rice bags from 1st February, onwards.

5. The expenditure will be debited to " 37-Education-A.General - s. Miscellaneous - F. Expenditure on CARE programme-4 Other charges".

6. This order issues with the concurrence of the Finance Department - vide their U.O.No.10423-A/BB/62-1 dated 25-1-1962.

1. From the Director of Public Instruction, Letters No.Rc.No.29-SM6/62 dated 30-1-62 and No.29 SM6/62 dated 2-2-1962.

ORDER

In para 9 of G.O.Ms.No.206, Education, dated 27th January, 1962, approving the *arrangement to be made with the State Warehousing Corporation and Central Warehousing Corporation regarding the storage of the rice received under the CARE School Meals Programme, the Government have stated that separate orders will be issued regarding the arrangements for loading unloading, stacking etc., The Director of Public Instruction has reported that the handling and transport charges will work out to 40 nP. per bag as detailed below and that the various District Educational Officers to whom the bags will be booked may be permitted to incur an expenditure at the rate of 40 nP. per bag for meeting the above charges.

1. Unloading from the wagons	0.03 nP	per bag.
2. Loading into lorries	0.03 nP	,,
3. Transport charges	0.27 nP	,,
4. Unloading from the lorries	0.03 nP	,,
5. Stacking in the store room	0.04 nP	,,
	0.40 nP	

2. The Government consider that the rates quoted by the Director of Public Instruction are high compared to the rates reported by the Warehouseman, Central Warehouse Corporation, Virudhunagar mentioned below:--

1. Unloading from the goods wagon including the commission of the Agent	0.07 nP.	per bag.
2. Cartage from the goodshed to the warehouse	0.15 nP	,,
3. Unloading and stacking in the godown of the warehouse	0.07 nP	,,
	0.29	

However, as the charges are likely to vary from place to place the Government sanction advance to the District Educational Officers mentioned in column (3) of the annexure to this order to the extent noted against each in column (4) of the annexure calculated at 0.40 nP per bag for meeting the expenditure on handling and transport charges as recommended by the Director of Public Instruction. The District Educational Officers should however obtain the most competitive rates and restrict the expenditure on this account to the absolute minimum. The advance should be later adjusted by proper bills and vouchers.

Read:

From Accountant-General, Lr.No.OA/G1-VI/1297 dated 27-11-1961.

From the Director of Public Instruction, Rc.No. 182 SM/61 dated 1-1-1962.

Order

According to Rule 3 of the Rules for the payment of grants towards the supply of school meals to pupils in elementary schools appended to G.O.Ms.No.1850, Education, dated 8-11-1957 the Executive Committee of every school meal centre may be paid a grant calculated at the rate of the amount equal to the amount by which the actual expenditure exceeds 4 naye paise per meal per pupil or 6 naye paise per meal per pupil, whichever is less. In other words, of the total expenditure on midday meals, after first deducting the public contribution of 4 naye paise, the balance up to a limit of 6 naye paise per meal per child is to be met by the Government.

2. With the commencement of the CARE programme, the Government have been supplying to the midday meal centres milk powder from October, 1961, corn meal from February, 1962, and Bulgar wheat, vegetable oil and rice from March, 1962. While milk powder only supplements the midday meals, the other articles now constitute the substantial portion of midday meals supplemented only by miscellaneous items like sambar, chutney, vegetable side dishes and other condiments. Thus with the distribution of the CARE commodities, the actual expenditure on the midday meals will be very limited and may not exceed the 4 naye paise of public contribution.

3. The Government, therefore, direct that, with effect from 1st February, 1962, only the following items of expenditure should be taken into account for arriving at the actual expenditure on the midday meals.

(i) Cost of the ingredients (other than the CARE commodities) required for the preparation of sambar, chutney, vegetable side dishes and condiments.

(ii) Cost of the wages given to the cook, other services and other contingencies connected with the preparation and service of the food.

(iii) Other miscellaneous charges Transport charges of the CARE commodities are, however, to be met from the public contribution of 4 naye paise and should not be claimed as Government grant - *vide* orders in G.O.Ms.No.2064, Education, dated 24-8-1961.

4. From the total of the items of expenditure listed in para 3 above the balance of public contribution of 4 naye paise after allowing for the transport charges, should be deducted and the net expenditure arrived at. The midday meal committees will be paid a grant equal to this net expenditure subject to a maximum of 6 naye paise per meal per child. So long as CARE commodi-

p.t.o.

ties are supplied to the midday meal centres, a certificate should be incorporated in the bills for advance grants and adjustments in the following form:--

"Certified that the claim for grant has been restricted to the actual expenditure exclusive of the CARE commodities".

The Commissioners of Panchayat Unions are requested to see that the certificates have been furnished before making payments.

5. The Director of Public Instruction is requested to issue instructions to the District Educational Officers and Deputy Inspectors accordingly. He is also requested to instruc the District Educational Officers to re-calculate the grant payable to the midday meal centres for February and March,1962 with reference to these instructions wherever necessary and repo the savings, if any, in the grants already paid for these two months. A copy of the instructions issued may also be sent to Government for information.

6. The Government are anxious that the "savings" that may accrue to the Government due to the reduction in the Government contribution of 6 nP per meal per child should be expended in full on the midday meal scheme in other forms, as for instanc supply of multi-purpose food, good utensils etc. in confirmity with the terms of the agreement with CARE. The Director of Publi Instruction is therefore requested to suggest appropriate measur for the utilisation of the savings in the Government grant payab due to the supply of CARE commodities.

7. This order issues with the concurrence of the Finance Department - vide their U.O.No.45180-EA/62-1 dated 11-4-1962.

அன்புடையீர்,

உங்கள் ஊரில் பஞ்சாயத்து இருக்கிறது. அதற்குத் தலைவராக நீங்கள் இருக்கிறீர்கள். ஊருக்கு நல்லது செய்ய உங்களுக்கு வாய்ப்பு இருக்கிறது. இது மகிழ்ச்சிக்குரியது.*

ஊருக்கு நல்லதைப் பலவகைகளில் செய்யலாம். அவற்றுள் மிகச் சிறந்த ஒன்றைப்பற்றி உங்களுக்கு எழுதுகிறேன். ஆவன செய்வீர்கள் என முழுதும் நம்புகிறேன்.

தொடக்கப்பள்ளிகளில் மதிய உணவுத் திட்டம் என்ற புது முயற்சி, கடந்த ஐந்து ஆண்டுகளாக நடைபெற்று வருகிறது. ஆசிரியர்கள் இதில் பெரிதும் ஊக்கம் காட்டி வருகிறார்கள். இது மிகச் சிறந்த திட்டம். நமது பிரதமர் உள்பட பலரும் இதைப் பாராட்டியிருக்கிறார்கள். பிற இராச்சியங்களுக்கு வழிகாட்டியாக நமது இராச்சியம் இத் துறையில் இருக்கிறது.

இத் திட்டத்தை நிறைவேற்ற, ஒவ்வொரு ஊரிலும் ஒரு மதிய உணவுக் கமிட்டியும், அதற்குச் செயற்குழுவும் அமைக்கப்பட்டுள்ளன. இதற்காகச் சர்க்கார் தரும் மான்யத்தை, மதிய உணவுக் கமிட்டித் தலைவர் பெற்று வருகிறார்.

இத் திட்டத்தின்படி, ஒரு சிறுவனுக்கு ஒரு வேளைக்குச் சாப்பாடு போட 10 ந.பை. செலவு ஆகிறது. இதில் 4 ந.பை. ஊராரிடமிருந்து நன்கொடையாக வசூலிக்கப்படுகிறது. மீதி 6 ந.பை.யை சர்க்கார் மான்யமாகத் தருகிறார்கள். இந்தக் கணக்குப்படி, ஓர் ஆண்டு முழுமைக்கும் ஒரு பிள்ளைக்குச் சாப்பாடு போட ரூ. 20 ஆகிறது. இதில் ரூ. 8-ஐ நன்கொடையாகப் பொதுமக்களிடம் வசூலிக்கிறார்கள். மீதி ரூ. 12 சர்க்கார் மானியமாகப் பெறப்படுகிறது. இத்திட்டத்திற்கு அமெரிக்காவிலுள்ள 'கேர்' ஸ்தாபனம் பால் பவுடர், கோதுமை, அரிசி, எண்ணெய் ஆகிய பொருள்களை வழங்குகிறது.

பொதுமக்களிடமிருந்து பெறவேண்டிய 4 ந.பை. பங்கு, தனி நபர் பொருளாதார நிலையையும், தரும சிந்தனையையும் பொறுத்திருக்கிறது. என்றென்றும் ஒரே சீராக இது அமையும் என்பதற்கில்லை.

இச் சிறந்த திட்டம் பலமான அடிப்படையில் என்றென்றும் குறைபாடின்றி இயங்கவேண்டும் என்று அரசாங்கம் விரும்புகிறது. தனி நபர் தரும சிந்தனையை எக்காலத்திற்கும் நாடிக்கொண்டிருப்பதைவிட, ஒரு பொது ஸ்தாபனத்திலிருந்து இத்திட்டத்திற்கு வேண்டும் பொருள் பெறுதல், நிரந்தரமான ஒரு நல்ல ஏற்பாடாகும்.

எனவே, ஜனநாயக அடிப்படையில் அமைந்துள்ள பஞ்சாயத்தின் தலைவராகிய நீங்களே, உங்கள் ஊரிலுள்ள எல்லா மதிய உணவுக் கமிட்டிகளுக்கும், அவற்றில் செயற்குழுக்களுக்கும் தலைவராக இருக்க வேண்டும் என்று, அரசாங்கம் உத்தரவு *பிறப்பித்துள்ளது.

நீங்கள் இனி செய்ய வேண்டியது என்ன ?

1. பஞ்சாயத்து நிதியிலிருந்து, ஒரு குறிப்பிட்ட தொகையை மதிய உணவு திட்டத்திற்குக் கொடுக்க முன் வரவேண்டும்.

2. அதற்காகப் பஞ்சாயத்து போர்டு தீர்மானத்தை 1-7-62-க்குள் பெற்று, பஞ்சாயத்து யூனியன் கமிஷனருக்கு அனுப்பி வைக்க வேண்டும்.

3. தேவைப்பட்டால், கூடுதலான வருமானம் பெற வழிவகை தேடவேண்டும்.

"கொடிது கொடிது, வறுமை கொடிது,
அதனினும் கொடிது, இளமையில் வறுமை",

பசிப்பிணியால் குழந்தைகள் வாடுவதும், அதன் காரணமாக, பள்ளிக்கூடம் வராமலிருப்பதும் தகுமா? அதுவும் நீங்கள் தலைவராக இருக்கும் ஊரில் அப்படி நடக்கலாமா? இன்றைய குழந்தை, நாளைய மனிதன். வருங்காலத்தில் நாட்டை ஆளப்போகிறவர்கள் அறிவொளி பெற்றுத் திகழ வேண்டாமா? இதற்குப் பெரிதும் உதவும் மதிய உணவுத் திட்டத்தை வெற்றிகரமாக நடத்தவேண்டிய பொறுப்பு உங்களுக்கு வந்திருக்கிறது. இத் திட்டத்தை திறம்பட, குறைவின்றி நடத்தி, ஊருக்கும் நாட்டிற்கும் நல்ல பெயர் கொண்டுவர வேண்டும் என்று, உங்களைக் கேட்டுக்கொள்கிறேன். "பொறுப்பைக் கொடுங்கள்; செய்து காட்டுகிறோம், செவ்வனே செய்யும் ஆற்றல் எங்களுக்கு உண்டு" என்று நிரூபிப்பீர்கள் என்று நம்புகிறேன்.

GOVERNMENT OF MADRAS

Abstract

Elementary Education - Scheme for the supply of school meals to poor pupils in elementary schools - Restriction on the number of pupils to be fed - Orders passed.

EDUCATION AND PUBLIC HEALTH DEPARTMENT

G.O.Ms.No.2135.

Dated the 17th August 1962.
Read again:-

G.O.Ms.No.1850, Education dated the 8th November 1957.

ORDER:

According to paragraph 11(a) of the scheme for the supply of school meals to pupils in elementary schools approved in the G.O. cited, the number of pupils to be provided with school meals in each school will be fixed by the Executive Committee of the school concerned with due regard to its resources. According to paragraph 11(d) the payment of midday meals grant may be restricted to such number of pupils as may be fixed by the District Educational Officer concerned. Thus according to the scheme the Government have not placed any restriction on the number of pupils to be fed in the schools, but have left it to the discretion of the school meal committees and the District Educational Officers concerned so far.

2. The expenditure on the payment of grants to the school meals committees has been steadily increasing since the launching of the scheme in 1957 and it was in the order of Rs.1½ crores during 1961-62. The Government have therefore examined the question of placing a restriction on the number of pupils to be fed under the scheme. They consider that the imposition of any uniform restriction throughout the State applicable to each individual school may adversely affect the deserving pupils in schools in backward areas. They have therefore decided that the ceiling should be operated with the Panchayat Union as a whole being the unit. They accordingly direct that the number of pupils fed under the scheme should not exceed onethird of the total number of children on rolls in classes I to V in elementary schools in the State as a whole as well as in each Panchayat Union area.

3. The ceiling will also apply to schools, both aided and municipal in each municipal area and aided schools in the Corporation of Madras which are covered by the scheme and the total number of pupils fed in these schools should not exceed 1/3rd of the total number of pupils on rolls in each municipal or the Corporation area as the case may be.

4. The responsibility for enforcing the ceiling will rest with the Director of Public Instruction. He is requested to issue suitable instructions to the District Educational Officers concerned to fix the break up of the ceiling for individual midday meal centres in schools under aided managements as well as Panchayat Union Councils with reference to paragraph 11(d) of the G.O. cited taking into account the backwardness of the area in which the centre is situated subject to the overall ceiling of one-third for each Panchayat Union area and to intimate the details to the Panchayat Unions in advance so that the funds may be correctly budgeted and provided for in time by them. Similar instructions should also be issued in respect of schools in municipalities and in the Corporation area. He is also requested to issue instructions to all the Officers of the Education Department to adhere strictly to the ceiling in order to ensure that for the State as a whole, the budget provision is not exceeded. A copy of the instructions issued should be submitted to Government for information.

GOVERNMENT OF MADRAS

Abstract

Elementary Education Scheme for supply of school meals to pupils in Elementary Schools - Restriction on number of pupils fed - Revised Orders issued.

EDUCATION AND PUBLIC HEALTH DEPARTMENT

G.O.Ms.No.3116 Education Dated the 31st December 1962

Read again:- G.O.Ms.No.2135, Education dated the 17th August 1962.

Read also:- From the Director of Public Instruction letter Rc.No.283 P & D 4/62, dated the 12th October 1962.
From the Director of Public Instruction letter No.283 P & D4/62, dated the 1st November 1962.
From the Director of Public Instruction letter No.283 P & D4/62, dated the 3rd November 1962.

ORDER:

In the Government Order cited the Government have ordered that the number of pupils fed under the midday meal scheme in elementary schools should not exceed 1/3rd of the number of pupils on rolls in classes I to V in each Panchayat Union area, Municipal area or the Corporation area as the case may be. In modification of these orders the Government now direct that the number of pupils fed under the scheme should not exceed 1/3rd of the number of pupils on rolls in Standards I to VIII in elementary schools in each Revenue District except the Nilgiris. In the case of the Nilgiris District the number of pupils fed should not exceed one-half of the number of children on rolls in Standards I to VIII. The ceiling has been fixed in order to limit the financial commitment to Government on the midday meal scheme. If necessary, additional number of children, over and above the ceiling fixed can be fed provided that the extra cost is met by raising local contribution and no subsidy is claimed from Government. There is no need to reduce the number of pupils relying on midday meals.

2. The responsibility for enforcing the ceiling will rest with the Director of Public Instruction as hitherto. He will regulate the number of children to be fed in each Panchayat Union, Municipal area, etc. subject to the ceiling for the Revenue District fixed in paragraph 1 above and intimate the number of pupils to be fed in each Panchayat Union area and municipal area to the Commissioners of the Panchayat Unions and Municipalities in advance so that funds may be correctly budgetted and provided for in time by them.

3. In the case of Revenue Districts, where the number of pupils fed is already more than 1/3rd the number of children on rolls the amount of subsidy claimed from Government should be limited to the amount due in respect of the number already covered under the programme during 1961-62 within the over all State ceiling and budgetted outlay and the Director of Public Instruction should adjust the programme in these Districts with reference to the increased enrolment so that the amount of subsidy on account of midday meals does not exceed the ceiling for each Revenue District.

4. This order issues with the concurrence of the Finance Department vide its U.O.No.148125 EA/62-1, dated the 29th December 1962.

GOVERNMENT OF MADRAS

Abstract

Subsidy - Education - Elementary - Panchayat Unions - School meals grant - 1962-63 - Advance grant - Sanctioned.

EDUCATION AND PUBLIC HEALTH DEPARTMENT

G.O.Ms.No.2419 (Education) Dated the 24th September 1962.
Read the following:-

1. G.O.Ms.No.1913, Education, dated the 23rd July 1962.
2. G.O.Ms.No.2135, Education, dated the 17th August 1962.

ORDER:

Under paragraph 7 of Annexure I of G.O.Ms.No.2075, Education dated the 27th September 1960, as amplified by Memorandum No.52468/RD-Accts-C/61-2, R.D.& L.A. dated the 20th March 1961 the grants that were being paid by the Education Department to the local midday meals committees are to be paid with effect from 1-7-1961 to the local committees by the Panchayat Union Commissioners from out of the Panchayat Union (Education) Fund after receipt of the bills passed by the Deputy Inspectors of Schools and the District Educational Officers. Such payments are to be compensated by a specific schools meals grant to the Panchayat Unions from the State funds. In the G.O. first read above, the Government sanctioned advance grants to Panchayat Unions, representing one fourth of the budget estimates for 1962-63, for the quarter beginning from 1-7-1962, In sanctioning such advance grants Government also directed that the amounts overpaid to Panchayat Unions in 1961-62 be adjusted against the advance grants.

2. The Government now sanction to the Panchayat Unions listed in Annexure-A, the amounts noted against each in Column 4 of the Annexure representing one fourth of the amounts mentioned in Column 3, as further advance grants. In the case of certain Panchayat Unions, details of which have been furnished in Annexure-B, the grants over paid in 1961-62 plus the grants for a quarter exceed the budget estimate for 1962-63. In these cases as well as in certain other cases in Annexure B where the estimates are prima facie overpitched the Government are not sanctioning any advance grants and the amounts due to these Panchayat Unions shall be adjusted in due course against the over payments of 1961-62. The Panchayat Union Commissioners listed in Annexure-B may bring to the notice of the Government difficulties, if any, in the implementation of the programme, furnishing full details of the amounts over paid for 1961-62 and the amounts estimated for 1962-63 and the balance of grants, if any, they eligible for. The Government will consider these cases separately and pass suitable orders.

3. The Director of Public Instruction, the District Educational Officers and the Panchayat Union Commissioners are informed that the utilisation of the grants now released should be regulated with reference to the orders in G.O.Ms.No.2135, Education dated the 17th August 1962 and that the ceiling of one third of the total number of children on rolls in classes I to V in elementary schools should be adhered to in each Panchayat Union area.

4. The Accountant General, Madras is requested to disburse the amounts to the Panchayat Unions mentioned in Annexure-A to the extent indicated in Column 4 of the Annexure. The Commissioners of Panchayat Unions are requested to present the necessary bills using Madras Treasury Code form 9 (bill for miscellaneous payments) at the sub-treasuries for getting the amounts credited by adjustment to the Panchayat Union Deposit Account No.I.- It should be indicated in the bill that the payment will be by adjustment only and will not involve any cash payments.

p.t.o.

5. The Director of Public Instruction is requested to issue immediate instructions to all the Deputy Inspectors of Schools to have the advance grants for the quarter beginning from 1-10-1962 in respect of all the midday meals centres within their jurisdiction worked out with reference to G.O.Ms.No.1023, Education dated the 3rd May 1962 and bills presented to the Commissioners of the Panchayat Unions. The Commissioners of the Panchayat Unions are requested to make payments without delay to the school meals centre as and when the bills are presented by them.

6. Since the grants - advance grants or adjustments - already paid for the quarters ending 31-3-1962 and 30-6-1962 to individual midday meal committees have to be re-calculated with reference to G.O.Ms.No.1023, Education dated the 3rd May 1962 and this has not been completed yet, Government authori the payment of the advance grants indicated in paragraph 2 above to the midday meal centres as a special case after adjusting the advances payable for the quarter beginning 1-7-1962 alone and without the adjustment of the previous advances. The Director of Public Instruction is requested to issue instructio and see that the work of re-calculation and adjustment is attended to immediately so that there may not be any difficulty in implementing the programme.

7. The expenditure on the payment of school meals grants should be debited to "28. Education - A.General - (s) Miscellaneous - 3. Grants for school meals to elementary school pupils".

8. This order issues with the concurrence of the Finance Department vide their U.O.No.10079-A/EA/62-1, dated the 24th September 1962.

Letter from Director of Public Instruction, dated 30th May 1962, No. Roc. 156-PD4/62.

Letter from Director of Public Instruction, dated 18th September 1962, Roc. No. 156-PD4/62.

Memorandum No. 56367-E-Spl./62-6, Education, dated 16th October 1962.

In memorandum No. 95156-2 E8, Education, dated 12th October 1961, the Government have ordered that it is unnecessary to demand stamped receipts for the amounts of grants sent through cheque as the amounts are disbursed by the managers to teachers under proper acquittance. The Commissioners of Panchayat Unions are informed that in the case of midday meals grant, stamped receipts will have to be obtained when the grants are sent to the midday meal centres by cheques. No stamped receipt is necessary when the grant is sent by money order.

Memorandum No.202125/RD.Accts-C/62-2, dated th 25th October 1962

Sub.- Elementary Education - Scheme for the supply of School Meals to poor pupils in Elementary Schools-- Measures to ensure smooth and continuous functioning of midday meals centres - Regarding.

Ref:- G.O.Ms.No.905, Education dated the 24th April 1962.
2. G.O.Ms.No.1231, R.D.& L.A. dated the 28th May 1962.

The Administrator of the CARE Programme has stated that in recent months there has been a substantial reduction in the quality of the mid-day meals programme and that in a few centres there has been total stoppage of feeding. He has attributed this partly to difficulties in the secretaries of the mid-day meal committees contacting the Presidents of Panchayats frequently.

2. The Government wish to impress on the Panchayat Union Commissioners that the Presidents of Panchayats in their capacity as Chairmen of the mid-day meals committees are responsible for the smooth and continuous functioning of the mid-day meal centres. Government have sanctioned advance grants for the purpose. The Presidents of Panchayats in their turn should ensure prompt flow of funds so that the occasion for complaints that Secretaries of the Committees find it difficult to contact them and obtain adequate funds from them for running the centres would not arise. Besides bringing these facts to the notice of the Presidents of Panchayats, the Panchayat Union Commissioners are requested to apprise them of these instructions at the next meeting of the Panchayat Union Council and to ensure that there is no bottleneck in the smooth functioning of the programme. The Extension Officers (Panchayat) should also be instructed to keep a close watch over this - The Panchayat Union Commissioners themselves should, during their tours in villages, see that the scheme is worked well without any delay in the passing of funds. A report on the action taken in this regard should be submitted to Government by all Panchayat Union Commissioners before 20-11-1962.

The receipt of this memorandum should be acknowledged by all Panchayat Union Commissioners.

From the Director of Public Instruction letter Rc.No. 233 SM3/62 dated 16-4-62 and dated 1-5-62.

From CARE, Madras letter dated 3-5-62 and dated 12-2-63.

*****

Under the terms agreed to between the State Government ~~xxxx~~ and the CARE Organisation, the Government have agreed to reimburse CARE the amount of any claim asserted by the United States Government against CARE for loss or damage to the commodities subsequent to their off-landing at the port of Madras when such loss or damage results in failure to distribute the commodities to the recipients for whom they are intended. With reference to this clause in the agreement, the Government direct that the following principles be adopted in the settlement of claims towards losses:-

The claims may be classified under the following categories:-

(1) Claims for losses due to theft or similar clauses;

(2) Claims for losses due to negligence or misuse; and

(3) Claims for losses in regard to which recovery has to be made from third parties such as clearing agents, transport companies etc.

Regarding category (1) the cost of the commodities will be valued at the cost estimated in the United States while the cost of the commodities in categories (2) and (3) will be valued on the basis of their market value in India. While the cost in respect of category (1) will be borne in full by Government in respect of categories (2) and (3) cost is recoverable from the third parties responsible. Only the balance of cost under category (2) for which responsibility cannot be fixed is payable by Government. The entire cost under category (3) is recoverable from the third ~~3rd~~ parties. The initial debit of the total claims by CARE will be borne by Government and the recoveries due watched by the Director of Public Instruction.

2. During the first year of operations of the CARE Programme the total claims of the CARE organisation for losses are estimated at Rs. 9,151.13 as ~~detailed below~~ indicated below (details given in the Annexure).

2. G.O.Ms.1231, R.D.& L.A. dated the 28th May 1962.

In the G.O. first cited the Government have issued orders that the President of every panchayat shall be the Chairman of the General Committee as well as the Executive Committee of all the mid-day meals centres in the jurisdiction of the panchayat and that it should be the duty of every panchayat to contribute at least some amount towards mid-day meals scheme. In the G.O. second cited instructions were issued for ensuring systematic implementation of the orders issued in G.O. first cited.

2. The instructions of the Government have been implemented in a large measure. In cases where they are pending implementation, Government hope that the Panchayat Presidents will take up the chairmanship of all the existing committees in their respective areas without delay and see that the Mid-day meals scheme is successfully continued without any break or hindrance. The Panchayat Union Commissioners are requested to bring this to the notice of the Panchayat Presidents and request them to afford all possible help for the effective functioning of the Committee.

GOVERNMENT OF MADRAS

RURAL DEVELOPMENT AND LOCAL ADMINISTRATION DEPARTMENT

Memorandum No.194319/RD.Accts-C/62-2, dated the 7th December 1962.

20 DEC 1962

Sub:- Elementary Education - Scheme for the supply of school meals to poor pupils in Elementary Schools - Measures to ensure smooth and continuous functioning of the midday meals centres - Regarding.

Ref:- 1. G.O.Ms.No.No.1850, Education dated the 8th November 1957.
2. Government Memorandum No.202125 RD-Accts-C/62 dated the 25th October 1962.

The Presidents of Panchayats in their capacity as Chairmen of Midday Meals Committees, are responsible for the smooth and continuous functioning of the midday meals centres. They have been requested in the memorandum cited, to ensure prompt flow of funds so that the occasion for complaints that Secretaries of the Committees find it difficult to contact them and obtain adequate funds from them for running the centres would not arise. To realise this objective, the Government consider that it would be better if the Presidents of Panchayats in their capacity as Chairmen of midday meals committees disburse every month to the Secretaries of these committees an advance roughly equal to a month's expenditure for running the centres. The Secretaries of the Committees should render satisfactory accounts for the advance drawn before drawing the next advance or at the end of each month. Any over-payment in the previous month's advance will have to be adjusted in the current month's advance.

2. The Panchayat Union Commissioners are requested to apprise the Presidents of the Panchayats of these instructions and to ensure that they are followed in all the centres.

3. Accounts should be properly maintained and should be checked periodically by the Inspecting Officers.

K. Venkataraman,
Deputy Secretary to Government.

EDUCATION AND PUBLIC HEALTH DEPARTMENT.

G.O.Ms.No.542 Education dated 20-3-63

Read:

From the Director of Public Instruction letter Rc.No. 233 SM3/62 dated 16-4-62 and dated 1-5-62.

From CARE, Madras letter dated 3-5-62 and dated 12-2-63.

*****

Under the terms agreed to between the State Government ~~xxxx~~ and the CARE Organisation, the Government have agreed to reimburse CARE the amount of any claim asserted by the United States Government against CARE for loss or damage to the commodities subsequent to their off-landing at the port of Madras when such loss or damage results in failure to distribute the commodities to the recipients for whom they are intended. With reference to this clause in the agreement, the Government direct that the following principles be adopted in the settlement of claims towards losses:-

The claims may be classified under the following categories:-

(1) Claims for losses due to theft or similar clauses;

(2) Claims for losses due to negligence or misuse; and

(3) Claims for losses in regard to which recovery has to be made from third parties such as clearing agents, transport companies etc.

Regarding category (1) the cost of the commodities will be valued at the cost estimated in the United States while the cost of the commodities in categories (2) and (3) will be valued on the basis of their market value in India. While the cost in respect of category (1) will be borne in full by Government in respect of categories (2) and (3) cost is recoverable from the third parties responsible. Only the balance of cost under category (2) for which responsibility cannot be fixed is payable by Government. The entire cost under category (3) is recoverable from the third ~~xxx~~ Parties. The initial debit of the total claims by CARE will be borne by Government and the recoveries due watched by the Director of Public Instruction.

2. During the first year of operations of the CARE Programme the total claims of the CARE organisation for losses are estimated at Rs. 9,151.13 as ~~detailed below~~ indicated below (details given in the Annexure).

	Rs. nP
(1) Claims for losses due to theft or similar causes.	1,764.10
(2) Claims for losses due to negligence or misuse.	5,011.03

P.T.O.

(3) Claims for losses in regard to which recovery has to be made for third parties such as clearing agents, transport companies etc. 2,376.00

Total Rs. 9,151.13

The Government sanction the payment of a sum of Rs.9,151.13 (Rupees nine thousand one hundred and fifty one and naye paise thirteen only) to the CARE India Office towards their claims for loss of CARE commodities as indicated above. The amount should be adjusted against the balance of Rs.91,639.74 available with the CARE India out of the payment of Rs.5,41,500 made to it in G.O.Ms.No.1835, Education dated 26-7-61 read with Memorandum No. 2492- E.Spl/61-2 Education dated 9-1-62.

3. The Director ofpublic Instruction is requested to take immediate action for the revovery of the losses mentioned in categories (2) and (3) in paragraph 2 above from the persons and parties responsible and credit the amounts to State funds under the head "XXII- Education-E.General- Miscellaneous- Recovery on account of loss of CARE Commodities"as ordered in Memo. No. 36248- E Spl/62_10 dated 18-6-62.

4. This order issues with the concurrence of the Finance Department vide its U.O.No.27609/EA/63-1 dated 13-3-63

From the Accountant-General, Madras OA-28/59-60/1945, dated the 23rd March 1960.
From the Examiner of Local Fund Accounts No. Ex./C/195, dated 23rd March 1960.
Letter from the Director of Public Instruction, dated 2nd August 1963.

Order—MS. No. 2088, Education, dated 28th September 1963.

The scheme for the supply of school meals to poor pupils in elementary schools was approved in G. O. Ms. No. 1850, Education, dated 8th November 1957, and it is now in force in more than 26,000 schools in the State. The question of introducing a suitable audit system for auditing the accounts of the midday meal centres has been engaging the attention of the Government for some time. The Public Accounts Committee, in its report on the accounts for 1960-61 has also stressed the need for the introduction of audit. After a careful examination of the question, the Government have decided to introduce a systematic audit of the accounts of the midday meal centres receiving Government grants from the current financial year (1963-64). In view of the large number of such centres and the volume of transactions involved, the Government direct that the detailed audit be now confined to one quarter in a year to be selected at random.

2. The audit of the accounts of the midday meal centres in the Panchayat Union areas will be carried out by the Extension Officers (Panchayat). The audit of the accounts of the midday meal centres in Town Panchayats, Municipalities and Corporation areas will be conducted by the Examiner of Local Fund Accounts.

3. A copy of the audit report in respect of each centre in Panchayat Union areas, Town Panchayats, Municipalities and Corporation areas will be sent by the auditors to the District Educational Officer concerned and the Divisional Panchayat Officer. The Divisional Panchayat Officers will consolidate the main features in respect of the Centres in each Panchayat Union area and send it to the Examiner of Local Fund Accounts. The Examiner of Local Fund Accounts will send a districtwise consolidated report to Government. The Director of Public Instruction who is in administrative charge of the Midday Meal Scheme is requested to issue suitable instructions to the District Educational Officers for the action to be taken on the audit reports.

158

No. 2088 Education, 28th September 1963.

4. The Government also prescribe the forms and registers annexed to this order for the maintenance of accounts by the midday meal centres and for the audit of the accounts of the centres. The form and registers will be brought into use from the current financial year.

5. This order issues with the concurrence of the Finance Department, *vide* its U.O. No. 102252A/EA/63-1, dated 24th September 1963.

(5) In the circumstances the Government direct that the advance Midday Meals grant paid hitherto by the Government to the Panchayat Unions be paid by the Director of Public Instruction to the Panchayat Unions from the current year (1964-65) onwards. The grants will be paid by him to the Panchayat Unions with reference to the number of pupils to be fed in each Panchayat Union as fixed by him. The Director of Public Instruction is requested to disburse the advance grant in four quarterly instalments, the instalments being payable on or after the 1st April, the 1st July, the 1st October and 1st January in each financial year. The Director of Public Instruction will no doubt ensure that the total amounts so disbursed do not exceed the budget provision.

(6) The Commissioners of the Panchayat Unions should send before 1st June each year a statement showing the advance grants paid to them by the Director of Public Instruction and the grants actually disbursed by them to the midday meal centres under their jurisdiction during the previous financial year. The Director of Public Instruction on receipt of the statement will order the recovery of any excess grant paid to the Panchayat Unions or sanction the payment of any additional grant due to the Panchayat Unions.

ORDER:

In G.O.Ms.No. 2088, Education dated 28.9.63, the Government introduced a systematic audit of accounts of the midday meal centres receiving Government Grants. It was ordered that the audit of the accounts of the Midday Meal Centres in the Panchayat Union areas would be carried out by the Extension Officers (Panchayat) and that the audit of the accounts of the midday meal centres in Town Panchayats Municipalities and Corporation areas would be conducted by the Examiner of Local Fund Accounts. No specific instructions in regard to the settlement of audit objections relating to the Midday meal centres were issued in the said G.O. The collector of Coimbatore has therefore sought instructions of Government in regard to the watching of the rectification of the defects pointed out in the audit reports on the accounts of midday meal centres.

2. The Government have carefully examined the question in consultation with Director of School Education and the Examinor of Local Fund Accounts and pass the following orders.

i) In the case of audit done by the Extension Officers (Panchayats), the responsibility of watching the settlement of audit objections relating to the Midday Meal Centres in the Panchayat Union areas rests with the Divisional Panchayat Officers; and

ii) in the case of audit done by the Examinor of Local Fund Accounts in respect of Midday Meal centres in Town Panchayats Municipalities and Corporations, the responsibility of watching the

settlement of audit objections rests with that Department in respect of the Midday Meal Centres audited by them.

3. This order issues with the concurrence of Finance Department vide its U.C.No. 160832/E/71-1, dated 10.12.1971.

EDUCATION AND PUBLIC HEALTH DEPARTMENT
(Education)
G.O.No. 652, 4th May 1964

Education--Elementary--Midday Meals Scheme--Release of grants to Panchayat Unions--Revised procedure--Orders issued.

Read--the following:—

(1) G.O.Ms.No. 1850, Education, dated the 8th November 1957.
(2) G.O.Ms.No. 2075, Education, dated the 27th September 1960.
(3) G.O.Ms.No. 3116, Education, dated the 31st December 1962.

Order--No. 652, Education, dated the 4th May 1964.

In G.O.Ms.No. 1850, Education, dated 8th November 1957, the Government approved the scheme for the supply of school meals for poor pupils in elementary schools and prescribed the rules for the payment of grants for the purpose. Under the rules the Executive Committee of every school meal centre may be paid a grant calculated at the rate of the amount equal to the amount by which actual expenditure exceeds 4 nP. per meal per pupil or 6 nP. per meal per pupil whichever is less. The grant will be sanctioned in advance for each quarter, the quarters covering a period of three months ending with 31st March, 30th June, 30th September and 31st December. The Chairman of the Executive Committee will have to apply to the Deputy Inspector of Schools concerned for the quarterly advance grant giving the number of working days during the quarter, the number of pupils selected for the provision of the school meal and the estimate of the Government grant due for the purpose. The Deputy Inspector will scrutinise the particulars with reference the number of pupils, if any, fixed by the District Educational Officer and recommend the payment of the advance grant. On receipt of this recommendation, the District Educational Officer will sanction the grant. Thus with reference to G.O.Ms.No. 1850, Education, dated 8th November 1957, the advance grants to midday meal centres in municipal as well as panchayat areas were being disbursed by the District Educational Officers.

(2) Under the Madras Panchayats Act, 1958, Panchayat Unions have been formed and under section 65(e) of the Act, it shall be the duty of a Panchayat Union Council within the limits of its funds, to make reasonable provision for carrying out the requirements of the Panchayat Union in respect of the opening and maintenance and expansion or improvement of elementary schools, including the payment of grants to private managements in respect of elementary schools. Chapter IV of the Act provides, among other things, for the constitution of a Panchayat Union (Education) Fund to which items of local revenue raised by the

Union and specific grants made by Government are to be credited and which will be utilized by the Panchayat Union in the discharge of the functions relating to Elementary Education allotted to it under the Act. In accordance with this provision in the Panchayat Act, the Government ordered in G.O.Ms.No. 2075, Education, dated 27th September 1960 that the grant for midday meals which was till then being paid by the Government to the local midday meal committees would be paid to the local committees by the Panchayat Union Commissioners from the Panchayat Union (Education) Fund after receipt of the bills passed by the Deputy Inspector and the District Educational Officer and that such payments would be compensated by a specific school meals grant. Thus the primary responsibility of sanctioning the advance grants to the midday meal committees in Panchayat Union areas (including aided schools) has been transferred from the District Educational Officer to the Panchayat Union Commissioner and the Government have to pay only the compensatory Midday Meals grant to the Panchayat Unions. The responsibility for disbursing midday meals grant to the schools in Municipal areas and aided schools in the Corporation area continued to be vested with the District Educational Officers.

(3) As the Panchayat Unions were not in a position to pay the quarterly advance grants to the Midday Meals Centres in their jurisdiction and then claim the Compensatory Midday Meals grant from Government, the Government decided to sanction the compensatory grant in advance in four equal quarterly instalments, the instalments, being payable on or after the 1st April, the 1st July the 1st October and the 1st January respectively. The advance grants are being paid by Government from 1961-62 onwards based on a rough estimate of the grant required by the Commissioners of the Panchayat Unions. While the advance grant paid to the Panchayat Unions were based on a rough estimate, the grants disbursed by the Panchayat Unions were based on the bills passed by the District Educational Officers. This procedure has resulted in the payment of advance grants to the Panchayat Unions in excess of the grants disbursed by them to midday meal centres during 1961-62 and 1962-63.

(4) The question of avoiding the payment of such excess advance grants and making a permanent arrangement for the disbursement of these grants has been examined. It will not be necessary for Government to sanction the grants at their level year after year. In G.O. Ms.No. 3116, Education, dated 31st December 1962, the Government have already ordered that the number of pupils fed with Government grant should not exceed one-third the number of pupils on rolls in each Revenue District except the Nilgiris for which the ceiling has been fixed at half the number of children on rolls. The responsibility for enforcing the ceiling has been entrusted to the Director of Public Instruction who will regulate the number of children to be fed in Panchayat Union and Municipal area subject to the ceiling for the Revenue District and intimate the number of pupils to be fed in each Panchayat Union area or Municipal area to the Commissioners of the Panchayat Unions and Municipalities in advance so that funds may be correctly budgetted and provided for in time by them. The Director of Public Instruction is therefore in a better position to regulate the advance grant payable to each Panchayat Union as he is the authority, who fixes the number of pupils to be fed in each Panchayat Union. Further he is disbursing the grants to the school meal centres in Municipal and Corporation area and is the controlling authority for expenditure under "Education Grant".

(5) In the circumstances the Government direct that the advance Midday Meals grant paid hitherto by the Government to the Panchayat Unions be paid by the Director of Public Instruction to the Panchayat Unions from the current year (1964-65) onwards. The grants will be paid by him to the Panchayat Unions with reference to the number of pupils to be fed in each Panchayat Union as fixed by him. The Director of Public Instruction is requested to disburse the advance grant in four quarterly instalments, the instalments being payable on or after the 1st April, the 1st July, the 1st October and 1st January in each financial year. The Director of Public Instruction will no doubt ensure that the total amounts so disbursed do not exceed the budget provision.

(6) The Commissioners of the Panchayat Unions should send before 1st June each year a statement showing the advance grants paid to them by the Director of Public Instruction and the grants actually disbursed by them to the midday meal centres under their jurisdiction during the previous financial year. The Director of Public Instruction on receipt of the statement will order the recovery of any excess grant paid to the Panchayat Unions or sanction the payment of any additional grant due to the Panchayat Unions.

(7) This order issues with the concurrence of the Finance Department - vide its U.O.No. 49112-A/EA/64-1, dated 1st May 1964.

G.O. No. 931, 3rd June 1964

Education—Elementary—Scheme for supply of School Meals to poor pupils in Elementary Schools—Donation of lands—Instruction—Issued.

Order—No. 931 Education, dated 3rd June 1964.

The School Midday Meals Scheme in the elementary schools in this State was launched in 1956 as a voluntary movement. Encouraged by the peoples support for the cause, the Government placed the scheme on an organised basis in 1957 by framing a draft scheme and by coming forward to give financial support to the scheme. According to the scheme approved in Government Order Ms. No. 1850, Education, dated 8th November 1957, every school meals centre should collect a minimum contribution of 4 naye Paise per meal either in cash or kind and the Government will pay to the school meals centre a grant calculated at the rate of the amount equal to the amount by which the actual expenditure exceeds 4 naye Paise per meal per pupil or 6 naye Paise per meal per pupil whichever is less. The scheme now mainly depends on the public contribution received every year. The Government desire that the scheme shuold be placed on a permanent footing and made self sufficient. A suggestion has been made that if the liberal minded persons of every village donate a small extent of land to cover the 4 naye Paise (per meal) local contribution, the scheme can easily be made a permanent one with the income from the lands donated and the Government contribution not exceeding 6 naye Paise per meal.

2. The suggestion has been carefully examined. It is estimated that in a village having a population of 1,000 people, there will be about 120 children in standards I to V. According to the present scheme, one-third of these children, i.e., 40 pupils will have to be fed. Each child requires at least 5 lb. of rice per month of 20 days' feeding. The children will be fed for 200 days in a year under the midday meal programme. The total requirements of rice per annum will therefore be 2,000 lb. for 40 children. As the Panchayats will be able to secure only 40 per cent of the gross yield from the land, 5 acres of irrigated wet lands with a gross yield of 1,000 lb. per acre will be required to meet the requirements of rice for feeding 40 children for 200 days in the year. On the above basis the Government approve the following scheme for donation of lands for the school midday meal scheme in elementary schools:—

(1) A programme for donation of this minimum target of 2½ acres of wet or other land capable of yielding an equivalent quantity for every 500 of population in the Panchayat should be undertaken through the Panchayats with the close co-operation of the Revenue and Education Department staff. The programme will not apply to Town Panchayats.

(2) Donations of lands should be actively canvassed by the Panchayat Presidents who are also Presidents of the Midday Meal Committees by an appeal to the local landlords. The lands donated should preferably be in compact blocks of 2 to 3 acres so that they form economic and viable units.

(3) The donation of lands should be accepted in the form of gift deeds made over to the panchayats as a corporate body. In each case the title to land should be verified by the Revenue officials before the gift deed is accepted. Stamp duty on such gift deeds will be remitted by Government by the issue of an appropriate notification under Section 9 of the Stamp Act. The panchayats will meet the expenditure on registration from their funds.

(4) The arrangements for the cultivation of the lands are left to the panchayats concerned. They are however empowered to give the lands on lease for terms of 3 years. The form of the lease deeds should be finalised by the panchayats in consultation with the Revenue officials.

(5) The produce or income from the land should be shown separately in the accounts of the panchayats and released to the Midday Meal Committees of which the Panchayat Presidents are the Chairman. The distribution may be in proportion to the children on roll in the different schools in the Panchayat area.

3. The Government desire that atleast 5 panchayats per block should be covered by the scheme by November 14, 1964 "Children's Day" and that appropriate functions should be arranged on that day for giving sufficient publicity to the scheme. In each Panchayat Union an expenditure not exceeding Rs. 100 may be incurred on the celebration and this expenditure can be met from the funds of the Panchayat Union.

4. The responsibility for the successful implementation of the scheme will vest in the District Collectors. The Collectors are accordingly requested to secure the co-operation of the Revenue officials, Panchayat Union Commissioners, the Panchayats and the Education Department staff in implementing the scheme and for running the Midday Meal Scheme on a permanent basis in every village panchayat.

From the Board of Revenue BP Rt. 6667/B dated 2-11-64.

ORDER: ***

The Collector of the Nilgiris has reported that all the lands in the Nilgiris District are highly valuable as only commercial crops are grown and that assuch there is no possibility of getting any donation of land from the public as contemplated in the Government Order cited. He has, therefore , suggested that as an alternative to donation, the Panchayats may be permitted to make use ofsuitable poramboke lands (either the landsvested in them or other porambokes) to anextent of 5 acres each by way of planting tea as asource of income for meeting the expenditure on the midday meals scheme in elementary schools. He has also suggested that the lands may becultivation by the Village Volunteers Force, the Panchayats concernced incurring expenditure only on the purchase of seeds and manure.

2. The Government have examined the suggestion of the Collector in consultation with the Board of Revenue. The Board is ofthe view that direct cultivation by the Panchayats using the Village Volunteer Force is not feasible and that the lands may be leased out for fairly long periods depending on the nature of the tea crops

3. The Government agree with the Board of Revenue and approve the proposal of the Collector of the Nilgiris that the Panchaydts in the Niligiris District may be permitted to make use of suitable poramboke lands (either the lands vested in them or other porambokes) to an extent of five acres each for planting tea as a source of income to the Panchayat for meeting the expenditure on the midday meal scheme in elementary schools in the Panchayat area subject to the following conditiions:-

(i) The lands selected for raising tea crops should be given on lease for fairly long periods considering the nature of the tea crop.

(ii) It should be specifically stipulated in each case of allotment of the lands for raising tea crop that the net income to the Panchayat from the land should be utilised for running the midday meal scheme in elementary schools and that it should not be diverted for any other purpose.

4.The sanction of the competent authority, depending on the natre of the poramboke lands, should be obtained before

HARIJAN WELFARE - Education - Ramanathapuram District - Supply of Midday meals to Harijan Students in Non- Harijan Welfare Schools - Proposals - Orders passed.

16300

HOME DEPARTMENT

G.O. Ms.No.431. Dated the 6th February 1965.

READ:. -

From the Collector of Ramanathapuram T.5/3605/64, dated 29.1.1964.

From the Director of Harijan Welfare, Madras letter D.1, 9268/64, dated 29.8.1964.

*****

ORDER:-

The Director of Public Instruction has stated that at present the Harijan pupils studying in Non- Harijan Welfare Schools in Ramanathapuram District are supplied with free meals costing 15 Paise each under the Harijan Welfare Meals Scheme while the Non - Harijan Pupils reading in the same School are being supplied, under Education Department Scheme, with free meals costing 10 paise each where the Midday Meals programme of the Education Department is inforce and that there need not be any difference between the Harijan pupils and the non- Harijan pupils reading in the same School thereby creating a strained feeling between the two. The Harijan pupils will have to sit separately and take the meal costing 15 paise per head while the non- Harijan pupils will be supplied separately with the meal costing 10 paise per head. The Director of Public Instruction is therefore, of the opinion that, due to the difference in the rate of meals, there will be disparity among the Harijans and the non- Harijans in the school which is the only proper place where the pupils are taught to mingle together without any difference. He has, therefore, suggested that the system of supplying the same type of midday meals to all the children by the Education Department irrespective of caste and community may be allowed to continue.

2. The Director of Harijan Welfare , Madras has stated that , till a decision is taken regarding the transfer of Harijan Welfare Schools to Panchayat Unions, the existing rate of 15 paise per meal may be allowed to continue in respect of the supply of midday meals to Harijan Welfare -Schools where there is no midday meals programme of the Education Department. He has also stated that the arrangement for the supply of Midday meals to the Harijan students studying in the Non- Harijan Welfare Schools in Ramanathapuram District and where the Midday Meals Programme of the Education Department is in force may be discontinued to avoid such disparities in future and that the Education Department may be requested to supply midday meals for all the students of the schools.

(X) Students studying in Non Harijan

3. The Government have examined the proposals, and direct that :- (continued)

(i) The present arrangement for supplying midday meals by Harijan Welfare Department to Harijan Children in Non - Harijan Welfare Schools where the midday meals Scheme of the Education Department is in force in Ramanathapuram District shall be discontinued and the Madras School Meals programme shall be revived by the Education Department for supplying midday meals to all Children irrespective of caste and community; and

(ii) the arrangement for the supply of midday meals at 15 paise per meal per pupils by the Harijan Welfare Department to Harijan Children in Non-Harijan Welfare Schools where the midday meals Scheme of the Education Department is <u>not</u> in force may be continued.

4. This order issues with the concurrence of the Finance Department vide its U.O.Note No. 6815/EA/65-1, dated 20.1.1965.

One bag of [illegible]orn meal [illegible]lbs.) was measured and was found to contain a[illegible]out 7C litre[illegible]orn meal. One litre of corn meal will be [illegible]dequate for C p[illegible]ils per day. Hence a centre feeding 20 pupils requires 20 litres for a month of 20 feeding days. A ce[illegible]re feeding 30 pupils will require 30 litres for a month of [illegible] feeding days and so on. Where the number of feeding days i[illegible] a month is less the quantity to be issued should be propertion-[illegible]ely reduced. The Secretaries should be instructed to make entries in the Stock and issue register in terms of litres. But when striking the balance at the end of the month the quantity issued and the balance on hand should be converted into pounds and entered in terms of pounds only. While preparing Form VII also this fact should be borne in mind. On no account should the particulars be furnished in terms of litres in Forum VII.

The Secretaries of the Centres should be instructed to return the empty cloth bags issued to them when they go to the Deputy Inspector's Office for taking delivery of the CARE ~~pxx~~ commodities for the subsequent month. All these bags whether they are in good condition or are torn should be preserved in the Office of the Deputy Inspector of Schools till they are collected by the District Educational Officer. A record indicating the number issued to the Centres and the number collected back should be maintained monthwise. Any loss should be satisfactorily explained. If any loss due to negligence on the part of Secretaries occurs the question of ~~the~~ covering the cost of the bag from them will ha e to be considered. The form in which the record should be maintained is indicated below. It is only suggestive and there is no objection to its being improved upon.

Sub: CARE Programme - Consumption of CARE commodities in the Midday Meal Centres in excess of the norms prescribed - Instructions issued.

.....

In some of the midday meal centres in the State it is seen that CARE commodities have been utilised in excess of the norm prescribed by the Department and in excess of 200 days a year.

B.W. 100 Gm. per meal per day for half the number of feeding days.
C.S.M. 30 gm. per meal per day for all feeding days.
Saladoil: 8 gm. per meal per day for all feeding days.

2. The Accountant-General, Madras has been repeatedly pointing out his mistake and in as much as the excess consumption has utilised by the midday meal centres, there was no other go than to obtain necessary ratification from Government. This practice is not desirable.

3. It is not known how report in Form VIII - viz. consolidated school report (Of.Form VII) (for Deputy-Inspector of Schools) is being consolidated without actually checking the individual

school reports in Form VII by the Deputy Inspector. Had the Deputy Inspector checked in school reports in accordance with the above scale of ation he could have found out the excess utilisation and avoided the same during the subsequent month by issue of suitable instructions to midday meal centres.

4. Hence the District Educational Officers are requested to instruct the Deputy Inspectors under their control with regard to the above factors and see that no such excess utilisation of CARE commodities, either in ration or in the number of feeding days occur in future.

5. The receipt of these proceedings may be acknowledged.

***

During the recent cyclone at Dhanushkodi in the Ramanathapuram District, a small quantity of milkpowder supplied by the Cooperative for American Relief Everywhere (CARE) for use in the midday meal scheme in elementary schools was diverted for relief purposes without the prior permission of the CARE authorities. Under the terms agreed to between CARE and the Government the commodities should not be used for purposes other than the School Meal Scheme and the CARE Organisation refuses to accept the diversions made without its prior approval.

2. The Government therefore direct that CARE food should not be diverted from the School Lunch Programme and used for relief during famine, drought, flood and other disasters without the prior approval of the CARE Organisation. If any CARE commodity is required for relief during a disaster or emergency, the Administrator CARE Programme, Madras should be contacted under intimation to the Director of Public Instruction for obtaining the approval of CARE and the U.S.Government. After this approval is obtained CARE will inform the Government and the Director of Public Instruction and arrange to have the food released without delay.

3. The Collectors of the Districts and the Heads of Departments are requested to bring these instructions to the notice of all the officers under their control.

ORDER:

The Midday Meals Scheme in elementary schools in this State, which was introduced in 1957, is now functioning in almost all the elementary schools ~~in this State.~~ Under the CARE Programme a system of efficient and timely movement of CARE commodities has been established. The programme can now move to the second stage namely a further refinement of existing procedures and improvement ~~of food refinement of existing procedures and improvement~~ of food handling and utilisation methods in the school meals ~~the~~ centres. This stage will cover such aspects as organising a feeding programme food preparation, food utilisation, basic ~~/~~ sanitation nutrition etc. On the suggestion of the Administrator CARE Programme, Madras, ~~the~~ Government have examined, in consultation with the Director Foreign Volunteer Programmes in India, the Associate Director, American Peace Corps in India and the Director of Secondary Education, the question of utilising the services of the American Peace Corps Volunteers for the Second stage of the Programme and accordingly approve a scheme as outlined in paragraph 2 below for the utilisation of 30 Peace Corps Volunteers for giving training in Health and Nutrition to teacher trainees in 42 Basic Training Schools in this State.

2. For the purpose of this scheme, the State has been divided into three regions for men and three regions for women and 42 Basic Training Schools (21 men and 21 women) will be covered by the Peace Corps Volunteers during their stay in Madras State. The details of the three Regions and the 42 training schools selected under the scheme are indicated in Annexure I to this order. The Thirty volunteers (15 men and 15 women) will be arriving at Madras on the 9th June, 1966. After the initial orientation course in Madras as detailed in Annexure II to this order, they will start the training Programme in the selected Basic Training Schools from July 1966. The first training school in each Region, to which the volunteers will move after the orientation course in Madras, will be the semi-permanent home of the volunteers during their stay in this State. After completing two months stay in that school, the volunteers will move to the next Basic Training School in the Region and spend two months there. At the end of two months they will come back to the first Basic Training School and spend a fortnight time. Then they will move to the third school and after completing two months stay there come back to the first Basic Training School and so on.

3 According to a circular sent by the Planning Commission the State Government receiving Volunteers under the Peace Corps Programme will have to provide simple housing, hard furnishings and a bicycle to each volunteer. As, under the scheme approved above,

p.t.o.

The volunteers will be having their boarding and lodging in the training schools themselves no separate housing or hard furnishings need be provided. Separate orders will be issued in regard to the improvements to be carried out in a few Basic Schools such as provision of flush out latrines, Bathrooms, electricity etc.

4. The Government sanction an expenditure not exceeding Rs.6000/- (Rupees six thousand only) for the purchase of 28 bicycles for the use of the Peace Corps Volunteers. The purchase ofthe bicycles should be made through the Director of Industries and Commerce and the expenditure met from the office contingencies of the Director of Secondary Education.

5. The Government also permit the Director of Secondary Education to incur an expenditure not exceeding Rs.150/- (Rupees one hundred & fifty only) from the office contingencies for giving "Tea" to the participants of the official Reception to be given to the volunteers on 9th June 1966.

6. The Government also permit the Heads of Basic Training Schools to participate in the Orientation training to be held at Madras from 14th June 1966 to 23rd June 1966(both days inclusive). The Heads of the Government Institutions concerned will drawthe Travelling Allowance and Daily Allowance as per Madras Travelling Allowance Rules for their journey to and fro and for their stay during the above period. The Heads of non-Government institutions will be allowed to draw Travelling Allowance and Daily Allowance calculated under Madras Travelling Allowance Rules for the journey performed by Government servants of equal grade. The District Educational Officer or the Inspectress of Girls Schools, as the case may be, is empowered to countersign the Travelling Allowance Bills of the Heads of non Government institutions also. Sanction is accorded to the Director of Secondary Education to incur an expenditure not exceeding Rs.5000/- (Rupees five thousand only) during the current year, for meeting the expenditure on Travelling Allowance and Daily Allowance for the journeys to be performed by the Heads of Basic Training Schools (both Government and Non-Government) and for their stay at Madras. The expenditure should be met from the office contingencies of the Director of Secondary Education. The period spent by the Heads of Institutions in connection with the orientation training will be treated as on duty.

7. The Director of Secondary Education is requested to make necessary arrangements for the tours, lectures etc. in accordance with the programme approved in Annexure II to this order.

8. This order issues with the concurrence of the Finance Department vide its U.O.No. 67652/PI/66-1 dated 27th May 1966.

Read:

From the Director of Secondary Education Letters Rc.No. 180267 SM6/66 dated 2-11-66 and 23-11-66.

ORDER.

TheDistrict Educational Officers have been supplied with jeeps mainly for the proposes of distributing CARE commodities from the District Headquarters to the Range offices of the Deputy Inspectors of schools and of carrying out periodical inspection of midday meal centres. The Director ofSecondary Education has brought to the notice of the Government that the jeeps arefrequently requisitioned by other departments for some drive or other. Recently they have been requestioned by the Collectors in connection with the Small Savings Scheme Drive and intensive procurement work. The frequent requisitioning of jeeps not only interferes with the normal functioning of the CARE Programme but also entails in additional expenditure to the Education Department by way of transport charges to private lorries for transporting CARE commodities. The CARE articles are also likely to be get damaged or contaminated, if they are transported in private e lorries.

P.T.O.

2. The Government after a careful consideration of the question direct that the jeeps supplied to the District Educational Officers should not be requisitioned by other departments for any work as the vehicles are indispensable for the day to day implementati of the midday meals scheme.

Ref:-G.O.Ms.No. 2140 Education dated 20-12-66
Government Memo.No. 11963 E Spl/67-1 Education dated 7-2-67.
From the Director of Secondary Education Letter No.R.80968/SM6/67 dated 12-5-67.

In G.O.Ms.No.2140 Education dated 20-12-66 the Government ordered that the jeeps supplied to the District Educational Officers should not be requisitioned by other Departments for any work as the vehicles are indispensable for the day to day implementation of the midday meals scheme. In the memorandum second citdd the Government have instructed the Director of Secondary Education not to surrender the jeeps supplied to District Educational Officers to other Departments without the prior sanction of Government in the Education Department.

2. However it is seen that even after the issue of instructions the Collectors of the Districts are requisitioning the jeeps for some purpose or other.

3. The Collectors are therefore requested to adhere to the orders issued in the Government Order first cited and not to requisition the jeeps supplied to the District Educational Officers for any work as the vehicles are indispensable for the day to day implementation of the midday meals scheme.

Read:

From the Administrator, CARE Madras Letter dated 12-9-66
From the Director of Secondary Education Letter No.214653 B3/66 dated 26-1-67.
From the Administrator, CARE Madras letter dated 22-2-67.

ORDER.

The scheme for the supply of schoolmeals to poor pupils in elementary schools approved in G.O.Ms.No.1850 Education dated 8-11-57 is in force in almost all the elementary schools in this State. Under this scheme, the food is prepared every day in the school premises themselves, under the supervision of the teachers. The Administrator CARE Programme has come forward with a scheme for the construction of a centralised kitchen, one for each Panchayat Union. The midday meals cooked in the Central kitchen will be distributed in closed vans to all schools within a radius of 15 miles from the central kitchen. The advantages of the scheme are that it will help in providing hygienically prepared meals of uniform quality to the children in each block, that the waste of teaching hours of teachers now spent in supervising the cooking of meals will be avoided and that the theft and misuse of milk powder and other commodities will be minimised. The scheme also envisages the development of an agricultural farm of 15 acres in extent in each block attached to the central kitchen. It will be useful if the central kitchen and the farm are situated in a central place within the Panchayat Union but when lands in a compact area near the kitchen are not available, the farm may be in a different place. Half the area of the farm will be set apart for the production of rice and the other half will be utilised for raising vegetables and fruits . The produce from the farm when fully developed is expected to meet the needs of the midday meals scheme in elementary schools in each Panchayat Union and make it self supporting. The land for the farm will either have to be purchased or leased.

2. At the instance of the Govrnment the CARE Administrator has prepared a pilot project for centralised kitchen for introduction in the Poonamallee Panchayat Union as an experimental measure. There are at present 55 school meals centres in the Poonamallee Panchayat Union for 56 schools in which about @ 3000 children are fed. The central kitchen proposed will cover 46 of these centres while the remaining nine centres at the periphery of the Panchayat Union will be served by the individual kitchens already constructed The non-recurring and recurring expenditure of the pilot scheme are indicated in the Annexure to this order. The CARE will meet the entire recurring and non-recurring expenditure on the pilot project for the first three months, except on the following, from the unspent balance in the CARE costs placed by this Government at the disposal of the CARE Administration for implementing the CARE Midday Meal Scheme.

(1) The acquisition of land for kitchen , latrine and farm.

P.T.O.

(2) The Labour costs involved in all phases of the pilot study including erection costs.

(3) Insurance cost on project vehicles.

(4) Any legal claim which is made against parties involved in the project.

3. The Government after a careful examination of the scheme in consultation with the Director of Secondary Education, sanction the implementation of the Central kitchen Pilot Project for the midday meal scheme in the elementary schools in Poonamalli Panchayat Union area from the school year 1967-68.

4. The Director of Secondary Education is permitted to select the site for the central kitchen immediately in consultati with the CARE Administrator and proceed with the construction of the kitchen so that the midday meals prepared in the central kitc may be distributed to the schools immediately after the commenceme of the school year 1967-68. The land required for the farm will be selected in consultation with the Collector of Chingleput. The Director of Secondary Education is also permitted to employ the staff required for the project as indicated in the Annexure.

5. The recurring and non-recurring expenditure for the first three months except on the four items mentioned in paragraph 2 above will be met by the CARE Organisation from the unspent balance in the CARE costs placed at its disposal by this Governmer for implementing the CARE Midday Meal Scheme. The expenditure to be met by the Government will be debited to "28 Education .F.Gener w.Miscellaneous-A.General 17 Supply of School Meals to Elementary School pupils."

6. The School Meals Scheme now in force in the State is being implemented with the following contributions.

Government	6 P
Panchayat	2 P
Public Contribution	2 P(wither in cash or kin

The Director of Secondary Eduaation is informed that as the entire expenditure on the supply of meals will be met from the pilot project funds in respect of the schools meal centres coveredby the project, no Government grant need be paid to those centres from the date on which the project is implemented. The Public and Panchayat contributions received by the midday meals centres shall be credited to State funds from the date. The Director of Secondary Education is requested to instruct the school meals committees concerned to collect the public contributions only in cash as far as possible.

ABSTRACT

EDUCATION - Elementary - Midday Meal Scheme - Central Kitchen at Sekkadu Village, Avadi Township - Release of Government contribution - Orders - Issued.

EDUCATION DEPARTMENT

G.O. Ms.No. 1452 Education Dated: 22nd August, 1967.

Read:

1. G.O. Ms.No. 929 Education dated 14-6-1967.
2. From the Administrator, CARE, Madras letters dated 19-7-1967 and 25-7-1967.

...

ORDER:

In their order cited, the Government have sanctioned the implementation of the Central Kitchen Project in Poonamallee Block area under the School Meal Scheme. According to the understanding reached with the CARE organisation, the CARE will meet the entire recurring and non-recurring expenditure on the project in Poonamallee Block for the first three months except on the items mentioned in para 2 of the G.O. cited, from the unspent balance with the CARE and placed at its disposal by this Government for implementing the CARE Midday Meal Scheme. The Director of Secondary Education has also been informed that as the entire expenditure on the supply of meals will be met from the Pilot Project funds in respect of Schools Meal Centres covered by the project, no Government grant need be paid to those centres from the date on which the project is implemented.

2. The CARE Administrator has now expressed the inability of the CARE to meet the expenditure on the purchase of rice, vegetables and condiments etc., for running the central kitchen for the first three months after the inauguration of the Project. The Government have on reconsideration of the question decided that the Government contribution of 6 paise per meal per pupil be made available to CARE for the first three months for running the centralised kitchen. The Government accordingly direct that the Government contribution at 6 paise per meal per pupil in respect of the schools meal centres covered by the Central Kitchen at Sekkadu Village, Poonamallee Panchayat Union area be made available to the CARE for providing the meals through the central kitchen for the first three months from the date of implementation of the Scheme. The public and Panchayat contributions received and to be collected by the midday meal centres covered by the central kitchen should however be credited to State Funds as already ordered in the G.O. cited.

3. The expenditure on the payment of Government contribution mentioned in para 2 above should be debited to "28. Education - F. General - w. Miscellaneous - A. General - 17. Supply of School Meals to Elementary School Pupils".

EDUCATION DEPARTMENT

G.O. Ms.No. 1964 Education   Dated: 13th December, 1967.
Read:

1. G.O.Ms.No. 929 Education dated 14-6-1967.
2. Memorandum No.92877/E.Spl./66-18 Education dated 20-7-1967.
3. G.O.Ms.No.1452 Education dated 22-8-1967.
4. From the Director of School Education, letter Rc.No.206601 B3/67 -1 dated 8-11-1967.

...

ORDER:

Government in their order cited, sanctioned the implementation of Central Kitchen Pilot Project for Midday Meal Scheme in elementary schools in Poonamallee Panchayat Union from the school year 1967-68. In paragraph 5 of the G.O. it was ordered that the expenditure on the project except on certain items for the first three months will be met by the CARE Organisation from the unspent balance [in the administrative charges paid to it by this Government. The project] was inaugurated on 15-8-1967 and the three months' period during, which CARE had to meet the cost has expired on 15th November, 1967.

2. The Government direct that the Central Kitchen and Farm, Sekkadu be run by the Education Department with effect from 15th November 1967 as part of the midday meal scheme. The entire expenditure on the running of the farm and the kitchen as indicated in the Annexure will from that date be debited to the head "28. Education - F. General - w. Miscellaneous - A. General - 17. Supply of Midday Meals to Elementary School Pupils". However as the farm is in the process of development it will continue to be run under the supervision of the Administrator CARE, Madras till it is fully developed.

3. In G.O.Ms.No. 929 Education dated 14-6-1967, the Government sanctioned the post of a Supervisor in the scale of Rs.125-5-175 to be incharge of the farm and the kitchen. In Memorandum No. 92877/E.Spl./66-18 Education dated 20-7-1967, the post of an upper subordinate (Agricultural Demonstrator Grade I) was sanctioned in the scale of Rs.200-10-250-15-400 in lieu of the post of Supervisor sanctioned originally. The Director of School Education has now stated that whenever the post is vacant for want of a suitable upper subordinate, it is found very difficult to run the farm and the kitchen. In view of the difficulty experienced, the Government permit the Director of School Education to post a suitable person in the scale of pay of Rs.125-5-175 plus usual allowances to be Officer-in-charge of the farm and kitchen, whenever the post is vacant for want of an Agricultural Demonstrator.

... 2

4. The Officer-in-charge of the Central kitchen and farm (Agricultural Demonstrator or the substitute) will incur the recurring expenditure on the farm and kitchen with effect from 15-11-1967 subject to the limits prescribed in the Annexure. The amount required for running the ~~farmxwillxbe~~ Central Kitchen and Farm will be placed at the disposal of the Officer-in-charge of the Central Kitchen and farm every month by the District Educational Officer, Chingleput North at Saidapet in whose jurisdiction the Central Kitchen and Farm, Sekkadu lies. The District Educational Officer will draw a sum of Rs.5,600/- or such amount per month that may be required actually, whichever is less, from the Treasury, Saidapet in advance and place it at the disposal of the Officer-in-charge of the Central Kitchen and Farm, Sekkadu under proper acquittance. The advance for the second and subsequent months will be drawn by the District Educational Officer from the Treasury after adjusting the previous months advance by presenting regular bills to the Treasury. The Officer-in-charge of the Central Kitchen and Farm will deposit the sum received into Post Office Savings Bank Account to be opened at Avadi. He wil maintain proper accounts; Cash Book and other Registers prescribed by the Director of School Education from time to time. The District Educational Officer should scrutinise the the central kitchen accounts, Registers and vouchers in the first week of every month and send a report to the Director of School Education furnishing information on the following points:-

1. Number of Schools served as on the 1st working day of the month.
2. Number of days fed in the month.
3. Total number of children fed as on the 1st working day of the month.
4. Amount available on the first working day of the month(Savings Bank Account and cash on hand)
5. Amount received during the month from the District Educational Officer with date.
6. Amount deposited in the Savings Bank Account with date.
7. Balance available on the last working day of the month(Savings Bank account and cash on hand).
8. Amount spent during the month.

5. The Director of School Education will draw and disburse the pay and allowances of the staff employed at the Central Kitchen and Farm, Sekkadu and debit the expenditure to the head "28. Education - F. General - w. Miscellaneous - A. General - 17. Supply of School Meals to the Elementary School Pupils".

6. This order issues with the concurrence of the Finance Department - Vide its U.O.No. 118150/FIX/67-1 dated 12-12-1967.

From the Director of School Education letter Rc. No. 7431/SM5/69 dated 23-7-69.

ORDER:-

The scheme for the supply of school meals to poor pupils in elementary schools approved in G.O.Ms.No. 1850 Education dated 8-11-57, is in force in almost all the Elementary Schools in this State. Under this scheme, the food is prepared every day in the school premises themselves under the supervision of teachers. The Government started a Central Kitchen as a Pilot Project for the Midday Meal Scheme in the Elementary Schools in Poonamallee Panchayat Union area during 1967-68. The Central Kitchen opened with the assistance of CARE as a Pilot Project, was found to be a success in many respects.

2. The CARE has, therefore, now come forward to open 30 Central Kitchens in Chingleput, North Arcot and South Arcot Districts as detailed below:-

Chingleput District	-	26 kitchens
North Arcot District	-	3 kitchens
South Arcot District	-	1 kitchen.

CARE has proposed to meet the major portion of the non-recurring expenditure at the rate of Rs. 2 lakhs per each Central Kitchen as detailed in Annexure I.

3. The Government, after careful examination of the scheme in consultation with the Director of School Education sanction the implementation of the 30 Central Kitchen Project for the Midday Meal Scheme in the Elementary Schools in the 30 Panchayat Union areas mentioned in annexure II from the year 1969-70.

4. The Government also sanction the employment of the following staff on the scales of pay noted against each with D.A. and H.R.A. admissible from time to time for the 30 Central Kitchens with effect from the date of appointment.

p.t.o.

Post	Scale of pay
a) 30 Supervisors	Rs. 125-5-175

ORDER:

In G.O. Ms. No. 929 Education dated 14-6-1967 the Government sanctioned during 1967-68 the implementation of a Central Kitchen in Poonamallee Panchayat Union area as a Pilot Project with the assistance of CARE. Impressed by the successful working of the Pilot Project, CARE, came forward to open 30 Central Kitchens during 1969-70 in Chingleput, North Arcot and South Arcot Districts as detailed below:-

Chingleput District	...	26 Kitchens
North Arcot District	...	3 Kitchens
South Arcot District	...	1 Kitchen.

The Government approved the proposals in G.O. Ms.No.1815, Education dated 26-11-1969.

2. The Director of School Education has submitted detailed proposals for the construction of 30 Central Kitchens (Phase II) during 1970-71 over and above the 30 Kitchens sanctioned during 1969-70 as against 66 Kitchens proposed by CARE during the 10th year programme of the scheme commensing from 1-10-1970. CARE has proposed to meet the major portion of the non-recurring expenditure at the rate of Rs. 2 lakhs per each Central Kitchen as detailed in the Annexure.

3. The Government, after careful examination of the scheme, sanction the implementation of the 30 Central Kitchen Project (Phase II) for the Midday Meal Scheme in the Elementary Schools during 1970-71.

P.T.O.

in the 30 Panchayat Union areas in North Arcot and South Arcot Districts, to be decided by the Director of School Education in consultation with CARE. The Director of School Education is requested to report the places selected for the establishment of 30 Central Kitchens in due course.

4. The Government also sanction the employment of the following staff on the scales of pay noted against each with Dearness Allowance and House Rent Allowance admissible from time to time for the 30 Central Kitchens with effect from the date of appointment.

2. The Director of School Education has stated that the general principle is that all the expenditure relating to Midday Meal Scheme and Central Kitchen including plan expenditure has to be debited under non-plan head of account and the notional expenditure relating to the plan portion of expenditure for the above scheme transferred to the plan head of account at the end of the year. Accordingly they are reflecting in the Budget by showing 'Deduct' and 'Add' entries

in the relevant non-plan and plan head of account respectively. Hence it is appropriate that the expenditure relating to Midday Meal Scheme and Central Kitchen including plan expenditure is debited under the non-plan head of account viz. "28. Education - F. General - X. Miscellaneous - A. General - 12. Supply of Midday Meals to Elementary School pupils" and the expenditure relating to plan head of account is to be notionally calculated at the end of the year and transferred to the plan head of account "28. EDUCATION DEPARTMENT

G.O.Rt.No.339

Dated; 12--2--73.

Read:

From the Director of School Education Letter Rc.No.175238 Sm3/72 dated 18.11.72.

...

ORDER:

The Director of Transport (MVMO) has supplied tyres to the Central Kitchen, Vembakkam at a cost of Rs.1125.60. The Deputy Inspector of School, Vembakkam, has paid the amount to Transport Department by cash payment meeting the expenditure from the permanent advance held under him. While submitting the consolidated contingent bill for recouping the advance at the Sub-Treasury Officer, Cheyyar, the above amount of Rs.1125.60 was held under objection as the said amount should have been paid by book adjustment and not by cash payment to Transport Department. The Sub Treasury Officer, has also stated that relevent rules require relaxation in this case.

2. As the permanent advance runs short of by 1125.60 due to non-drawal of the said amount, the Director of School Education has requested that the above procedural irregularity may be condoned as a special case and that necessary relaxation of Art.115 of the M.F.C. Vol.I may be issued so as to enable the Deputy Inspector of School, Vembakkam to recoup the permanent advance.

3. The Government accordingly permit the Deputy Inspector of School, Vembakkam as a special case, i.e. relaxation of Art.115 of the M.F.C. Vol.I for making the payment of Rs.1125.60 (Rupees One thousand one hundred and twenty five and paise sixty only) in cash instead of by book adjustment to the Director of ~~xxx~~ Transport (MVMO) for the supply of tyres to the central kitchen vembakkam.

4. The Government also condone the action of the Deputy Inspector of School, Vembakkam in having effected payment to the Director of Transport in cash instead of by book adjustment for the supply of tyres to the central kitchen, vembakkam.

5. The Sub-Treasury Officer, Cheyyar is requested to recoup the permanent advance which to the extent of Rs.1125.60/-.

6. The subvoucher for Rs.1125.60 and the objection note of the sub-Treasury Officer, Cheyyar are returned herewith in original. The Director of School Education is requested to acknowledge their receipt.

D.O.No.21762/L2/73 Dated 17th April 1973.

Dear Thiru Aravamudan

Sub:- Cement - allocation of Cement to CARE Tamil Nadu for construction of Central Kitchen - Maintenance shop at Vikravandi.

Ref:- Government letter No.21076/MIB II/73-1 dated 3.4.1973.

Further to this Government letter cited I am to say that the CARE India has agreed to construct a Central Vehicle maintenance workshop at Vikravandi to undertake maintenance and repairs of the vehicles involved in the movement of CARE commodities, which form part of the State Government's Scheme for the supply of midday meals to the poor school going children. The entire cost of construction of this workshop is borne by the CARE Tamil Nadu and will ultimately be handed over to the Government of Tamil Nadu as the property of the State Education Department. The construction work has been entrusted to a private contractor M/s Wilson and Company Private Limited, Madras by the CARE. The Regional Administrator CARE and the Director of School Education, Madras have expressed great difficulty in procuring cement for the construction of the workshop at Vikravandi. It has been reported that the Administrator CARE has made a special plea to the Regional Cement Controller for the release of 150 tons of cement for the workshop. It is also reported that the contractor M/s Wilson and Company (Private) Limited, Madras could procure only 60 tons of Cement from M/s Dalmia Cements against a Release Order for 300 tons.

2. As this should be deemed to be a Government work for all purposes I am to request you to kindly arrange to issue release order for the supply of 150 tons of cement either by way of revoking the original Release order with M/s Dalmia Cements, or by means of fresh allotment giving top priority on par with Government work as the buildings to be constructed will finally become the property of the State Government.

Yours sincerely,

Midday Meals Scheme - Establishment of 30 more Central Kitchens Phase IV - Orders issued.

EDUCATION DEPARTMENT

G.O.Ms.No. 1693 Dated 1st October 1973.

Read:

G.O.Ms.No.929 Education dated 14.6.1967.
G.O.Ms.No.1815 Education dated 26.11.1969.
G.O.Ms.No.1700 Education dated 8.10.1970.
G.O.Ms.No.1795 Education dated 19.10.1971.
From the Director of School Education, letters No.Roc. 192258/SM5/71 dated 30.9.1971, 3.11.1972 and 3.5.1973.

ORDER:

Under the fourth phase of construction of Central Kitchens agreed to be implemented in 1972-73, the Government sanction the construction of 30 Central Kitchens (over and above the Central Kitchens constructed already). The total capital cost of the 30 Central Kitchens will be Rs.60 lakhs (at Rs.2 lakhs each) of which the State Government will meet 10% namely Rs.6 lakhs and ~~also~~ the balance of 54 lakhs will be met by CARE. This Government will also meet the administrative expenses incurred by CARE. The kitchens will be constructed in Thanjavur District at the places to be selected by the Director of School Education in consultation with CARE.

2. The Government also sanction the employment of the following staff on the scales of pay noted against each and with Dearness and other allowances admissible from ~~the~~ time to time for the above 30 Central Kitchens:-

Post	Scale of Pay
(a) 30 Supervisors	Rs.250-10-300-15-450.
(b) 80 Driver-cum-Mechanic-cum-Helpers	Rs.160-5-240.
(c) 30 Cooks	Rs.130-3-160-4-180-5-195
(d) 30 Helper-cum-watchman	Rs.130-3-160-4-180-5-195
(e) 90 Servants	(Casual labourers on daily wages fixed by the Collector).

3. The Government authorise the Director of School Education to incur an expenditure of Rs.30,000/- (Rupees thirty thousand) only for bringing power lines to the Central Kitchens (in consultation with the CARE Administrator and Chief Engineer (Electricity)) and for the provision of furniture for all the 30 Central Kitchens.

p.t.o.

4. The Collector of Thanjavur is requested to take necessary steps to regular supply of rice required for the Central Kitchens in his District. He is also requested to transfer the selected lands to the Education Department and authorise CARE to enter upon the lands, pending formalities of transfer in the Panchayat Union areas. The Director of School Education will instruct the Panchayat Union Commissioners concerned to lay the approach roads to the Kitchens, meeting the expenditure from the General funds of the concerned unions.

5. The District Educational Officers, who have jurisdiction over the Central Kitchens, are permitted to draw from the Sub-Treasury or Treasury a sum of Rs.6,000/- (Rupees six thousand only) for running each Central kitchen as first advance, to meet the cost of rice, provisions, petrol etc. and to place the amount at the disposal of the Supervisor of the Central Kitchens under proper acquittance. The District Educational Officers will also draw the second and subsequent advances by presenting bills for the amounts spent and by following the prescribed procedure. The Deputy Inspector of Schools having jurisdiction over the Central Kitchens will draw and disburse the salary and allowances for the staff employed in the Central Kitchens.

6. The expenditure to be met by this Government will be debited to "28.Education - Y.Development Schemes - Schemes in the Fourth Five Year Plan - I.State Schemes - V.Miscellaneous - E.Add-Amount transferred from"28.F.W.H." - 2.Establishment of Central Kitchens".

7. The Director of School Education is requested to take this expenditure into account while sending F.M.A.proposals for 1973-74.

8. The School Meal Scheme now in force in the State is being implemented with the following contributions:-

Government	6 Paise
Panchayt	2 Paise
Public Contribution	2 Paise.

As the expenditure in the supply of meals to schools in the areas covered by the Central Kitchens will be met from the funds for the Central Kitchen scheme, no Government grant need be paid to the school meal centres in such areas from the date on which the kitchens begin functioning. The School Meal Committee now functioning will, however, continue to function even after the establishment of Central Kitchens, to look after the duties like selection of children to feed serving of meals, provision of water for drinking, washing of plates and tumblers, collection of public contributions etc. The public and Panchayat contributions received by the Midday Meals Centres shall be credited to State Funds from the date, the Central Kitchen begins to function. The Director is requested to instruct the School Meals Committee concerned to collect the public contribution only in cash as far as possible.

ABSTRACT

Education - CARE Programme - Central Kitchen, Sekkadu - Repairs to vehicles - Payment of repair charges - Sanctioned.

EDUCATION DEPARTMENT

G.O.Rt.No.2288 Dated 15th October 1973.

Read:

From the Director of School Education, letter Rc. No.210543/SM3/72 dated 16.6.1973.

ORDER:

During 1967-68 certain repairs were carried out in the vehicles of the Central Kitchen, Sekkadu by Messrs.KHIVRAJ AUTOMOBILES, Madras-6 which was then under the administrative control of the District Educational Officer, Saidapet. Towards repair charges the District Educational Officer, Kancheepuram who is now concerned with the Central Kitchen at Sekkadu claimed a bill for Rs.9046/69 after disallowing some amounts in consultation with the Director, Tamil Nadu State Xxamp Transport Department (MVMO). The Director of School Education has reported that the delay in payment to the company was mainly due to the fact that Sekkadu Central Kitchen is having only a temporary advance of Rs.5,000/- and that it was not possible to make a lump sum payment of Rs.9046.69 from that advance. The Director has, therefore, requested the Government to sanction the payment of the repair charges, as a separate allotment.

2. The Government sanction, as a special case, the payment to Messrs Khivraj Automobiles, Madras-6 of a sum of Rs.9046.69 (Rupees nine thousand and forty six and paise sixty nine only) towards charges for the repairs carried out in 1968 to the vehicles of the Central Kitchen, Sekkadu.

3. The Government also authorise the District Educational Officer, Kancheepuram to make the payment sanctioned above to he firm.

4. The expenditure should be debited to "28.Education - f.General - w.Miscellaneous - H.Midday Meals - Supply of Midday Meals to elementary school pupils".

5. The bills sent in original are returned herewith. The Director of School Education is requested to acknowledge their receipt.

Memorandum No.89910/L2/73-2 Education dated 6th February, 1974.

Sub:- Education - CARE Programme - Central kitchen, Sekkadu - certain belated payments by District Educational Officer, Kancheepuram - Ratified.

Ref:- From the Director of School Education, letter Rc.No.210543/SM3/73 dated 11.10.73 and 23.11.73.

Under the School Midday Meals programme, the Government are running central kitchens with the assistance of CARE. Each central kitchen has been sanctioned a temporary advance (lump sum amount of about) of Rs.6,000/- to meet the incidental charges in running the kitchen. At the instance of the District Educational Officer, Kancheepuram, the Director of School Education has reported that a claim for adjustment of the temporary advance of Rs.5,600/- of Central Kitchen, Sekkadu presented at the Huzur Treasury at Kancheepuram has been objected by the Treasury Officer for the reason that in the adjustment bill preferred, there were two belated payments, amounting to Rs.577.18 made to M/s Khivaraj Automobiles for which Accountant General's sanction is necessary. The Accountant General has also enquired the reason for submitting the bill when the amounts have already been paid out of imprest. In order to regularise the position and to make good the temporary advance, the Director of School Education has suggested that the Government may relax the provision in Article 55 of the Madras Financial Code Volume I so that the adjustment bill for Rs.5,600/- can be honoured by the Treasury Officer, Kancheepuram.

2. The Government accept the suggestion of the Director of School Education and relax as a special case, the provisions of Article 55 of the Madras Financial Code Volume I so as to facilitate the admission by the Treasury Officer, Kancheepuram of the adjustment bill for Rs.5,600/- claimed by the District Educational Officer, Kancheepuram.

3. The Government also ratify the action of the District Educational Officer, Kancheepuram, in having admitted two belated claims, and paid a sum of Rs.577.18, being repair charges of the central kitchen vehicles, Sekkadu to M/s Khivraj automobiles, Madras-6 from the temporary advance.

4. The original bills with vouchers are returned herewith. The Director of School Education is requested to acknowledge their receipt.

Memorandum No.78935/L2/73-4 Education dated 23rd February, 1974.

Sub:- Midday Meals Scheme - Central Kitchen, Tirupporur - Re-drawal of permanent advance amount held under objection - Permitted.

Ref:- Government Memorandum No.7017/Codes I/71-11 dated 31.5.1971.
From the Director of School Education, letter Rc.No.164874/SM2/72 dated 3.9.1973 and 20.12.1973.

Under the school Midday Meals Programme inter alia the Central Kitchen at Tirupporur has been sanctioned a permanent advance of Rs.6,000/- to meet the cost of rice, petrol and other provisions etc. Out of this advance an expenditure of Rs.4766.36 incurred by the Central Kitchen, Tirupporur has been held under objection by the District Educational Officer, Chingleput and is also being investigated by the local Police authorities regarding the genuineness of expenditure incurred. The Director of School Education has reported that the balance advance of Rs.1233.64 available for running the central kitchen is too meagre and that much difficulty is experienced in implementing the scheme.

2. The Director has, therefore, requested the Government to permit him to redraw the sum of Rs.4766.36 being the balance amount of permanent advance of Rs.4766.36 held under objection, pending final action on the above objection as per article 82 of Madras Accounts Code Volume I and Madras Financial Code Volume II.

3. Pending investigation by the District Educational Officer, Chingleput and local police authorities the Government accept the recommendation of the Director and permit him to redraw a sum of Rs.4766.36, being the amount held under objection as invalid expenditure incurred from out of the permanent advance amount of Rs.6000/- sanctioned towards the central kitchen, Tirupporur under article 82 of Madras ~~Financial~~ Accounts Code Volume II and Appendix 21 of Madras Financial Code Volume II. The Director is requested to ensure that the other provisions under Article 82 of Madras Accounts Code are satisfied.

ABSTRACT

CONTRACT - Transport of Commodities under CARE Programme - Entrustment to Southern Roadways (Private) Madurai - Approved.

EDUCATION DEPARTMENT

G.O.Ms.No. 1191 Education Dated: 12th July, 1967.

Read:

1. G.O.Ms.No. 1986 Education dated 16-8-1961.
2. G.O.Ms.No. 179 Education dated 8-2-1967.
3. From the Director of Secondary Education, Madras letter No.Roc. 2776-SM6/67 dated 12-5-1967 and dated 29-6-1967.

...

ORDER:

In G.O.Ms.No. 179 Education dated 8-2-1967 the Government permitted the Director of Secondary Education, Madras to entrust to the Southern Roadways (Private) Limited, Madurai the transportation of Milk Powder, Cornmeal, cooking oil and rolled wheat under the CARE School Meals Programme from the City godowns to the Headquarters of the District Educational Officers and also from the Headquarters of District Educational Officers to the Headquarters of the concerned Deputy Inspector of Schools wherever these Headquarters are covered by the Southern Roadways (Private) Limited, for a further period of one year from 1-3-1967 to 29-2-1968 on the same terms and conditions as in the previous agreement. One of terms of agreement is that the Southern Roadways (Private) Limited should give an overall rebate of 10% on their bills to the Government.

2. The Southern Roadways represented that due to the increase in the cost of running the transport, it was not possible to continue the transportation under the old rates and that the overall rebate of 10% on the transport charges on CARE commodities by the Southern Roadways might be allowed to be withdrawn. Tenders were therefore called by the Director of Secondary Education for the transport of the CARE Commodities. The quotations given by the Southern Roadways (Private) Limited, Madurai which are the lowest are:-

(1) For full lorry loads of 45 quintals per kilometre:

Rs.1/- per 45 quintals per kilometre and pro-rate for the excess load carried in each lorry subject to the authorised payload of the lorry. Minimum freight per lorry load of 45 quintals will be Rs.50/-.

(2) For loads less than 45 quintals per kilometre per quintal:-

0-2.67 paise per quintal per kilometre subject to a maximum of the rate for the full lorry load as mentioned under (1).

The Director of Secondary Education has recommended that the rates and terms offered by the Southern Roadways (Private) Limited may be accepted. The Government accept the rates and terms offered by

.... 2

the Southern Roadways (Private) Limited and authorise the Director of Secondary Education to enter into an agreement with the Southern Roadways (Private) Limited for the transport of CARE commodities for one year from the date of the commencement of the transport of the Commodities on the terms and conditions stipulated in the tender document.

The particulars for answering the Lok ~~xxxxxxx~~ Sabha Question in so far as it relates to Madras State are furnished below in seriatum:

Clause (a) of the Question:

The CARE Organisation of United States of America came forward with the offer of free gift of commodities like Milk powder, Oil, Corn meal etc., to assist in the free Madras Midday Meal Programme already functioning. The CARE Programme is in operation in this State from October 1961. From November 1966 onwards milkpowder was not supplied as it was not available. The quantity of milkpowder supplied by the CARE Organisation during the years 1961-62 to 1966-67 are as indicated below:

Year	Milkpowder in lbs.
1961-62	5807106
1962-63	2494854
1963-64	8137422
1964-65	9553680
1965-66	8939806
1966-67	4534450

The expenditure on transportation of Milkpowder by sea to Madras Harbour is not borne by the State Government.

Clause (b) of the Question:

The Milkpowder received from the Harbour are kept stocked in the city godowns and supplied to the District Centres.

Clause (c) of the Question:

39467318 lbs. of milkpowder were distributed to the school meal centres in this State during the said period.

Clause (d) of the Question:

Copy of letter from No.F.11-7/68 BSE-3, dated 31st July, 1968 from the Government of India, Ministry of Education, (Bureau of General Education - BSE-3) New Delhi, to the Secretary to the Government of Madras, Education and Public Health Department, Madras.

SUB: Midday Meals Scheme with the assistance of CARE - Revised list of provisions.

Asyou are aware, all CARE assisted programmes of midday meal are being operated according to certain terms and conditions framed by CARE and are known as "List of Provisions".

2.CARE has now revised this "List of Provisions". The minor changes made in the new "List of Provisions" have been considered in this Ministry and appear to be in order. I am forwarding herewith a copy of the same for your information. It is hoped that your State Government will scrupulously observe these "List of Provisions", because the continuance of external aid for the school meal programme is dependent upon the manner in which these conditions are observed and the efficiency maintained.

3.As already intimated vide this Ministry letter No.F-11-44/63-B-2 dt.17.8.64, there is no necessity on the part of the State Government to sign a separate agreement with CARE as this Organisation is functioning under an Indo-CARE Agreement signed between them and the Government of India.

Kindly acknowledge receipt of this letter.

List of Provisions - Care - India

1. CARE has indicated its intention to acquire from the United States Government food commodities for the implementation of a school/pre school child lunch programme in State under conditions mutually agreeable to the STATE GOVERNMENT (hereafter referred to as GOV) and CARE. The particulars of the programme are specified in an Appendix to this list of Provisions.

2.CARE will request the food commodities from the United States Government overthe period of the program year according to the actual rate of consumption as are made available by the United States Government.

3.CARE will make every effort to secure from the United States Government the necessary quantity of commodities and to arrange for their delivery at a port of entry acceptable to GOV and CARE but GOV will not make any claim against CARE for loss or damage to the commodities, or for failure to make delivery due to causes beyond CARE's control.

4.The commodities are entitled to import free of customs duty under the Terms of Agreement between the Government of India and CARE dated 6 March 1950, hereafter referred to as the Indo-CARE Agreement.

5.The performance by CARE of its obligations under this Agreement

xxx2

will involve certain costs to that organisation. These costs are specified in the Appendix. Such costs include marking, handling, insurance, and necessary administrative and operating expenses of CARE in the United States properly attributable to the program. Such ~~costs~~ costs will also include expenses incurred in the office in the State capital including salaries of local employees, maintenance, travelling expenses, and any other related costs incurred on behalf of the program. These costs are necessary in order that the distribution of the donated commodities may be accomplished according to the requirements of the United States Government and according to CARE's normal practice. It is understood that the cost figure in the Appendix is an approximation, and that the actual costs will vary depending upon expenses in operating the program, which are subject to fluctuation. CARE will make every effort to minimise its costs which is consistent with its usual operating procedure.

6.CARE has explained that being a non-profit voluntary organisation it does not have the funds with which to finance the costs specified in para 5 above. GOV, therefore agrees to the following arrangements:

(a) To cover CARE's costs, GOV agrees to advance to CARE one half of the total estimated costs, to be placed in a special account in the same bank in New Delhi as other CARE-India accounts are maintained, within one month after the commencement of the program. Six months after the commencement GOV willturn over the balance of the total estimated cost.

(b) At the conclusion of the program, CARE will submit a written statement to GOV showing the nature and amounts of the various costs incurred. Upon presentation of this statement, should the costs exceed the payment to CARE the balance will be paid to CARE in such manner as CARE may prescribe. Should however, the costs to CARE be less than the paymentto it, the balance in favour of GOV will be utilised for projects agreeable to GOV and CARE to support the school or pre-school program, or will be refunded by CARE in such manner as GOV may prescribe.

(c) In either case, such balance will be the net remaining after deducting from the total expenses the amount of recoveries from the GOV on account of any loss or damage to thecommodities hereunder, where such recoveries are excess of the liquidated damage due to the United States Government on account of such loss or damage.

7.GOV agrees that in arranging for ocean shipment, CARE will select and appoint all shipping brokers required to effect shipment.

8.Under the procedures established by the Government of India for implementing the Indo-CARE Agreement, the

commodities will be received at the end of ship's tackle at the nearest port of entry by GOV in conjunction with the Union Ministry of Education. GOV will be responsible for making all arrangements for receipt of the commodities, for their customs clearance, and for their transportation by a secure mode of transport. It is understood that the type of transportation and the carriers to be used are subject to agreement between CARE and GOV, with the consultation of the Union Ministry of Education. The costs incurred in receiving the commodities, clearing them through customs, and transporting them to the ultimate beneficiaries will be borne by GOV, in conjunction with the Union Ministry of Education. Physical possession of the commodities will be transferred by CARE to GOV at theend of ship's tackle, and GOV will thereupon be entrusted with their distribution. However, even though physical possession rests with GOV, legal title to the commodities until their actual consumption by the ultimate beneficiary rests with CARE.

9. In order to assure compliance with the laws, regulations, and contract terms and conditions under which CARE will obtain the commodities from the United STATES Government, GOV agrees to the following:

(a) The commodities when entrusted to GOV for distribution to the ultimate beneficiaries, will not be sold, exchanged, or disposed of except by non-commercial distribution free of cost to school/pre-school children or other eligible beneficiaries in accordance with a program mutually agreeable to CARE and GOV.

(b) GOV will provide or cause to be provided proper facilities for the handling, storage, and disposal of the commodities and will arrange for the maintenance of the commodities at all times in such manner and under such storage and transportation conditions as to ensure their ultimate distribution in good condition.

(c) In the distribution of the commodities, GOV will take such steps as are necessary to assure that the recipients or their guardians will not diminish their normal expenditure for food by reason of this program.

(d) The distribution will be supervised by a United States citizen, representing CARe, and residing in the State capital, at the time the program of distribution is in operation. This CARe Administrator will be assisted by such local staff as is required by current CAR regulations.

(e) GOV will provide office space and necessary personnel in order to maintain adequate records of distribution and submit reports as required by CARE, at all levels of operation.

(f) GOV agrees to hold CARe harmless against any claim of the United States Government resulting from the falure of GOV to carry out the obligations under this paragraph. As an example, but not by way of limitation, if CARE is held liable to the United States Government for the value of commodities lost or damaged where such loss or damage real results in failure to distribute the commodities to the recipients for whom they are [illegible]nded, GOV agrees to pay CARE the rupee equivalent of the

308

651 308

value of such lost or damaged commodities. The claim value of the commodities will be communicated to the GOV by CARE at the time of the commencement of the program, and an updated list of claims will be submitted by CARE from time to time through the year.

10. This Agreement will remain ~~bdim~~ binding should the distribution of commodities continue after theexpiration of the initial 12-month period.

11. GOV agrees that ultimately the food for the continuation of this program in the future should be grown in India thus in due course eliminating the necessity for imported commodities. It is understood that over years from the date of signing this Agreement GOV will make efforts to progressively increase the percentage of such domestic food going into the program.

12. GOV and CARE agree on the essential necessity of increasing the protein intake of pre-school children in the State,. Accordingly, while ~~an~~ no specific commitment is undertaken, both parties have signified their intention to expand the number of pre-school children included in the program to the greatest extentpracticable in the years to come.

From the Director of Harijan Welfare, Madras, No.M1/28145/69-2 dated 3-5-69 and D.O.No.M1/12170/69 dated 6-5-1969.

Order:

The Government have approved in the G.O. first read above the supply of midday meals to the children in Elementary (Primary) Schools located in 34 Taluks of this State. These orders are applicable to school children now covered by the CARE Midday Meals Programme and contemplate the supply of midday meals for all the 31 days during the month of May 1969 utilising CARE commodities. In G.O.Ms.No.583, Education, dated 3-5-69 the above scheme has been extended to 34 more Taluks which are also drought affected. These orders cover only non-Harijan Welfare Schools. The Government consider that help to children of Harijan Welfare Schools is equally deserving. The Administrator, Care Organisation, Madras has agreed to cover 76,000 children in the schools run by the Harijan Welfare Department also with this (Care) assistance during the month of May 1969 - subject to the condition that the Harijan Welfare Department will be responsible for transportation, food preparation etc. He has agreed that the transportation and movement of these commodities will be coordinated with the Education Department. The Government accept the offer with thanks. They therefore direct that the scheme sanctioned in G.O. Ms.No.574, Education, dated 2-5-1969 and G.O.Ms.No.583, Education, dated 3-5-1969 be extended to Elementary Schools run by the Harijan Welfare Department also in all the 74 Taluks listed in the Annexures to this order with the same pattern of assistance as that applicable to the Education Department.

2. Sanction is accorded to an expenditure not exceeding Rs.57,000/- (Rupees fifty seven thousand only) towards incidental charges and payment of subsidy at the rate of three paise per child per meal for the remaining days of May 1969 in respect of the children of the Harijan Welfare Elementary (Primary) Schools in the 68 drought affected Taluks which are listed in the Annexures to this order.

3. As regards distribution of CARE articles to

/p.t.o./

schools run by the Harijan Welfare Department, the Government direct that the Special Officer for ~~Scheduled~~ School Meals Programme should sanction the midday meals grant calculated at the rate of three paise per meal to the District Welfare Officers concerned who will in turn pay the grant to the Headmaster/Teacher who is placed in charge of the feeding programme in each school under the control of the Harijan Welfare Department. The Director of Harijan Welfare, Madras is requested to make arrangements for assembling of the school children in the respective schools and for the preparation and supply of meals. The Officers of Harijan Welfare Department viz. the District Welfare Officers, the Special Tahsildars, the Special Revenue Inspectors, and Headmasters of Elementary Schools under the control of the Harijan Welfare Department are requested to cooperate with the Special Officer for School Meals Programme and make the scheme a success.

4. The expenditure should be met initially from the funds of the Education Department and later on debited to the relevant sub-heads of appropriation under "39. Miscellaneous - Social and Developmental Organisations - C. Welfare of Scheduled Castes, Tribes and Other Backward Classes".

5. This order issues with the concurrence of the Finance Department - vide its U.O.No.50094A/R7/69-1 dated 12-5-1969.

EDUCATION DEPARTMENT

G.O.Ms.No.874 Dated 2nd May, 1969.

Read:

From the Director of School Education, letter No.61647-[illegible]/69 dated 12.4.69, 16.4.69 and 21.4.69.

ORDER:

In the context of the severe drought conditions prevailing in many parts of Tamilnadu, the CARE organisation of USA has come forward to supply additional quantities of CARE commodities in order to feed the children even during vacation and to reduce the consumption of rice. The Government gratefully accept the offer. They direct

(i) that the school children now covered by the CARE MIDDAY Meals programme in the 34 taluks mentioned in the annexure to this order be supplied with midday meals for all the 31/ days during the month of May 1969 utilising the CARE commodities and

(ii) that the 16 lakhs children throughout Tamilnadu now covered by the CARE programme be supplied Bulgar wheat preparations for 15 days instead of 10 days, thereby reducing the rice feeding days from 10 to 5. from June to Oct. 69

2. The Government sanction, towards incidental charges, the payment of a subsidy of 3 paise per meal per child for all the 31 days in respect of the school children to be supplied with midday meals during the month of May in the 34 taluks. The Director of School Education is requested to make arrangements for the assembling of the school children at the respective school meal centres and for the preparation and supply of meals. The Special Officer for School meals programme is authorised as a special case to sanction the midday meals grant calculated at the rate of 3 paise per meal to the Deputy Inspector of each Range concerned. The Deputy Inspector of each Range concerned will in turn pay the grant to the Headmaster/Teacher who is placed in charge of the feeding programme in each school under all types of managements.

3. The Government sanction an expenditure not exceeding Rs.8.42 lakhs by way of subsidy with reference to para 2 above (Rs.3.9 lakhs) and transport and clearance charges of the CARE commodities required for the drought relief (Rs.4.52 lakhs). The expenditure will be debited to the head "32. Education - F. General - k. Miscellaneous - 13. Supply of Midday Meals to Elementary School Pupils".

ORDER:

In G.O. Ms. No. 574 Education, dated 2nd May, 1969, the Government have approved the supply of midday meals to the childrens in elementary schools in 34 Taluks of the State (Vide Annexure I). In additions to what is sanctioned in the above G.O., the Government now direct that the supply of midday meals be continued during the month of May 1969 for all 31 days to the children in elementary schools in the extra 34 Taluks which are also drought affected (vide annexure II), thus bringing the total to 68 taluks.

2. The Director of School Education is requested to make arrangements for the supply of meals, as in the case of 34 Taluks for which sanction was given earlier in G.O. Ms. No. 574, Education dated 2-5-1969. The Director of School Education is permitted to incur an additional expenditure of Rs. 6.6 lakhs (Rs. 1.6 lakhs towards transport charges of CARE commodities and Rs. 4.8 lakhs towards the payment of subsidy at the rate of 3 paise per meal per pupil for May 1969) for the purpose. The Special Officer for School Meals Programme is authorised to disburse the subsidy to the Headmaster/Teacher who is placed in charge of the Programme in each school under all types of managements through the Deputy Inspectors of the ranges concdrned.

3. The expenditure should be debited to "28. Education - F. General X. Miscellaneous - 13 Supply of midday meals to Elementary education pupils".

4. This order issues with the concurrence of the Finance Department vide its ~~ED.R.Ms. Ms.~~ U.O. No. 40439-A/EB/69-1, dated 29-4-1969.

18	78	169	Loans by Education Department ..	The Committee desires that in the case of educational institutions, etc., receiving grants for construction of hostels, etc., a time-limit may be fixed in all such cases for completion of the buildings and this may be made clear when the sanction is accorded.	The Government have decided to accept the recommendations of the Committee in so far as they relate to sanction of loan and that no time-limit need be prescribed for completion of projects in the case of institutions receiving grants. [Edn. U.O. Note No. 30162/M-2/72-11, dated 19th September 1972.]
19	79	170	Do.	The Committee reiterates its earlier recommendation that the departments should send the annual statement to Audit on the due dates without fail.	The Director of Collegiate Education is sending the annual statements to the Accountant-General. Instructions have again been issued to him to send the statement on the due dates without fail. [U.O. Note No. 30162/M 2/72-11, dated 19th September 1972.]

EDUCATION DEPARTMENT—*cont.*

STATEMENT OF ACTION TAKEN BY THE GOVERNMENT ON THE RECOMMENDATIONS CONTAINED IN THE REPORT OF THE COMMITTEE ON PUBLIC ACCOUNTS ON THE ACCOUNTS OF THE STATE OF TAMIL NADU FOR THE YEAR 1966-67.

Serial number.	*Recommendation number.*	*Paragraph number.*	*Subject.*	*Committee's observations and recommendations.*	*Reply from the Department.*
(1)	(2)	(3)	(4)	(5)	(6)
21	121	214	Midday meals grant	The Committee recommends that a similar procedure may be implemented by the Director of School Education, so that recovery of over-drawals could be made with the least delay.	With reference to the recommendation in Paragraphs 212 (*a*), 213 and 214 of the Committee on Public Accounts 1966-67, the Examiner of Local Fund Accounts has stated that all the objections relating to the over payments/short payments of school meals grant to the Panchayat Union Council relating to the years prior to 1967-68 are closed in audit. Hence there are no over payments of grants pending adjustment upto the end of 1966-67.

2. As regards the recovery of over payment of grants relating to the years 1967-68, 1968-69 and 1969-70, the recoveries have been effected wherever necessary, while releasing the advance grant for the subsequent year. The Examiner of Local Fund Accounts has stated that if the over payments of midday meal grants pertaining to the years 1967-68 based on the figures reported by the Commissioners have already been received, the amount of over payment of midday meals grants for the year 1967-68 after deducting the aforesaid, provisional recovery made, need not be recovered and that the position of over payment/short payment upto the end of the year 1968-69 (31st March 1969) will be arrived at in audit and will be intimated on the completion of the annual audit of the Panchayat Union Councils for the year 1968-69. He has further stated that after the position of short drawal/over payment as on 31st March 1969 is intimated, the objection pertaining to the over drawal/short drawal for the year 1967-68 can be treated as closed.

3. The audit report of the Examiner of Local Fund Accounts for the year 1968-69 has not yet been received by the Director of School Education. However, the recovery in respect of the grants paid for the year 1967-68, 1968-69 and 1969-70 has already been made while releasing the advance grant for the subsequent years by the Director.

4. The position regarding the assessment and release of quarterly advance midday meal grant to Panchayat Union Commissioner is expalained below :

The particulars regarding the amount of advance midday meal grant to be sanctioned to each Panchayat Union for every quarter and the number of pupils fed in each Panchayat Union area are obtained from the District Eudcational Officer and based on the particulars, the avance grant is released by the Director of Shcool Education and such grant is limted to 6 *paise per meal per student.*

					According to the orders already issued, the Panchayat Union Commissioner should submit a statement of receipts and charges before 1st June of each year to the Director of School Education in respect of midday meal grant received by them and based on the figures given in the statement, the Director of School Education will order the recovery of any excess grant paid to the Panchayat Union Commissioner. In view of the above orders, the recovery of overpayments of grant if any paid to the Panchayat Union needs recovery in the advance grant payable to Panchayat Union Commissioner in the subsequent year. Though the advance grant payable is limited to 6 paise per meal per pupil, the excess payment would arise in a few cases where the expected number of pupils to be fed is not ofed or whose feeding is not done for all the 200 days due to some reasons or other. The recoveries of overpayments of grant is however usually effected with the least delay. [U.O. Note No. 72878-A/H-1/70-5, Education, dated 3rd March 1971.]
22	122	217	Education grant and special dearness allowance.	The Committee recommends that an early decision be taken on the question of recovery of the overpaid amounts from the Panchayat Union Councils and expeditious action taken to devise a system with proper checks to have an effective control over the utilisation of the grants.	As regards the proper checks to have an effective control over the utilisation of the grant separate account No. 3 has been opened and receipts are credited in the account and expenditure incurred from this account. It is being audited regularly by the Local Fund Audit. As regards the recovery of over-payment it may be mentioned that the Government in Rural Development and Local Administration Department have constituted Committee called 'Panchayat Education Finance Enquiry Committee' to go into the financial position of the Panchayat Union Councils. The Committee has submitted its recommendations which are under examination. Pending decision on the recommendations recovery of over-payment is deferred. The Director of School Education has been instructed to effect recovery of over-payment relating to previous years only after orders are issued by the Government on the recommendations of the Committee. [U.O. Note No. 15101/K2/71-2, Education, dated 14th May 1971.]
23	123	221	Grants-in-aid to Educational Institutions.	The Committee considers that by issuing comprehensive instructions immediately following the issue of Government order limiting the number of secondary grade posts, considerable extra expenditure could have been avoided.	Prior to 1st April 1958, the assessment of Grant in respect of teachers working in aided elementary schools was made with reference to the qualifications they possessed and not according to the posts in which they were working. But this position was chanted with the issue of G.O. Ms. No. 556, Education, dated 24th March 1958, according to which a Secondary Grade teacher is eligible for Secondary Grade scale of pay only when he is appointed in a Secondary Grade post.

Serial number.	Recommendation number.	Paragraph number.	Subject.	Committee observations and recommendations.	Reply from the Department.
(1)	(2)	(3)	(4)	(5)	(6)
					However, the Government gave protection to the Secondary Grade teachers who were working in Higher Grade posts on 1st April 1958 and who were already getting Secondary Grade scale of pay. These Secondary Grade teachers were called "protected teachers" and they were getting Secondary Grade scale of pay, though, theywere working in Higher Grade posts.

2. From 1960–61 teaching of English was introduced from Standard V and it was ordered that every elementary school with Standard V might have atleast one Secondary Grade teacher either as Headmaster or Assistant for teaching English. This order necessitated the appointment of a large number of Secondary Grade teachers in Elementary schools. Even in schools, where there were "protected teachers" referred to above, additional Secondary Grade teachers were appointed and this led to the incurring of additional expenditure by the Government, as there were two or more Secondary Grade teachers in some Elementary schools. This discrepancy was noticed subsequently and instructions were given to the departmental officers only in 1962 that whenever vacancies arose in Secondary Grade posts, protected Secondary Grade teachers should be absorbed in those posts and additional Secondary Grade teachers should not be appointed. The over-payment, by way of additional Secondary Grade teachers in Elementary Schools could not be recovered prior to 1962, as the managements followed only the instructions issued by the Government to appoint a Secondary Grade teacher for teaching English and no orders were issued for utilising the services of the "protected teachers" for the above purpose.

As stated above, as soon as the appointment of additional Secondary Grade teachers in Elementary Schools was noticed, no time was wasted to issue instructions to the departmental officers to utilise the services of "protected teachers" whenever vacancies of Secondary Grade posts arose in Elementary schools.

ABSTRACT

CARE Programme - Construction of 10 Regional godowns in Tamil Nadu for storing CARE commodities - Proposals approved.

EDUCATION DEPARTMENT

G.O.Ms.No.1566 Dated 17th October 1969.

Read:

From the Administrator, CARE Madras letter dt. 13.5.69.
From the Director of School Education, letter No.95229 SM5/69 dated 16.6.69.
From the Director of School Education, letter No.95229 SM5/69 dated 5.8.69.

ORDER:

CARE Madras has offered to construct 10 Regional godowns for storage of CARE commodities for the Midday Meals Programme and to meet 90% of the construction cost. The cost of each godown will be Rs.2 lakhs and it will have a floor space of 15000 s.ft. The total cost of construction of 10 godowns will be Rs.20 lakhs of which the Government will have to met only Rs.2 lakhs and the balance of Rs.18 lakhs will be met by CARE. The Government will also have to meet the administrative expenses incurred by CARE. After construction, the ownership of the Buildings will be transferred to Government and the operational cost involved thereafter will also be met by Government. The Government will also have to provide land for the construction of the godowns. The following centres have been chosen for the location of the godowns:-

1) Vellore
2) Dharmapuri
3) Villupuram
4) Erode
5) Tiruchirapalli
6) Coimbatore
7) Madurai
8) Mayuram
9) Paramagudi
10) Tirunelveli.

It has been reported that CARE has started work on the construction of godown at Vellore and that work on the construction of godowns at other places will commence in January 1970.

p.t.o.

2. The Government have considered the proposals carefully in consultation with the Director of School Education and have decided to accept the generous offer of CARE with thanks. They accordingly sanction the implementation of the proposals during 1969-70.

3. The Collectors of the ~~Dixix~~ Districts concerned are requested to secure suitable poramboke lands and allot them to the Education Department urgently for the location of the godowns. The space required for each godown will be 340' x 150' approximately. The lands need not necessarily be within the towns but may be on the outskirts of the towns on the roadsides or nearby villages. Wherever suitable poramboke lands are not available, lands may be obtained as gifts from generous minded persons and allotted to the Education Department. The Director of School Education is requested to contact the Collectors for necessary further action in this regard.

4. The 10 Regional godowns when constructed and handed over to the Education Department will replace the 43 rented godowns now in use. There are at present 43 Assistants and 43 watchmen employed in these rented godowns at the rate of one assistant and one watchman for each godown. These posts will be abolished gradually as and when the regional godowns are ready and the surplus staff will be absorbed to the extent possible against the staff sanctioned below for the regional godowns as and when the regional godowns are constructed.

5. The Government sanction the employment from the date of appointment till 28.2.1970 of the following additional staff for the 10 regional godowns on the scales of pay noted against each plus Dearness Allowance and other allowances at the rates admissible from time to time:-

(1) 10 Deputy Inspectors of Schools (One for each godown) Rs.140-250.

(2) 10 Clerks (One for each godown) Rs.90-140

(3) 30 watchmen(three for each godown) Rs.50-1-60.

6. The Deputy Inspectors are permitted to draw the pay and allowances for the staff employed in the regional godowns.

7. The expenditure is debitable to "28.Education - F. General - w.Miscellaneous - A.General - B.Supply of Midday Meals to Elementary School pupils". Necessary funds will be provided to the extent necessary by reappropriation from savings within the grant in due course.

p.t.o.

8. This order issues with the concurrence of the Finance Department vide its U.O.No.105141A/E/69-1 dated 13.10.69.

Kindly refer to your letter cited on the above subject.

2. I am directed to confirm the presumption that the construction of the Godowns approved in G.O.Ms. 1566 Education, dated 17.10.69 would be undertaken by the CARE Organisation and not entrusted to the Public Works Department. It is reported by CARE that a contract has been signed by the Wilson and Company after a round of competitive bidding conducted by their Delhi office. The work of construction has, therefore, been entrusted to Wilson and Company under the supervision of the consulting Engineer appointed by CARE.

3. In regard to assessment on the cost of construction, I am to state that the respective Executive Engineer, Public Works Department who is having his jurisdiction over the place where the Regional Godown is built will assess the cost of construction of Godowns.

4. As regards the payment of Government's share, I am directed to state that the payment of 10% of the cost of construction of each godown will be made to CARE organisation as and when each godown is completed and assessment of value and payment of 10% of it is made by the respective Executive Engineer, Public Works Department. Orders authorising the Director of School Education to sanction such payment of 10% of cost of each godown are being issued separately.

ORDER:

CARE Tamil Nadu offered to construct 10 Regional Godowns for storage of CARE commodities for the Midday Meals Programme at an estimated cost of Rs.2 lakhs for each godown and to meet 90% of the construction cost. Subsequently CARE submitted revised proposals, increasing the floor space of the Godowns and submitted an estimation of Rs.30 lakhs for the construction of 10 Regional Godowns. Thus there was an increase in the expenditure to be met by the State Government i.e., Rs.3 lakhs as against Rs.2 lakhs.

2. CARE have again submitted revised proposals in connection with the construction of the first 6 Regional Godowns (Phase I) and requested Government to increase their contribution, as the costs had increased owing to the construction of administrative staff quarters in two places and the general rise in construction of 6 Regional ~~xxxix~~ Godowns. Government accept the revised proposal for incurring an expenditure of Rs.3.40 lakhs only towards the construction of 6 Regional Godowns (Phase I) being Government's contribution. CARE's contribution will be about Rs.26.39 lakhs for these six godowns.

3. The Director of School Education is requested to draw and disburse the amount required by CARE.

4. The expenditure is debited to "28.Education - F.General - W.Miscellaneous - A.General -B.Supply of Midday Meals to Elementary Schools' Pupils".

p.t.o.

5. The expenditure is on "a New Service" and the approval of the Legislature will be obtained in due course, through a supplementary grant. Pending approval of the Legislture, the expenditure will be met initially by an advance from the contingency fund, orders regarding which will be issued by Government in the Finance Department.

6. This order issues with the concurrence of the Finance Department-vide its U.O.No.62399 A/E/72-1 dated 14.4.1972.

Read also: From the Director of School Education letter No. G.55401 [illegible]/69 dated [illegible]-6-1972.

In G.O. Rt. 1586 Education, dated 9-9-1971 the Government ordered that as and when the construction of each godown under the scheme approved in G.O.Ms.1566 Education dated 17-10-1969 is completed and the value of each godown and payment of 10% of it are assessed by the respective Executive Engineer, Public Works Department who is having jurisdiction over the place where the Godown is built, the Director of School Education may sanction a sum of Rs.50,000 only being 10% of the estimated cost of each godown.

2. Subsequently CARE Organisation has revised its estimates and take up for construction of the 1 phase of 6 Regional Godowns at a cost of Rs.[illegible] lakhs. In G.O.Ms.519 Education dated 1[illegible]-4-1972, the Government accepted the proposal for incurring an expenditure of Rs.3.60 lakhs towards the construction of six Regional Godowns, being the Government's contribution.

3. The Director of School Education has stated that the conditions imposed in G.O.Rt.1586 Education dated 9-9-1971 are not imposed in the latest G.O.Ms.519 Education dated 1[illegible]-4-1972 and therefore requested orders on the following points.

(i) Whether the value of each godown is to be assessed by the respective Executive Engineer, Public Works Department before payment.

(ii) Whether the full Government contribution of Rs.3.60 lakhs may be paid in full to CARE pending handing over of the sixth Godown.

(iii) The orders already issued in G.O.Rt.1586 Education dated 9-9-71 sanctioning the payment of Government contribution may be cancelled in view of the orders issued in G.O.Ms.519 Education dated 1[illegible]-4-1972.

(iv) Correct head of account may be indicated in G.O.Ms.519 Education dated 1[illegible]-4-1972 viz. "[illegible] Education F. General [illegible]. Miscellaneous & General 10. Supply of Midday Meals to Elementary School pupils".

P.T.O.

4. The Government have examined the above requests and pass the following orders on them.

Point (i): In as much as the Accountant General was informed in Government letter No.91204 E1/69-16 Education Dated 7-9-71 that the respective Executive Engineer, Public Works Department who is having his jurisdiction over the place where the Regional Godown is built, would assess the cost of construction of Godowns, the value of each Godown is to be assessed by the respective Executive Engineer, Public Works Department before payment of Government contribution by the Director of School Education.

Point (ii): In Government letter No.91204 E1/69-16 Education dated 7-9-1971, the Accountant General was informed that the Government's share would be made to CARE Organisation as and when each godown was completed and assessment was made by the respective Executive Engineer, Public Works Department. Since only 5 Godowns are completed and handed over to Government so far the Director of School Education is authorised to pay the proportionate Government's share for the 5 Godowns handed over to Government after the value of these Godowns are assessed by the respective Executive Engineer, Public Works Department. The Director of School Education is also permitted to pay the Government's share for the sixth Godown after it is handed over to Government and the value is assessed by the Executive Engineer, Public Works Department.

Point (iii): In view of the orders issued in G.O.Ms.819 Education dated 1[illegible]-4-1972, the orders issued in G.O.Rt.1[illegible] Education dated 9-9-1971 are hereby cancelled.

Point (iv): The following amendment is issued to G.O.Ms.819 Education dated 1[illegible]-4-1972.

AMENDMENT

For paragraph 4 of the said Government Order relating to head of account, the following paragraph shall be substituted:

(3) From the Director of Women Welfare Roc.No.16660/D2/68, dated 18th June 1968.
(4) From the Director of Women Welfare Roc.No.18654/F2/68, dated 21st April 1969.
(5) From the Chief Engineer (Highways and Rural Works) Letter No.13940/L3/68-2, dated 12th June 1969.

Order—No.76, Social Welfare, dated 6th February 1970.

In G.O.Ms.No.963, Rural Development and Local Administration Department, dated 17th May 1968, the Government approved in principle to collaborate with the CARE organisation in formulating a Pre-school Feeding Programme and Building Construction Programme for Kuzhanthaigal Kappagams (Balwadies).

2. The CARE has offered assistance for implementing the following programmes as indicated below:—

I. FEEDING PROGRAMME FOR PRE-SCHOOL CHILDREN/EXPECTANT MOTHERS.

The scheme envisages the daily feeding of 1,20,000 pre-school children/expectant or Nursing Mothers at the rate of 120 for each Kuzhanthaigal Kappagam (Balwadi) in 1000 Kuzhanthaigal Kappagams (Balwadies) spread all over the State for 300 days a year and has been evolved with a view to prevent physical and neurological defects due to protein mal-nutrition in young children leading often to mental damage or retardation in later life. Under the scheme, CARE undertakes to feed 40 babies and in addition 40 more babies who are not members of

Balwadies and 40 nursing/expectant mothers at each of the 1,000 Balwadies. The food materials will be provided at the rate of 90 grams a day per individual for 200 days in a year (CARE has no objection to raise it to 300 days a year i.e. 25 days a month). CARE has agreed to make available nutritious food materials for a period of five years at a total value of about Rs.87.50 lakhs. The State Government will bear 50 per cent of the expenses on fuel, cooking, provision of other condiments, etc. and the remaining 50 per cent of the expenses will be met by public contribution. The expenditure on staff engaged on supervision and distribution of the food will be borne by the Government, while vessels required for cooking will be obtained by way of contribution from public. The total commitments on all these items will be about Rs.24.62 lakhs out of which Rs.13.76 will be met by the State Government and the balance of Rs.10.86 lakhs by public contribution. In addition, the State Government will have to bear the incidental expenditure like transportation charges amounting to about Rs.2.50 lakhs. The administrative cost to CARE in implementing this programme (roughl Rs.2.58 lakhs) will also be reimbursed by the Government.

II. CONSTRUCTION OF KUZHANDAIGAL KAPPAGAMS (BALWADIES):

Under the scheme, CARE will provide funds to the extent of Rs.6,500 for the construction of a building for each of the 1,000 Kuzhandaigal Kappagams (Balwadies) according to an approved type design. Each balwady building is expected to cost Rs.7,000. The balance of Rs.500 for each balwady will be met by public contribution. The site required for construction of the building will be provided free of cost.

III. PROVISION OF SMALL PERMANENT KITCHEN AS ANNEXE TO MAHALIR MANRAMS:

This scheme provides for the construction of small permanent kitchens as annexe to each of the existing Mahalir Manrams (approximate 375) to facilitate cooking of the food required for the feeding programme. CARE has offered to provide the entire expenditure at the rate of Rs.900 for each kitchen provided the Government agree to provide pre-school feeding at these centres.

CARE has given an assurance that its assistance for the feeding programme will be available for a minimum period of five years. This is, however contingent upon an expansion of the

existing regulations and commitment between CARE and the Government of India.

3. Having regard to the lack of adequate facilities to start the entire programme with immediate effect, the Government have decided in consultation with CARE that the programme should be implemented in two phases. The first phase of the programme will consist of—

(i) Organisation of Feeding Programme in about 500 pre-school centres for which CARE will extend its assistance as indicated in para. 2(I) above.

(ii) Construction of buildings for 115 Kuzhanthaigal Kappagams (Balwadies) for which CARE will extend the financial assistance as indicated in para. 2(II) above.

(iii) Provision of small kitchens to 375 Mahalir Manram buildings which are reported to be ready and in which pre-schools could be started, with financial assistance from CARE as indicated in para. 2(III) above. The second phase of the programme will consist of extension of the Feeding Programme to 1,000 centres and construction of buildings for the rest of 885 Balwadies. The Government have also decided that the entire programme will be implemented by the Director of Rural Development under the control of the Rural Development and Local Administration Department, in close co-ordination with the Director of Women's Welfare, Director of Health Services and Family Planning and Director of School Education.

4. The first phase of the programme will be implemented as immediately as possible. The feeding programme which will be organised in 500 centres during the first phase will proceed in accordance with the detailed instructions contained in Annexure I to this order. The construction of kitchens in 375 Mahalir Manrams will be done in accordance with the detailed instructions in Part I of Annexure II and the construction of buildings for 115 Kuzhandaigal Kappagams (Balwadies) in accordance with the detailed instructions in Part II of Annexure II to this order. As a number of preliminaries such as arrangements for reception of food materials, selection of sites for buildings, collection of materials for construction, etc., will have to be completed before the first phase of the programme commences, the Director of Rural Development is requested to take

immediate action to give a fitting start to the programme. He may formulate a set of supplementary instructions for the guidance of the subordinates chalk out a plan of action fixing definite time limit for the various items to be attended to and conduct a round of meetings with the district officials concerned with a view to apprise them fully of the details of the programme.

5. The second phase of the programme will be implemented as soon as practicable without any avoidable loss of time. It is necessary that by the time the second phase of the programme commences, buildings with kitchen arrangements should have been completed to such an extent that the feeding programme may be extended to 1,000 centres as planned and that the essential preliminaries for construction of buildings for the remaining 885 balwadies should have been finalised. The instructions in Annexure II will apply to the extension of feeding programme to 1,000 centres and the instructions in Part II Annexure II will be followed in regard to the construction of building for 885 Kuzhandaigal Kappagams (Balwadies). On the basis of the experience gained in attending to the preliminaries and the starting of the first phase of the programme the Director of Rural Development is requested to plan the preparatory arrangements to give effect to the second phase of the programme and to give an effective briefing on all items to all the officials concerned sufficiently in advance

6. Sanction is accorded for incurring the following items of expenditure with immediate effect in order to implement the first phase of the programme:—

(i) Purchase of 1,000 drums at the rate not exceeding Rs. 40 (Rupees forty only) each and a total cost not exceeding Rs. 40,000 (Rupees Forty thousand only) for supply to 500 feeding centres proposed at the rate of 2 drums per centre to store food materials.

(ii) Government contribution towards non-feed charges not exceeding Rs. 1,800 (Rupees one thousand eight hundred only) per diem. The actual amount should be calculated at the rate of 3 paise (three paise) per diem per head for total number of beneficiaries subject to a ceiling of 60,000 per diem.

(iii) Remuneration at Rs. 20 (Rupees Twenty only) per mensem each to Balasevikas incharge of the centres, not exceeding 500 in

number in addition to their pay and allowances.

(iv) Remuneration at Rs.10 (Rupees ten only) per mensem each for 500 Ayahs who will assist the Balasevikas.

7. Sanction is also accorded for incurring the following items of expenditure during 1970-71 in order to implement the second phase of programme. This sanction will be effective from the date of commencement of the second phase of the programme and will operate simultaneous with and in addition to the sanction in paragraph 6 above.

(i) Purchase of 1,000 additional drums at the rate not exceeding Rs.40 (Rupees forty only) each and a total cost not exceeding Rs.40,000 (Rupees forty thousand only) for supply to 500 additional feeding centres proposed at the rate of 2 drums per centre to store food materials.

(ii) Government contribution towards non-feed charges not exceeding Rs.1,800 (Rupees one thousand eight hundred only) per diem. The actual amount should be calculated at the rate of 3 paise (three paise) per diem per head for the total number of beneficiaries subject to a ceiling of 60,000 per diem.

(iii) Remuneration at Rs.20 (Rupees twenty only) per mensem each to Balasevikas in charge of the centres not exceeding 500 in number addition to their pay and allowances.

(iv) Remuneration at Rs.10 (Rupees ten only) per mensem each for 500 Ayahs who will assist the Balasevikas.

8. Sanction is accorded to the expenditure not exceeding Rs.2.58 lakhs (Rupees two lakhs fifty eight thousand only) to meet the cost of transport of food materials from the harbour to District headquarters. The amount will be drawn and credited to a Personal Deposit Account which will be ordered to be opened in the name of the Director of Rural Development and payments should be made by the Director of Rural Development by periodical withdrawals from the Personal Deposit Accounts. The maintenance of the Personal Deposit Account will be subject to authorization and the special instructions to be issued by the Accountant-General, Madras.

9 (i) Each cooking centre covered by the Feeding Programme will be provided with cooking vessels and accessories as may be necessary, in stainless steel, aluminium or other metals with a tin coating.

No Government grant will be available for purchase of these vessels, etc., and the entire expenditure in this regard should be met from public contribution and philanthropy.

(ii) Collections should also be made by way of public contribution at the rate of 3 paise per head per diem for 60,000 individuals to be benefited by the feeding programme with immediate effect and 1,20,000 individuals during 1970-71 with the commencement of the second phase to meet the miscellaneous expenditure. The collection, spending and accounting of the public contribution should be done in accordance with the instructions in Annexure III to this order.

10. The Government agree to reimburse the cost of handling, insurance, administrative and operating expenses of CARE in United States and in India properly attributable to the programme. Half of this amount will be paid to CARE at the commencement of the programme and the other half will be paid six months thereafter. The Director of Rural Development will submit proposals to the Government in the Rural Development and Local Administration Department for sanction of the expenditure on receipt of firm intimation from CARE about the exact amount of the instalment to be reimbursed to the organisation.

11. Sanction is accorded to the temporary employment for a period of one year from the date of appointment of a Special Block Development Officer on Rs.250-15-400 per mensem with head quarters at Madras to assist the Special Officer of the Education Department Midday Meals Centre at Madras and an Assistant Examiner of Local Fund Accounts in Local Fund Audit Department in the scale of Rs.375-25-800 with headquarters at Madras to audit the accounts of the feeding programme at State level under the control of the Examiner of Local Fund Accounts, when the need for the posts actually arises and not earlies. The post Block Development Officer sanctioned above will be treated as a temporary addition to the cadre of Block Development Officers in the Madras Panchayat Development Subordinate Service and the post of Assistant Examiners as a temporary addition to the cadre of Assistant Examiners of Local Fund Accounts in Madras Local Fund Audit Service. The incumbents of the posts will be eligible to draw dearness allowance, house rent allowance and other compensatory allowances according to the orders in force.

12. The audit of the accounts of the scheme will be done by the Extension Officer (Panchayats), Personal Assistant to the Collector (Panchayat Development) and the Revenue Divisional Officer at the

Block, Division and District levels respectively and by the Examiner of Local Fund Accounts and the Accountant-General at the State level.

13. The expenditure should be debited to a new sub-head of account to be opened as under "37. C.D.P. - II Development Schemes--Schemes in Fourth Five-Year Plan I. States Schemes - Programme for Pre-school feeding and Construction of Buildings for the Kuzhanthaigal Kappagams in Colloboration with CARE - Pay of Personnel, Dearness Allowance, Travelling Allowance, etc."

14. This scheme is designed to confer subtantial benefits on women and children especially in rural areas. The Government therefore attach considerable importance to the successful implementation of the programme in all stages and wish to impress on all the authorities concerned, the need for evincing special and personal interest in its execution. The officials in the Women's Welfare, Education, Health and Family Planning should assist the Director of Rural Development, Collectors and Block Officials on all matters relating to the implementation of the programme. The Government expect the officials of the other departments also to assist the Director of Rural Development and his subordinates whenever required by them to do so.

15. The CARE has sent draft agreements stipulating the terms and conditions governing its assistance to the programme. Scrutiny and finalisation of the agreements and follow up action in respect of this and all other items will be taken up separately and suitable further instructions in this regard will be issued by the Government in the Rural Development and Local Administration Department.

16. The expenditure on this scheme will be treated as on "New Service" and approval of the Legislature will be obtained in due course. Pending approval of the Legislature, the expenditure will be met by an advance from the Contingency fund, orders regarding which will be issued by the Government in Finance (B.G.) Department. The Director of Rural Development is requested to apply in the prescribed form to the Government for an advance from Contingency Fund to cover the expenditure estimated to be incurred during the year.

17. This order issues with the concurrence of Finance Department--Vide its U.O. No 12874-A/R.D.&L.A./70-1, dated 5th February 1970.

The Mukhyasevikas at the Block level will be co-opted to the Block Level Committees. The Gramasevikas will work in village group level and the Balasevikas will operate at the feeding centre level. The Director of Rural Development will prescribe job chart outline for Mukhyasevikas, Gramasevikas and Balasevikas in consultation with the Director of Womens Welfare.

(v) SELECTION OF CHILDREN AND MOTHERS IN THE KUZHANDAIGAL KAPPAGAMS:

The co-ordination Committee at the Panchayat Village level will

be made responsible for selecting children and mothers on an equitable basis in the Village community. The Director of Rural Development will issue broad guide lines in this respect.

(vi) MOVEMENT OF FOOD MATERIALS:

The Education Department which is now in charge of the food imports for the Midday Meals Programme will also handle this scheme for the Kuzhandaigal Kappagams. The Director of School Education will receive the food materials from CARE and stock them at the Central godowns and arrange to transport these foodstuffs to the District Headquarters where the Personal Assistant (Panchayat Development) to Collector will take charge and arrange for further distribution to the Blocks. The Director of School Education may co-ordinate the transport with the Director of Rural Development who is entrusted with the transport of food materials from harbour to Dist. Headquarters under para 8 of the order. The Block Jeeps will be utilised for transporting the material to the Blocks and in the case of non-availability of jeeps, it could be transported by lorries on usual terms as per rules. The hiring should be an exception rather than a rule and the hire charges should be kept to the minimum limit.

(vii) VESSELS FOR COOKING:

The District Level Committees, the Block Level Committees and the Village Level Committees will take care of these. The dead stock and stores should be accounted for in Stock Registers and produced for audit purposes. The Block Development Officers should harness community efforts in this respect well in time.

(viii) AUDIT OF ACCOUNTS:

The audit of the Feeding Programme account will be done by the Extension Officer (Panchayat). At the State level, the Accountant-General will audit these accounts. At the District level, the Personal Assistant (Panchayat Development)/Revenue Divisional Officers will audit the accounts. Special audit facilities by Examiner of Local Fund Accounts will be provided. A post of Assistant Examiner and staff will be employed.

(ix) STOCK VERIFICATION:

It is sufficient that the powers of stock verification and supervision are given to the Officers working under the Director of Rural Development, Director of Womens Welfare, Collectors and Revenue Divisional Officers. The system of surprise check of stores, registers, records, books cash transaction by the supervising Officer

should be followed as per standing procedure. A cent per cent stock verification should be done every year or earlier intervals. An independent stock verification may also be arranged by deputing staff of one district or block to another district or block. At the village level, these powers will be exercised by the Block Development Officers and his nominees. The Forms, Registers, etc., now in use for the Midday Meals Programme will be adopted for the feeding programme also with suitable modifications.

(x) EXTRA REMUNERATION AND PERMISSION TO EMPLOY AN AYAH:

It is very necessary to have an Ayah. An extra remuneration of Rs.20 (Rupees twenty only) per month to the Balasevikas and Rs.10 (Rupees ten only) per month to Ayahs will be paid.

(xi) LOCAL CONTRIBUTION:

Under the guidance of the various Committees at the District level, Block level Committees can adopt various normal accepted means of harnessing community efforts. The Block Development Officer is permitted to open a separate Personal Deposit Account in his name with a separate cheque book and cash book. The Accountant-General, Madras will authorise the opening of Personal Deposit Accounts. The pre-school centre will have a postal account, if necessary.

(xii) GUIDE BOOK FOR THE SCHEME:

A guide book will be prepared for the centres in consultation with CARE and Education Department for proper functioning of the Centres. The Director of Rural Development will take action on this also.

(xiii) PROPAGANDA:

Proper propaganda is necessary to educate the villagers on the usefulness of the scheme. Special articles in SEERANI and other leading Journals will be published.

Part - I

INSTRUCTIONS REGARDING CONSTRUCTION OF KITCHENS IN MAHALIR MANRAMS

(i) The list of 375 Mahalir Manram buildings in which the kitchens will be put up, will be immediately furnished by the Director of Women's Welfare to the Director of Rural Development.

(ii) A type design for the construction of the kitchen will be evolved in consultation with the Chief Engineer (Highways and Rural Works) immediately and this type design should be communicated to the Block Development Officers and other authorities concerned by the Director of Rural Development. The location of the kitchen should be such as to fit into the lay out of the existing building of the Mahalir Manrams.

(iii) Orders for starting construction work will be given by the Director of Rural Development after ensuring that all preliminaries are completed and after receipt of intimation from CARE. The local authorities in charge of the programme should however keep themselves in readiness to start the construction work forthwith.

(iv) The Block Development Officer of the Block concerned will be in charge of the construction programme; Plans and estimates will be prepared, sanctioned and executed by the Engineering staff in the Block in accordance with the existing rules and regulations prescribed by the Highways and Rural Works Department. Technical supervision will be provided by the staff of the Highways Department.

(v) After completion of the construction, the Director of Rural Development will forward to the Government in the Rural Development and Local Administration Department a completion report with (a) an abstract of measurements and corresponding payments and (b) payment vouchers in the form prescribed by CARE both duly signed by the competent Engineer of the Highways and Rural Works Department. The Government in the Rural Development and Local Administration Department will make necessary arrangements to get the expenditure reimbursed by CARE.

(vi) The expenditure on payment of bills for the Projects will be initially met from the Panchayat Union Funds. CARE has

agreed to draw cheques in favour of the Block Development Officers concerned. The cheques received from CARE will be passed on by the Director of Rural Development to the respective Block Development Officers who will draw the amounts and credit it to the Panchayat Union Funds.

Part II

INSTRUCTIONS REGARDING CONSTRUCTION OF BUILDINGS FOR KUZHUNDAIGAL KAPPAGAMS (BALWADIES)

(i) The Government have decided that the construction of 115 Balwadies should be taken up in the districts of Chingleput North Arcot and South Arcot. The Director of Rural Development will therefore select the sites in consultation with the Collectors of the three districts.

(ii) The sites should be made available free of cost. As far as possible porambokes, if available and suitable should be preferred. Otherwise, sites should be obtained on gift basis and in such cases the sites should be free of encumbrances and gift deeds should be obtained immediately. Sites should also be formally taken over by the Collectors forthwith.

(iii) In selecting sites care should be taken to see that the sites are suitable from health and sanitary points of view and that there are adequate water supply facilities. The Government consider it desirable to Select sites as far as possible, close to existing schools, for putting up Balwadi buildings.

(iv) The selection of sites should be completed by the Director of Rural Development as soon as possible and he should forward to the CARE through the Government in the Rural Development and Local Administration Department a list of sites available, together with the site plans and certificates of the Collector and to the effect that the sites are free from encumbrances and that the sites have been taken over on behalf of the Government.

(v) The work of construction should start only after clearance is given by the CARE and after the public contribution of Rs.500 for each building is collected in cash and credited to the Panchayat Union Funds. The Government desire that these formalities should be completed, required material collected in advance and that the authorities should be ready to start the construction at short notice.

(vi) The construction should proceed strictly in accordance with the type design prepared by the Highways Department and approved by the CARE which will be communicated by the Director of Rural Development to the authorities concerned. No deviation from the type design will be permitted on any account.

(vii) The Block Development Officer of the Block concerned will be in overall charge of the programme. Plans and estimates will be prepared and executed by the Engineering staff in the Blocks in accordance with the existing rules and regulations prescribed by the Highways and Rural Works Department. Technical supervision will be provided by the staff of the Highways Department.

(viii) After completion of the construction, the Director of Rural Development will forward to the Government in the Rural Development and Local Administration Department a completion report with (a) an abstract of measurements and corresponding payments and (b) payment vouchers in the form prescribed by CARE both duly signed by the competent Engineer of the Highways and Rural Works Department. The Government in the Rural Development and Local Administration Department will make necessary arrangements to get the expenditure reimbursed by the CARE.

(ix) The expenditure on payment of bills for the Projects will be initially met from the Panchayat Union Funds. CARE has agreed to draw cheques in favour of the Block Development Officers concerned. The cheques received from CARE will be passed on by the Director of Rural Development to the respective Block Development Officers who will draw the amounts and credit them to the Panchayat Union Funds.

ABSTRACT.

NUTRITION--Public Health Department--Supplementary Feeding Programme--CARE offer acceptance and implementation of--Orders--Issued.

READ: 1. From the Director of Health Services and Family Planning, D.O. letter No.108091/69-6 UN(2) dated 8-1-1970 and 24-1-1970.

2. From the CARE letters No.Nil, dated 13-2-1970; 15-5-69, 10-7-69 and 26-8-69.

***

ORDER:-

The Skimmed Milk Feeding Programme is being run by the Department of ~~Milk~~ Health Services with the assistance from the UNICEF. Skimmed Milk is distributed in 2,077 centres. About 60,000 children and mothers are the beneficiaries. The UNICEF has intimated its decision to withdraw assistance to the programme. In view of the importance of the supplementary Feeding Programme, attempts have been made to secure continued assistance from some other agency. The CARE organisation which has been offering assistance in a large way for implementing the school lunch programme in the country has come forward to provide the necessary assistance to this programme of the Department of Health Services.

2. The Government have considered the offer of CARE and the proposal of the Additional Director of Health Services and Family Planning ~~for implementing~~. the programme with the assistance of CARE and pass the following orders:-

(i) The Government accept the offer of CARE for the supply of CSM (Corn Soy Milk), enriched wheat, oil and vitamins to cover 1,16,000 beneficiaries. The following are the annual requirements:-

C.S.M.	1,392.000 kgs.
Bulgur wheat	1,392.000 kgs.
Salad oil	348,000 kgs.

(ii) The programme will be introduced in 3306 centres as detailed in the annexure to this order. It will cover 116,000/- beneficiaries at the rate of 50 persons for each of the Primary Health Centres and centres in urban areas and thereby for the centres in the rural areas.

(P.T.O.)

(iii) The stock on annual will be cleared from the Harbour by the authorised clearance agents approved for this purpose by the Department of School Education and despatched to the various destinations as instructed by the Director of Health Services and Family Planning. The clearance charges and the transport charges will be met by the Department of Health Services.

(iv) The District Health Officers will receive the stocks, keep them either in the Office or in the godown hired for the purpose and send the stocks to the Heads of Offices namely Medical Officers of the Primary Health Centres and Panchayat Union Commissioners through officers who go for inspection. Similarly, Panchayat Union Commissioners will arrange transport to the feeding centres. The expenditure on transport should be restricted to the minimum.

(v) The food is likely to deteriorate on prolonged storage under unfavourable conditions. To ensure that no loss occurs due to spoilage and consequent loss on this account, instructions will be issued to the recipient agencies to provide safe storage accommodation for CSM supplies. They should also ensure that prior to supply to the feeding centres the stock is in good state. At the feeding centre, precautionary measures should be taken for proper storage of stock.

(vi) Proper arrangements should be made for the enrolment of beneficiaries, preparation of food and distribution to the beneficiaries. The responsibility for preparation and distributio should ordinarily be assigned to the Maternity Assistant and Maternity and Child Health Centre. The prepared food should be distributed preferably between 4 and 6 in the evening.

(vii) Sanction is accorded to the incurring of expenditure not exceeding rupees six lakhs and forty seven thousand per annum as :

		Rs. in lakhs:
(i)	Payment to Care towards administrative expresses inprocuring food	1.16
(ii)	Transport charge from the Harbour to the Centre	1.35
(iii)	Cost of preparation of food including cost of firewood, sugar, spices etc. at the rate of Rs.10 per mensem	3.96
	Total:	Rs.6.47 lakhs

(viii) The Government sanction the employment of the following additional staff to cope with the increased work on account of the implementation of the programme:-

(i) Headquarters:

(a) One Assistant on the scale of pay of Rs.125-5-175 per mensem
(b) One Junior Assistant on the scale of pay of Rs.90-4-110-3-1 per mensem
(c) One Typist on the scale of pay of Rs.90-4-110-3-140 plus a special pay of Rs.10/- per mensem.

(P.T.O.)

(ii) District level.

One Technical Gazetted Personal Assistant to the District Health Officer in the scale of pay of Rs.300-15-450 per mensem.

The above staff shall be eligible to draw Dearness Allowance, House Rent Allowance and City Compensatory Allowance as the rates admissible as per rules in force.

(ix) Each centre should be provided with a standard set of utensils for preparation of food. Orders in this regard will follow.

(x) The District Health Officer shall be in-charge of the programme in each district. The responsibility for implementing the Programme at the Municipalities, Primary Health Centres and Panchayat Unions be indicated below:-

Municipalities	.. Municipal Health Officers
Primary Health Centres and Maternity and Child Health Centres in Backward areas	.. Medical Officers
Maternity and Child Health Centres under Panchayat Unions	.. Commissioner of the Panchayat Union concerned.

The progress in the implementation of the programme shall be reviewed by the District Development Councils. It is desirable that a Committee with the Revenue Divisional Officer as the Chairman is constituted at the ~~dismi~~ divisional level. The Director of Health Services and Family Planning should submit necessary proposals.

3. The expenditure should be debited to "30. Public Health -a. Public Health establishment -M. Feeding Trials with Low Fat Milk - Other charges". The expenditure is on a 'New Service' and the approval of the Legislature will be obtained through a supplementary grant. Pending approval of the Legislature, the expenditure will be met initially, from an advance from the Contingency Fund to be granted by the Government in the Finance Department. The Director of Health Services and Family Planning is requested to report to Government in the Finance Department, the probable expenditure likely to be incurred on the scheme during the year 1970-71 upto the end of 30-9-1970.

4. The Government consider that there should be a proper evaluation of the programme by units to be established in Medical Colleges at Madras, Coimbatore and Madurai. The Director of Health Services and Family Planning is requested to send necessary proposals.

5. This order issues with the concurrence of the Finance Department - vide its U.O.No.40019-A-H& FP/70-7 dated 6th April, 1970.

ORDER:

According to the orders in G.O.Ms.No.1191, Home, dated 3.4.61 and G.O.Ms.No.4222, Home, dated 29.11.'65, whenever the vehicles belonging to the United States Technical Co-operation Mission and the United Nations Agencies are presented to the registering authorities in this State for registration, the prior payment of registration fee or motor vehicles tax need not be insisted upon. These vehicles may be registered in anticipation of the orders of Government exempting them from payment of tax and registration fee. The registering authorities should thereafter apply to Government for orders of exemption furnishing particulars of vehicles which require exemption from payment of registration fee and tax, giving full details of the vehicles registered.

2. The Government are now advised that the power under section 11(1) of the Tamil Nadu Motor Vehicles Taxation Act, 1931, could be exercised only prospectively and not retrospectively. The Government have therefore decided to grant general exemption both in respect of motor vehicles tax and registration fee for the vehicles belonging to the United States Technical Co-operation Mission and the United Nations Agencies.

3. The Administrator, CARE, Tamil Nadu, has requested the Government for the grant of exemption from payment of tax and registration fee in respect of the vehicles belonging to the CARE. The Government of India have requested this Government to exempt from payment of tax and registration fee the vehicles belonging to the CARE and used for the work of that organisation in this State. The Transport Commissioner, Madras, has recommended that the CARE vehicles, which are being used for humanitarian causes, like feeding poor children, may be exempted from payment of tax and registration fee. The Government accept the recommendations of the Government of India and the Transport Commissioner to give general exemption from payment of registration fee and motor vehicles tax in this State in respect of vehicles belonging to the CARE.

ORDER:

The Southern Roadways Pvt. Ltd. are now distributing the CARE commodities intended for the School Meals Programme in Elementary Schools in this State under a contract entered into between the Director of School Education and the firm. The agreement which was renewed last year expired on 11-7-1971. The Government however authorised the Director of School Education to request the firm to continue the transport of CARE commodities for two more months on the existing rates. The Director of School Education called for fresh tenders and quotations were received only from M/s. Southern Roadways (Pvt.) Ltd., Madurai.

2. As the tender quoted by the firm was at enhanced rates and as the tender was received from only one firm, the Government permitted the Director of School Education to call for tenders from the owners of open lorries covered with tarpaulins as well as from those who have closed lorries for the transport of CARE commodities. The quotations given by M/s. P.R. Radhakrishna Chetty and Bros., Madras which are the lowest are:

for full lorry loads of 45 quintals per K.M. .. Rs.[illegible]
for above 45 quintals per quintal per K.M. .. Rs.0.[illegible] paise
for below 45 quintals per quintal per K.M. .. Rs.[illegible] paise

3. The Government accept the rates offered by M/s. P.R. Radhakrishna Chetty & Bros. and authorise the Director of School Education to enter into an agreement with M/s. P.R. Radhakrishna Chetty & Bros. for the transport of CARE commodities for one year from the date of the commencement of the transport of the commodities on the terms and conditions stipulated in the tender document.

4. Pending execution of the agreement with M/s. P.R. Radhakrishna Chetty & Bros., the Director of School Education is permitted to transport the CARE commodities to District Godowns and Range Godowns utilising the vehicles of M/s. P.R. Radhakrishna Chetty and Bros.

Sub: CARE Administrative costs.

...

Dear Mr. David,

The financial arrangements between CARE and the Department of Education were basically established more than ten years ago. While the procedure has been changed over the years, your letter provides opportunity to restate the arrangement. To begin with, CARE is a non-profit organisation which receives public support for its overseas programmes. As an organization, our policy is to utilise these donor funds for actual direct program support. CARE then looks to counterpart bodies such as the Department of Education to meet administrative costs. The actual direct costs incurred in administering this program for each program year are computed. Against an advance paid by the Department these actual costs are adjusted.

We do not have fixed formula based on numbers of beneficiaries with which the administrative costs are computed. Each Year, usually in September, based on previous experience and bearing some relation to the estimated quantity of food commodity required for the program, an attachment to the list of provisions is forwarded to the Government of Tamil Nadu from the Government of India, which sets forth CARE'S estimate of administrative costs for the coming program year.

The administrative expenses incurred by CARE for this program include the actual cost of operating our Tamil Nadu office, a portion of CARE-New Delhi's expenses ~~and~~ CARE's United States expenses connected with this program.

While you are personally in a position to observe our local operation in Madras you may require some elaboration on the function of CARE's New Delhi and New York offices to the Tamil Nadu Midday Meals Program. CARE-New Delhi is the headquarters office for CARE-India. That office acts to coordinate all CARE activity in India, food and financial accounting control and all business with the Food For Peace Office of the American Embassy there. CARE-New York takes charge of the actual acquisition of food, packaging for export, rail bookings to port, ship bookings and all accounting including claims. You will appreciate that effecting these arrangements for 80,838,750 l bs. anually of food on a scheduled basis involves a large organisation effort.

At one time the CARE administrative charges were devided according to the number of beneficiaries, and a per-beneficiary amount given. We now take the total actual CARE administrative costs and break it down on a commodity-weight basis. I want to stress that we do not charge or establish a per-pound rate. The per-pounds rate is simply the total charges divided by total poundage made available to the program to provide a convenient working figure. CARE is providing services to the Government of Tamil Nadu for which we ask for recovery of the actual expenses incurred in a particular year. Our administrative costs vary each year within certain limits which are reflected in the final accounting provided for each program year.

I hope this gives an idea of how we view these administrative charges and how they are computed. If you have further questions please contact me.

6. This matter was discussed with Thiru Jack Soldate Administrator by my Joint Director (Agriculture) and Project Nutrition Officer. The basis for this demand is not explainable by the CARE as Thiru Soldate stated that the administrative cost will vary from year to year based upon their staff, their pay, etc. and no specific formula can be arrived at on a per meal date basis or any other basis. Thiru Soldate explained during the discussions that Government will have to bear their actual administrative expenses for the scheme, as per the figures furnished by them (i.e. CARE), unequivocally. It was also stated by them during the discussions that the charges demanded for this year are only advances and the excess or shortfall will be known only after their accounts are finalised.

7. It has been clearly explained by my Joint Director (Agriculture) to Thiru Soldate that there should be some rational basis for claiming the administrative charges which would also be known to us and that the proper thing would be to fix specific charges based either on the number of persons fed or on the basis of quantity of food stuff supplied. It seems that Thiru Soldate explained that the CARE's claims are based on the actual administrative charges paid by them and that the Education Department of Tamilnadu Government are accepting their claims without questioning the basis for the same.

8. The agreement in this matter between the Government and the CARE organisation (perhaps based on the original agreement between the Government of India and CARE while accepting their offer) has not been communicated to this Directorate and so the correct commitments in this regard are not known. Hence in the absence of knowledge of the conditions of the original agreement, it is not possible to offer specific remarks on the demand of CARE towards its administrative charges.

xxx xxx xxx xxx

10. But I would submit that it is necessary to evolve rates of administrative charges based either on the actual number of persons fed in a year or on the basis of the quantity of food stuff supplied instead of accepting whatever they demand as administrative charges. Such a rational rate of administrative charge would facilitate proper forecasting and budgeting both on the part of the Government and on the part of the CARE without giving any room for misunderstanding on either side.

The case relates to the payment of administrative charges amounting to Rs.1,00,850/- to CARE for the year 1972-73.

In this connection, it may be stated that the D.R.D. has brought to the notice that CARE authorities just claim the administrative charges without any basis or norms, with reference to number of persons fed or on the basis of quantity of food stuff supplied. It is reported that when the Director of Rural Development approached the CARE on this point, the latter has stated that what they claim as administrative charges is the actual amount incurred by them and the Education Department which is also having similar feeding programme simply accept their claims without questioning the basis and make payments to them. In view of this, the D.R.D. has reported that without having any basis or norms to work out the administrative charges, he could not offer any suggestion on this point.

EDUCATION DEPARTMENT.

Letter No.68783 H1/71-9, Education, dated the 5th April, 1972.

Sir,

Sub: Education - Elementary - Midday Meals Scheme - An assessment of the Remarks - Submission of.

Ref: From the Government of India, Planning Commission, letter No.2/4(1)/71, dated 9.9.71.

- - - - - -

I am directed to state that the Midday Meals Scheme which was launched in this State, on an experimental measure in the year 1967, was in the first instance, serving cooked food, with the co-operation and contribution of the public for poor pupils alone. This scheme was extended gradually, with a view to removing untouchability, casteism and communalism that prevailed among the village-folk and especially in the remotest hamlets.

Further expansion made in this direction is chiefly responsible for the gradual improvement in the enrolment and it is worth-mentioning here that this State Government achieve some appreciable success in enrolling all the school-age children, last year in certain villages. It may be that the parensts are inclined to send their children to school with the hope that their children would get a free meal atleast once a day. It also remains a fact that on such occasions when there is some unexpected break-down in the supply of the CARE Commodities with the consequent stoppage of supply of midday meals, some fall in attendance of pupils is noticed. The above position clearly stresses the vital need for expanding the Midday Meals scheme for the succour of all the po-

children rather than limiting it to a certain percentage on the roll. The scheme is also supplemented by the CARE - An American organization which supplements the Midday Meal Programme by supplying midday meals 3 days in a week, by cooking the food in Central Kitchensof which there are about 60 in this State in 60 Panchayat Unions.

The statistical data furnished here-bel w, in the annexure to this letter, pertaining to certain sample villages in the Chingleput Revenue District show the marked improvement achieved in the enrolment as a result of the vigorous implementat of the Midday Meals Scheme there.

The results of inquiries held with the parents, teache and Superivisors also underline the need for the expansion of the above scheme.

Yours faithfully,

Sd. K. RAJANNAN,

for Deputy Secretary to Governm

Copy of letter from G.C.N. Chahal, Joint Secretary to the Government of India and Member Secretary, Committee on Self-Reliance. Government of India, Ministry of Agriculature(Deptt. of Food), Krishi Bhavan, New Delhi, D.O.No.3(16)/72-Tech.I, dated 12th May, 1972.

-:-

Dear,

As you are aware, a number of programmes for supplemental feeding of children are at present in operation in the country. One of the important programmes in this connection is the school feeding programmes im the various states assisted by CARE. You are no doubt aware that the food material for this programme is mainly made available by the CARE Organisation - the main items being CSM, Bulgar Wheat, salad oil, milk powder and soyabean flour. We are also producing Balahar based on Bulgar wheat, groundnut flour, and soyabean flour for which the commodities are made available by CARE except groundnuts flour

This programme was started with the ultimate objective of transferring the operations, to the Govt. of India and the States as and when local food resources become sufficient for deployment for nutrition feeding programmes. In view of the breakthrough in food production, the Govt. of Indiaare now keen to ensure that our dependence on gifted food reduced gradually. With this objective, a Committee has been set up by the Govt. of India to go into this question and make suitable recommendations for phasing out gift food materials for supplemental feeding programmes and taking over the responsibility by Government as a measure of Self-reliance. A copy of the Memorandum setting the terms of reference of the Committee is enclosed for information. (not enclosed)

In order that the Committee is able to proceed with its task, it is necessary to explore the scope of suitable substitutes based on indigenously available raw material to replace imported food items like CSM, Bulgar wheat etc. Already, as you know, Balahar and Miltone have been evolved and are already being used to some extent in the supplementary feeding programmes. It is understood that your Institute has been working in this field. I would be grateful if you could let me have a detailed note etc. regarding the work already done and in hand in this regard along with specific formulations of the substitute food items which you feel can replace effectively the imported items at present being used in feeding programmes in various parts of the coutry. Apart from doing away with the imports of food items, another important consideration would be to reduce the cost of feeding, wherever possible, by keeping to the minimum the expenditure on storage, transport, distribution, etc. You may kindly, while recommending the specific formulation of the substitute food items, keep in view the possiblility of incorporating food material available in the particular region subject to course to the nutritional requirements being fully satisfied.

As the Committee has limited time at its disposal, I would appreciate if you could give this matter your urgent attention. I would expect to hear from you by the end of June at the latest. If, in the meanwhile, you require any further information or clarification, please do not hesitate to write it to me.

With regards,

Yours sincerely,

(G.C.N. Chahal)

NOTE ON MIDDAY MEALS SCHEME.

The Tamil Nadu Scheme of free Midday Meals to children in Elementary Schools is intended to achieve the double purpose of (i) enrolling poor children who remain outside the school on account of the poverty of their parents and (2) to give atleast one satisfactory meal to poor children who attended the school but remained hungry all through the school day.

The scheme started at first unofficially purely as a voluntary people's movement in 1956. The poor children in schools were fed entirely through local contributions in cash and kind. Seeing the good results of this voluntary effort, Government stepped in in November 1957 with a substantial grant with a view to stabilising the scheme and extending it to schools all over the State.

The Government in 1957 sanctioned the scheme of free Midday Meals for the poor pupils reading in ~~el~~ elementary schools in Standards I to VIII with financial assistance covering the age group 6-11 and 11-14. The scheme should be deemed to have come into force from 1st November, 1957. The Scheme has been introduced in all rural and urban areas in the State except in the city of Madras.

In the year 1957, the Government came forward to encourage this noble venture with financial assistance. The State Government's share is limited to the recurring expenditure and does not exceed 6 Paise per meal. The local Midday Meals Committees have to meet the balance of recurring expenditure amounting to not less than 4 Paise per meal and the entire non-recurring expenditure.

While the entire non-recurring expenditure such as the provision of cooking utensils etc., has to be borne by the local community, the recurring expenditure on the provision of Midday Meals is shared between the local Community and the Government as indicated below:

(a) Contribution by public (in cash or kind)	.. 2 Paise per meal.
(b) Panchayat (Where the Panchayats do not contribute the entire 2 paise per meal, the local public will have to raise additional contribution).	.. 2 Paise per meal.
(c) Contribution by State Government.	.. 6 Paise per meal.

To be eligible for Government grant, there should be an approved Midday Meals Committee consisting of donors constituted either for each school or for a group of schools. The President of the Panchayat is the Chairman of the Committee in respect of all the Midday Meal Centres in the jurisdiction of the Panchayat concerned. ~~One~~

One Harijan Member and a woman member of the Panchayat are also included in the Committee. The intention to give representation of the public in the Committee is to avail fuller participation of the local people in the School Meals Programme, to evince active interest in the administration of the ~~School~~ Scheme and to secure local public contribution for it. The Accounts of the Midday Meal Centres will be kept outside the Panchayat accounts.

[PTO

The number of pupils fed under the Scheme should not exceed 1/3rd of the number of pupils on rolls in Standards I to VIII in Elementary Schools in each Revenue District except the Nilgris. In the case of the Nilgris District, the number of pupils fed should not exceed one-half of the number of children on rolls in Standards I to VIII. The ceiling has been fixed in order to limit the financial commitment to Government on the Midday Meal Scheme. If necessary, additional number of children, over and above the ceiling fixed can be fed provided that the extra cost is met by raising local contribution and no subsidy is claimed from Government. The responsibility for enforcing the ceiling will rest with the Director of School Education.

Consequent on the introduction of the Midday Meal Scheme, the number of pupils fed under the scheme has increased from year to year from its inception in 1957-58. All the elementary schools have been covered and the number of children fed in these schools are 18.32 lakhs.

A provision of Rs.198 lakhs was made in the Budget Estimate for 1971-72. The total Budget Estimate for 1972-73 for Midday Meals Programme is Rs. 2,05,48,000.

It is all agreed that priority for nutritional feeding should be given and the Government are taking every efforts to improve the nutritional content of the food supplied with the help of multi-purpose food supplied by CARE Organisation and by the establishment of Central Kitchens.

~~CARE PROGRAMME~~:

CARE PROGRAMME:

The CARE (Co-operative for American Relief Every where) Organisation which is a well known voluntary international agency organising relief programme in different parts of the world very generously came forward to assist the Midday Meal Scheme run in this State. In October 1961 the CARE Organisation offered to supply milk-powder enriched corn-meal, rolled wheat and cooking oil. CARE stipulated that the programme should be supervised by an agency of their own to be set up in this State, the cost of which was to be met from the State funds. The Government accepted first in the country the offer of CARE with the concurrence of the Government of India. This offer which was accepted enabled this Government to extend the scheme to Urban Centres also enlarging the coverage to many of the major Pajchayats, all the Municipalities as well as to poor children studying in Elementary Schools under different agencies in the City of Madras. The programme is now in the 12th year of its operation.

The value of the CARE commodities supplied works out to about Rs.30/- per pupils per year. The value of the CARE commodities is not taken into account in assessing the value of the meals.

About 16.32 lakhs of children are fed under this programme in 26485 schools. A sum of Rs.69.06 lakhs was spent during 1971-72 on CARE Programme. A sum of Rs.64.09 lakhs has been provided in the Budget Estimate for 1972-73.

CENTRAL KITCHENS:-

Midday Meals in Elementary Schools are prepared in the School premises themselves and the Midday Meals Committees employ part-time cooks for the purpose. The Administrator, CARE came forward to establish Central Kitchens in each range with attached warehouse, utensils and motorised transport for conveyance of meals to schools. Meals from each Central Kitchen would be transported to all the schools within the range.

The advantages of the scheme are that it will help in providing hygienically prepared meals of uniform quality to the children in each block, that the waste of teaching hours of teachers now spent in supervising the cooking of meals will be avoided and that the theft and misuse of milk powder and other commodities will be minimised. Roughly each Central Kitchen may fed about 5000 children in about 55-65 Elementary Schools.

To start with, a pilot project was started in the Poonamallee Block and a Central Kitchen and farm was started at Sokkadu in August 1967 with the assistance of CARE. After watching the successful functioning of the scheme, CARE came forward to open 30 such central kitchens and to meet the entire non-recurring expenditure of Rs.60,000000/- at the rate of Rs.2 lakhs for each Central kitchen for the provision of buildings, vessels, Delivery Vans etc. Wages for staff, electric charges, propulsion charges, cost on bringing of powerlines will be met by Government. The Government sacntioned the establishment of 30 Central Kitchens each during 1969-70, 1970-71 and 1971-72. A proposal for the

375 375 183 7

opening of another 30 central kitchens during 1972-73 is under consideration.

The Government have accepted a similar offer of CARE to construct 10 Regional Godowns for the storage of CARE commodities under safe condition at selected places in the State at a revised estimated cost of Rs.5 lakhs per Godown. Of the 10 proposed, the CARE have so far handed over 5 Regional Godowns to this Department and another is nearing its completion.

A proposal for the construction of a Central Maintenance Workshop for the Central Kitchen vehicles at the cost of CARE has been approved by Government and the land has been assigned for this purpose at Vikravandi in South Arcot District.

SOCIAL WELFARE (BCC) DEPARTMENT

The following Nutrition Programmes are implemented in this State:-

(1) Midday Meals Programme for school going children

(2) Pre-School Feeding Programme (Rural Development and Local Administration and Women's Welfare)

(3) Applied Nutrition Programme (Rural Development and Local Administration)

(4) Demonstration Feeding Programme (Director of Women's Welfare)

(5) Child Health Feeding Programme (Director of Health Services and Family Planning)

(6) Special Nutrition Programme (Social Welfare and Collectors)

Brief notes on the above programmes are given below:

(2. Midday Meals Programme:- The scheme for supplying free noon meals to poor pupils was started in July 1956 on a voluntary basis and the entire expenditure was met by public contributions in cash and kind. The Government watched the working of the scheme and on being impressed with the necessity of official assistance, they formulated a scheme of grant-in-aid from November 1957. The State Government's share is limited to the recurring expenditure subject to a maximum of 6 paise per meal per day. The local committee has to meet the balance of recurring expenditure amounting to not less than 4 paise per meal per day and the entire non-recurring expenditure. 4. During 1970-71, 1.34 lakhs of pupils including those enrolled in 1969-70 were brought under the plan. The Revised Estimate for 1970-71 under the plan scheme for midday meals scheme was Rs.20.66 lakhs. A sum of Rs.198 lakhs is provided in the Budget Estimate for 1971-72.for this scheme.

5. Pre-School Feeding Programme:- The Kuzhanthaigal Kappagam Scheme covers the daily feeding of 1,20,000 pre-school children (of the age group 3-5 years) and expectant and nursing mothers, at the rate of 120 for each of 1,000 Kuzhanthaigal Kappagams spread in 47 blocks all over the State. The programme is implemented in collaboration with CARE. Feeding programme for 300 days in a year has been evolved with a view to prevent physical and neurological defects due to lack of protein and malnutrition in young children leading to mental damage and retardation in later age.

6. Out of 1,000 Kuzhanthaigal Kappagams, 515 feeding centres were opened in 38 blocks on the Pongal Day in January, 1971, with 40 beneficiaries per centre. This was increased to 120 beneficiaries from March, 1971 onwards. During the Tamil New Year's Day in April, 1971 an additional 292 centres were started with 40 beneficiaries per centre. The remaining 193 centres out of 1,000 centres proposed to be started will be inaugurated on Gandhiji's birthday (2nd October, 1971). T[illegible] CARE has agreed to make available nutritious food materials for [illegible] period of five years at a total value of Rs.87.50 lakhs. The sites [illegible] the buildings are largely donated by the public.

7. Training has been imparted to the Gramasevikas [illegible] the blocks to manage these centres. Special training is being giv[illegible] at the Rural Extension Training Centres, T. Kallupatti and Bhavani[illegible]gar on preparation of various recipes with the food materi[illegible] supplied by CARE

their storage, and sanitary handling at the time of serving and cooking. The trained Gramasevikas in turn train the Balasevikas and Ayahs in this respect. Each Kuzhanthaigal Kappagam building is built according to the approved type design at a cost of Rs.7,000 each for which CARE will extend its financial assistance to the extent of Rs.6,500 per building. The balance is met by public contribution.

8. The Budget provision for this scheme for 1971-72 is Rs.13.76 lakhs. This programme is sure to have considerable impact in toning up the health of neglected pre-school children and expectant and nursing mothers in the rural areas.

9. Applied Nutrition Programme:- The Applied Nutrition Programme with the assistance of UNICEF and the State Government was first launched in Tamil Nadu during the year 1962-63. The broad aim of the programme is to educate the villagers on the importance of production and consumption of locally produced but nutritious food for better health. In the first phase 7 blocks attached to the 7 Rural Extension Training Centres were selected for implementation. After successful implementation of the programme in these blocks, the programme was handed over from 1st April, 1968 to the respective Panchayats and it is being implemented by the Panchayats on a self-supporting basis, utilising the agricultural grants, wherever necessary. [illegible]he second phase, 2 blocks were launched during 1966-67 and they comp[illegible] the 5 years operational period on 31st March, 1971. The programme [illegible]roduced in these two blocks were handed over to the Panchayats fo[illegible]ure maintenance. Similarly the Sattur, Agasteeswaram and Perianaickenpa[illegible] blocks, which were covered by the scheme in the third phase also completed their programme period by 31st March, 1971. At present, ten blocks covered by the fourth phase and fifth phase are functioning.

10. The Government of India have allotted 5 blocks to Tamil Nadu

p.t.o.

for extension of the Applied Nutrition Programme during the year 1971-72. The Budget provision for the Applied Nutrition Programme scheme for the current year (1971-72) is Rs.10.18 lakhs. The selection of blocks is engaging the attention of Government.

11. Demonstration Feeding Programme:- This scheme envisages feeding of pre-school children and expectant and nursing mothers in 28 selected blocks having the pre-school programme. The scheme was inaugurated on 1st January, 1971 in 56 centres at the rate of 2 Kuzhanthaigal Kappagams in 28 blocks. A sum of Rs.1.52 lakhs has been provided for 1970-71. The financial statement with regard to the Composite Programme undertaken by the Women's Welfare Department for the years 1969-70 1970-71 and the proposed expenditure for 1971-72 is estimated as 0.98 lakhs.

12. Child Health Feeding Programme:- The object of this Supplementary Feeding Programme is to combat mal-nutrition and promote the health of expectant and nursing mothers and pre-school children who constitute the major segment of the vulnerable group of population. Under this scheme, each beneficiary selected is fed with 80 grams of C.S.M. and 8 grams of salad oil in suitable food preparation in the form of 'Uppuma' or 'Payasam'. At present this programme is being implemented in 354 Primary Health Centres covering 17,700 daily beneficiaries. The scheme has since been extended to the backward area centres, municipal centres, etc. In all there are 450 centres covering about 20,000 daily beneficiaries.

13. Special Nutrition Programme:- The Special Nutrition Scheme for children in the age group of 6 months to 3 years, which is fully financed by the Government of India is being implemented in the slums in Madras City since November, 1970. The scheme has also been introduced in the 2 Tribal Blocks, Kolli Hills and Yercaud. The scheme benefits about

p.t.o.

80,000 children, who are fed with fortified sweetened milk bread supplied by the Modern Bakeries Unit at Madras, through 280 centres. The feeding is done for five days every week. The distribution of bread to all the 280 centres is being done by Modern Bakeries, Madras, through their own transport. Some of the feeding centres are managed by Voluntary Social Welfarcorganisations, while the majority of them are managed by Prosperity Brigade Volunteers. At each feeding centre, there is a volunteer who is paid an honorarium of Rs.20/- per mensem and a helper, who is paid Rs.10/- per mensem. Three slices of bread, weighing about 75 grams are supplied to each child every day on the production of cards, which are distributed in the first instance after a detailed survey of the children in this age group in the urban slums. The cost of the nutritious food to be supplied every day to each child is limited to 18 paise. The cost of administration and transport to be spent on each child every day is to be limited to 5.5 paise. The Government of India have prescribed that the nutritious food to be supplied each day should contain about 250 to 300 calories depending on the age of the child and 12 to 13 grams of protein.

14. It is proposed to supply preparations made out of Balahar and CSM after ascertaining the acceptability of such preparations. These food commodities would be supplied by CARE, free of cost. The use of these food commodities will involve cooking arrangements. Skimmed milk powder is obtained, free of cost from CARE for use in the fortified sweetened milk bread. Therefore, CARE and Modern Bakeries, Madras are actively involved in the implementation of this programme.

15. The Government of Tamil Nadu have extended the Special Nutrition Scheme to the urban slums in the industrial belt area around Madras City and in the municipal towns of Coimbatore, Tiruchirapalli and Madurai. They have also extended the programme to the following municipal towns:-

Rc.No.21706 SM5/72 dated 22-9-1972

Sir,

Sub:- Committee on Self Reliance in Supplemental feeding programmes - Meeting on 26-9-1972 - Agenda and notes on the - submission of.

Ref:- 1) This office letters Rc.No.21706 SM5/72 dated 18-5-72 and 24-5-72
2) D.O.letters No.68982/H-1/72-1 Education, dated 15-9-72 and 19-9-1972 of the Assistant Secretary, Education Department.

With reference to D.O.letters cited I have to state that the detailed notes on the Agenda for the first meeting of the Committee on Self Reliance submitted to Government in this office letters referred to cover the various items of the Agenda now sent. Copies of these letters are, however, enclosed herewith for ready reference.

The following notes on the Agenda for the forthcoming meeting of the Committee ~~for the~~ on self reliance in supplemental feeding programmes, as required, are submitted herewith.

AGENDA

Item No.1: Analysis of the information received from the Government.

The detailed particulars on the subject already

p.t.o.

submitted by this office do not find place in Annexure II of the Agenda. Hence the analysis is now made and tabulated under the same heading as adopted by the Government of India, and appended.

Item No.2: Consideration of reports of the sub Committees:

Reports of the sub committees have not been received in this office.

Hence no comments.

(The minutes of the first meeting also have not been received).

Item No.3: Tentative proposal for phasing out activities of CARE along with financial implications thereon.

Date for phasing out CARE activities in Tamil Nadu 1-4-1973.

The financial implications of phasing out the activities of CARE and proposals for substituting CARE commodities have been discussed at length in the notes submitted in references first cited. The School Meals Programme in the State began in the year 1956 as a "peoples' voluntary scheme". Government came into the picture in the year 1957 by way of supporting it with a 6 nP grant per meal per child for 200 days in a year. Impressed by the successful working of the scheme, CARE offered food commodities in the year 1961 to supplement the scheme. Even before CARE came in, the scheme was in operation for

p.t.o.

four years, and the Department had gained experience in the preparation and distribution of food and in accounting the receipts and expenditure. After accepting CARE ~~and~~ aid, the scheme was further stream-lined. The accounts of Midday Meal Centres are being audited by Local Fund Examiner. Even now, the food commodities supplied by CARE are used only for hundred days in a year as main food. For the other hundred days, Rice, the staple food of the region is utilised in the school feeding programme. As such, the phasing out of CARE Commodities will not be a serious problem.

If CARE Commodities are withdrawn and the Midday Meal committees are asked to run the centres with the locally available food materials, the cost per meal will come to R 25 NP inclusive overhead expenses because the rice content alone of the meal will cost 15 NP. and vegetables, oil, spices, firewood etc would cost ~~80 ml~~ some 10NP.

As such, the cost of the school meals programme will be as follows:-

Rice	Rs. in crores
Providing 16.70 lakhs of pupils @ 25 Ps.per meal for 200 days.	8.35
Deduct Government Contribution already paid by state Government @ 6 Ps.per meal	2-00
Additional Expenditure to be met by Central Government.	6-35

What at ~~Rs~~ 4 ps

p.t.o.

The additional expenditure for the additional enrolment of 45,000 pupils under the School feeding programme will be about Rs.22.5 lakhs, a year.

Apart from this, the targetted number of beneficiaries under the other programmes receiving aid from CARE, viz., Child nutrition programme, Maternity and Child Welfare programme, Industrial nutrition programme and Crash Nutrition programme is 4.56 lakhs. The beneficiaries are pre-school children, pregnant ladies and lactating mothers. If the average cost of the meal per beneficiary under these schemes is taken as 23 ps. (Child 18 ps. and adult 25 ps). The cost of these programmes will be as follows:

	in crores.
Providing 4.56 lakhs for 300 days @ 23 ps. per meal	3.14
Total for all programmes (additional expenditure	9.49 (6.35 + 3.14)

(The contribution of State and Central Government towards these schemes is not known)

Rice can be procured centrally through civil supplies department at Controlled rates and stored in the godowns of Education Department and moved to the ranges against monthly indents as in the case with CARE commodities. CARE has constructed six regional godowns at a cost of about 5 lakhs each. If the 4 other godowns envisaged in the original plan are constructed whole of Tamil Nadu will be covered with a net work of regional godowns. The transport machinery now in vogue can be deployed for the movement of rice. The cost of constructing 4 more godowns will be roughly Rs.20 lakhs.

Balahar and Rice

If Balahar is supplied for 80 days out of 200 days as suggested by the committee and wheat etc. for the

remaining days.

p.t.o

It is felt that local children being used to rice food may not relish Balahar and wheat on all the 200 feeding days. Therefore, for the remaining 120 days, rice the staple diet of the region should form the main components of the meal.

The total quantity of Balahar required for School Meals Programme (16.70 Lakhs) at 100 grams per child per day for 80 days (100 grams of Balahar was tried and found adequate)	13,360 M.Tons
Balahar required for other programmes (456 lakhs) at 75 grams per beneficiary per day for 100 days as recommended by the committee	3,420 "
Total quantity of Balahar required	16,780 "
	Rs.
Cost of the above quantity of Balahar at the rate Rs.1200 per M.Tonne, as given by the Committee	2,01,36,000
Cost of meals supplied on other days under School Meals programme @ 25 Paise per meal for 120 days and @ 10 paise over head expenses on Balahar days (80)	6,34,60,000
Cost of meals supplied on other days under other programmes (4.50 lakhs) @ 23 Paise per meal per 200 days and @ 10 paise over head expenses on Balahar days (100)	2,55,36,000
Total expenditure for all programmes if Balahar is supplied on 80 days and rice on 120 days	10,91,32,000
Deduct expenditure already incurred by State Government @ 6 Paise per meal under school meal Programme	2,00,40,000
Additional expenditure which the Central Government is expected to bear	8,90,92,000

323 393 817 133

Balahar being pre-processed food, it will be advantageous to prepare centrally and it should be supplied at Madras. Balahar can be transported just like CARE commodities with existing machinery. The State Government is already spending about Rs. 72 Lakhs on transport, clearance, rent and establishment charges in a year, apart from Midday Meals budget.

As regards rice supply for 120 days, there should be no foreseeable difficulties as the Civil Supplies Department, the food production department and Collectors of Districts will be in a position to supply the requirements of schools on a consolidated indent being placed with them sufficiently in advance. The details of procurement may be worked out later.

It has been suggested by the committee that the activities of CARE may be phased out with effect from 1-4-1973. There will be no difficulties in phasing out the food commodities supplied by CARE if other arrangements as discussed above are made.

Out of 97 Central Kitchens offered by CARE, 31 are now functioning. Another batch of 13 Kitchens would start functioning in a few days to come. The remaining 53 Central kitchens are at various stages of construction. It is doubtful whether CARE would hand over all these Central Kitchen before 1-4-1973. This apart, CARE has offered to construct

p.t.o.

394 394 819 135

and equip a Central Maintenance Facility for Central Kitchens at a cost of Rs.8 lakhs. The need for this is keenly felt and the successful functioning of Central Kitchens greatly depends on this. The construction has just began and it is expected that it will take another 8 or 10 months for this facility to operate. In the light of this the proposal to phase out all the activities of CARE Tamilnadu may be reviewed and necessary financial provisions made.

As far school feeding programme as concerned, it got stablised in this State even before CARE came into the picture. Hence, no leadership or expertise in this direction need be imported as envisaged and this directorate is competent to run the scheme with a little strengthening of its field staff. But provision of adequate funds will vitally be necessary. To make the food nutritious, Balahar may also be supplied on the scale prescribed.

OTHER POINTS :

In Annexure-I of the working paper CARE's other activities in Tamil Nadu have been omitted. This aspect has been covered under items 10 (Page 8) of the note already submitted.

In Annexure-II a provision for a sum of Rs.5.5 paise per child per day has been made as overhead charges. The over head charges in Tamil Nadu under school meals programme are met under a separate head. The expenditure for the year 1971-72 is Rs.72 lakhs. If the inspectorate is strengthened which is essential, after the withdrawal of CARE, the overhead charges also are expected to increase in which case the proposed provision of 5.5 paise per child towards overhead charges would appear to be adequate.

In Annexure III, it is stated that the number of children fed in Tamil Nadu in the year 1972-73 is 10.83 lakhs. This is not correct. The number of children fed under the Tamil Nadu Midday Meals Programme of Education Department alone is 16.70 lakhs (as on 30-6-72). The number of children fed by the Welfare Department without any foreign aid approximately comes to

395 395 821 137

Rs.1,20,000. The Corporation of Madras is conducting a Midday Meals Programme of its own which eaters to the needs of 34,000 pupils studying in Corporation Schools. The number of beneficiaries under other feeding programmes in which 0-5 age group, pregnant laid ladies and lactating mothers are 4.56 lakhs (targetted figures).

Item No.4 : Any other matter with permission of the Chair : No comments.

The agenda papers received under the D.O. letters cited are resubmitted ~~returned~~ in original.

Yours faithfully,

for Director of School Education.

From these godowns, CARE commodities are moved by lorries to 5 regional godowns and 22 godowns attached to the offices of the District Educational Officers which are not currently served by regional godowns. Commodities are thence moved to the range godowns attached to the Offices of the Dy.Inspectors of Schools wherefrom the Secretaries of Midday Meal Centres would collect each month's requirments on a specified date, once in a month. The capacity of regional godown is to store 6 month's requirement of the District godowns. Commodities required for two months' consumption are moved to the Districts and Ranges against monthly indents.	The Director of School Education is assisted by the Special Officer for School Meals Programme in administering the scheme. At present, two Field Officers for School Meals Programme supported by the office staff do the field work. The District Educational Officers at the District level and the Deputy Inspectors of Schools at the range level are in overall charge of the scheme. CARE commodities required for other feeding programmes not covered by the School Meals Programme are routed through the Director of School Education, against indents placed by the Officers of the Departments concerned. Separate Deputy Inspectors are incharge of the regional godowns and the Central Kitchens are managed by Supervisors under the control of the Deputy Inspectors of Schools.	In case the Central assistance to the tune of Rs.4.64 crores is made available during 72-73 outside the Plan provision in addition to the provisions already made in the State Budget, it would not be difficult to introduce a School Feeding Programme consisting entirely of local food commodities. In as much as CARE was only supplementing the present Midday Meals Programme already introduced by this State to begin with as a "People's Voluntary Scheme" and subsequently subsidised by the State Government, the existing machiney for storage, transportation and distribution facilities may fully be deployed to work out a new scheme suited to the local conditions. If indigenously processed food and oil are substituted in place of CARE products, we will require for School Feeding Programme : Balahar : 25,888 m.tonnes. Oil. : 2,588 m.tonnes. Other Feeding Programmes : Balahar : 7,095 m.tonnes. Oil : 787 m.tonnes.	The figures shown in the penultimate column have since been revised in the light of the recommendations of the Committee.

Shri Chahal drew the attention of the members to the terms of reference of the Committee. He indicated that the operative portion of the terms of reference related to drawing up a

..........2/-

detailed programme in order to achieving self-reliance in regard to commodity and other assistance that is being received for supplemental feeding programmes. He further explained that this practically meant drawing up programme for phasing out the activities of CARE in India specifically indicated in item (ii) of the terms of reference. He gave a brief account of the various feeding programmes at present going on in the country. According to him, while there were altogether five programmes, the two main programmes were (i) the mid-day meal for school feeding programme of the Education Department, and (ii) Special Nutrition Programme of the Social Welfare Department. He further explained that whereas the Special Nutrition Programme of the Social Welfare Department was mainly being supported by the Government of India and only a small portion of the food material distributed was being received from CARE as gift, in the case of the School Feeding Programme the entire food material was received from CARE. In this connection, he briefly gave an idea of the total quantity as well as the value of the gifts received from CARE. The broad picture was that according to the valuatio[n] made by the CARE authorities, the country was receiving food material of the value of nearly Rs. 40 crores annually for the supplementary feeding programmes. At the same time, expenditure of about Rs.6 crores was being incurred by the State Governments to defray the administrat[ive] cost and transport and storage charges in regard to the

food material received from CARE for the school-feeding programme. Regarding Special Nutrition Programme the total expenditure of the order of nearly 19 crores of rupees, which included the cost of food material except the small portion of gift food material received from CARE for this programme, was being met by the Government of India.

Shri Krishnaswami mentioned that according to his information it is not only the CARE which was supplying gift food materials, but other voluntary agencies like Catholic Relief Society, World Church Service, etc. were also supplying food materials which were being used for feeding programmes. He, therefore, felt that the Committee should not only work out a detailed arrangement for phasing out the activities of the CARE, but also a programme for phasing out the commodity and other assistance received from other voluntary agencies. The point raised by Shri Krishnaswami was discussed in the context of the terms of reference of the Committee. After discussion it was felt that while it would be useful to collect the information in regard to food materials being received from other voluntary agencies, the terms of reference of the Committee excluded the phasing out of the activities of such voluntary agencies as the feeding programmes undertaken by them were mainly during times of emergency and were, therefore, of <u>adhoc</u> nature, as against the regular supplementary feeding programmes supported by the CARE.

Shri Chahal further explained that in order that the Committee was able to take action in regard to the

.......4/-

operative portion of its terms of reference, it had to go the existing system of production, transport, storage, distribution and administration. Action to collect the information for critically studying all these aspects had already been taken and the State Governments have been addressed to supply the required information including the information regarding the number of beneficiaries covered by the supplementary feeding programmes for the Fourth Five Year Plan period and the projected targets till the end of the Fifth Plan period. At this stage, the Chairman mentioned that the Committee has to consider whether it will go into the question only of replacement of existing CARE assistance or will also take into account expansion over a period of time.

Education Secretary, Tamil Nadu, mentioned that in Tamil Nadu the coverage of school going children (between the age of 6 and 11) at present is about 18 lakhs which constitutes about 1/3 of the total number of school children. This coverage is being increased by roughly 80,000 school children every year. He also mentioned that Tamil Nadu Government was already bearing a portion of the expenditure on the cost of foodstuffs for the feeding programmes. He felt that the Committee should not only take into account the replacement of the existing level of food assistance but also take into account the requirement of normal expansion of the programme. Similar views were expressed by Education Secretaries of Kerala and U.P. after discussion, it was decided that the Committee

not only take into account the replacement of the existing commodity and other assistance received from CARE, but also the normal expansion.

Shri Uma Shankar, Education Secretary, Government of Kerala raised the question as to who would bear the expenses of food material in the event of CARE gifts supply being dis-continued. The Chairman explained that the supplementary school feeding was an activity which come under the purview of the State Governments and normally they were expected to bear the expenditure on the food material. Shri Diraviam, Education Secretary, Tamil Nadu however mentioned that the State Governments would expect the Centre to meet the cost of foodstuffs now being supplied by CARE and would be prepared to bear the other incidental expenditure like expenses on transportation storage, supervision etc. Similar views were expressed by the Education Secretary, Kerala as well as the Education Secretary, U.P. The Chairman requested the representative of Expenditure-Finance to indicate the stand which that Department had formulated in this regard.

Shri Ghose, Financial Adviser, (Food & Agriculture) pointed out that his Department would require the full magnitude of the problem to be clearly given to them before a final stand could be formulated by the Finance Department. Tentatively, however, he felt that the Finance Ministry (Expenditure Division) would be prepared to consider bearing the cost of the change-over from State Governments getting the supplies for their supplementary

feeding programmes from the CARE authorities to the Central Government taking over the responsibility to supply the food material to the State Governments.

The Chairman desired that the matter might be gone into in all its aspects by the Expenditure Division of the Finance Ministry and a clear indication to the Committee in regard to the bearing of the expenditure by the Centre and the States given by Shri Ghose. He also mentioned that as stopping of receiving supplies for the supplementary feeding programmes from CARE would be a new scheme, expenditure on this account should normally be treated as part of the Plan programme. Sh Krishnaswami mentioned that while working out the financial implications, not only the existing level of the programme but also normal growth of the feeding programmes undertaken by CARE should be taken into account.

Thereafter, the question of availability of Food Material for supplementary feeding programmes was briefly discussed. The Committee noted that, while, with the break-through in the production of foodgrains in the country, the availability of food materials would not pose any problem, the actual feeding materials would require to be carefully evolved and formulated to replace the feeding material at present being supplied by CARE. The Committee further noted that products like Bala had already been evolved and were being used to some exter in the supplementary feeding programmes in the country a that while arrangements for stepping up the production of

Balahar would have to be made, efforts would also have to go on to evolve similar other foods.

In this connection Shri Umashankar pointed out the need for avoiding high cost on transporatation by using the food which was locally available in various regions. He stressed the need for incorporating in the feeding material locally available food materials as far as possible. Shri Chahal explained that he had already addressed the various expert organisations in the country as also the State Govts. for their views/suggestions in regard to use of locally available food material in the feeding material.

Chairman desired that the letter addressed to the expert organisations by the Member-Secretary should be brought to the notice of the State Governments and they might be requested to check up with the concerned research/expert organisation the recommendations which the latter might be making in regard to the use of locally available food material in the feeding material for the supplementary feeding programmes. Chairman also desired that specific data should be obtained from the State Governments to enable the Committee to determine the parameter of the totality of the problem in terms of its normal expansion over the Fifth Plan period.

Thereafter, the question of extension of feeding net-work for pre-school children and school children to areas still not covered by these programmes, especially the border States was discussed. The Committee felt that this question should be gone into by a Sub-Committee in all its aspects which might be appointed as per the proposal

made by the Member-Secretary in note circulated by him under Item (3) of the Agenda. The composition of the Sub-Committee was approved subject to the addition of the Health Ministry's representative. The Chairman also desired that the Sub-Committ should go into action soon and give a report within 2 months.

In this connection, the Committee also approved the composition of the second sub-committee proposed to be constituted in Member-Secretary's note circulated under item 3 to examine and report in regard to items (iv) and (vii) of the terms of reference of the Committee, subject to a representative of the Health Ministry being included in this sub-committee also. It was decided that this sub-committee should also be immediately constituted and asked to submit a report within the next two months.

Lastly, the question of defining the responsibilities amongst the Ministries of the Government of India in regard to tasks such as production, transporation, distribution, supervision of operations in the field and the substitution of the net-work of the distribution of CARE authorities was briefly discussed. The suggestions made by the Member-Secret in the note circulated on the subject were considered. Shri Chahal pointed out that the responsibility for supplyin such of the feeding materials to the State Governments as would require to be procured and processed centrally should rest with the Food Department. He also mentioned that the Food Department should take over the functions of CARE in regard to supervision of the operations in the field for which staff under Food Department would have to b

.......9/-

suitably increased. Shri Diraviam pointed out that in so far as administrative infra-structure for the distribution of feeding material in Tamil Nadu was concerned, they could take over all the functions of the CARE staff and would not require any assistance or support from the Central Government in regard thereto. The Chairman observed that generally the function of the Central agency which might have to be set up to take over the functions of the CARE authorities in the country would be confined to making efficient arrangements upto the stage of reaching feeding materials to the State Governments. However, there might be particular situations where assistance in regard to supervision of operations in the field and assistance in planning and coordination of the activities relating to the supplementary feeding programmes might also have to be rendered by the Central agency as is being done by the CARE authorities at present. He accordingly desired that the matter would have to be gone into in greater detail and various areas of responsibility identified and allocated.

At the end the Chairman thanked the members for attending the meeting and making their valuable suggestions. It was decided that the next meeting of the Committee would be held towards the end of July, 1972.

1.1 The Chairman asked the Member-Secretary to place before the Committee the main position emerging from the replies received from the State Governments and others in

....2

response to the questionnaire issued to them. Thereupon Member-Secretary, Shri CH.H.L, gave an account of the salient points in regard to the following:-

(1) Types of feeding programmes;
(2) Feeding material at present being used in the supplementary feeding programmes and suggestions for modification and substitution;

(3) Total cost of supplementary feeding programmes and the expenditure incurred by the State Governments;

(4) Details of the existing organisational set-up in the States and the organisation maintained by CARE;

(5) Arrangements for storage, transportation, preparation and distribution of commodities; and suggestions in regard to arrangements visualised on the withdrawal of activities by CARE;

(6) Activities other than feeding programmes in the States in which CARE is engaged, and

(7) Gifted food materials imported by foreign agencies other than CARE.

2.1 He stated that an analysis of the replies received from the States showed that there were altogether five supplementary feeding programmes in the country out of which the main supplementary feeding programmes were only two, namely,

(i) School Mid-Day Meal programme; and

(ii) Special Nutrition Programme of the Social Welfare Department for pre-school children, pregnant women and nursing mothers.

2.2 The mid-day meal programme was more firmly established in the Southern States of Tamil Nadu, Kerala, Mysore and Andhra Pradesh which cover about 6 million beneficiaries out of a total of about 12 million beneficiaries in the country. It was mainly based on free foodstuffs imported by CARE, although a beginning has been made to some extent in Tamil Nadu and Pondicherry to introduce local foods provided by the State Government/Administration on certain days of the week.

2.3 In regard to the Special Nutrition Programme, CARE was supplying foodstuffs only to the extent of nearly Rs. 2 crores and all other foodstuffs and expenses amounting to nearly Rs. 20 crores were being met by the Central Government. One of the main items of food used for the Special Nutrition Programme was Modern Bread which at present covered about one million out of nearly 3 million beneficiaries under this programme.

....3

3.1 The general reaction of the State Governments, he mentioned was that there would be no difficulty in the substitution of imported foodstuffs by local foods for the supplementary feeding programmes. While pointing out this position, however, some of the States had emphasised the need for using processed food not involving elaborate cooking in this programme. He referred to the attempts made by the Kerala Government to evolve indigenous food based on tapioca.

3.2 He apprised the Committee that the total cost of the commodities supplied by CARE for the Mid-day Meal Programme is about Rs. 36 crores out of total food imports of over Rs. 42 crores made by CARE annually, and that the State Governments' expenses in meeting the cost of administration, transportation and storage, including the cost of CARE establishment inthe country is about Rs. 6 crores annually. Shri CHAHAL mentioned that by and large the State Governments had indicated that in case of the stoppage of CARE commodities, the Central Government would have to bear the expenditure on the food. Some of them had also felt that the time span given to them for phasing out the CARE activities i.e. March 1974 was too short for making the consequential arrangements for production, administrative infra-structure, organisation for distribution, etc. He also referred to the views expressed by the National Institute of Nutrition regarding the use of local foods instead of centrally procured and processed food. The main reasons given by the Institute in support of the above stand were:-

(a) The present supplementary feeding programmes have not made any significant impact on the nutrition status because

(i) The emphasis in these programmes has been mainly on the distribution of food;

(ii) most of the programmes have been based upon the centrally processed foods, involving inevitable bottlenecks with regard to transportation, storage and distribution;

(iii) no attempts under these programmes have been made to mobilise community participation and nearness local resources, with the result that in none of these programmes has there been an element of self-generation.

(b) The studies conducted by the Institute have shown that the community can itself manage a feeding programme quite efficiently, provided there are certain minimal inputs. The Institute feels that if the food material is made available to the community free of cost, the other inputs such as cost on transportation, distribution, etc. would be forthcoming from the community and, what is more important, correct and favourable attitude would be inculcated. The

....4

Institute feels that our strategy in organising programme should be such that they do not involve such expenditure and that they do not call for large additional personnel for their implementation, and there should be maximum community support and participation in these programmes and adequate motivation to the community through the nutrition education.

He pointed out that no empirical data was available to support these contentions and the advantages claimed by the Institute. On the other hand, one of the Sub-Committees on Food Composition appointed by the Committee had generally favoured the use of centrally procured and processed food in place of local food in the supplementary feeding programmes.

4.1 As regards the gifted feeding material imported by foreign agencies other than CARE, he pointed out that from the information collected, it appeared that the foodstuffs of the value of nearly Rs. 12 crores were being imported by these agencies annually, out of which foodstuffs worth Rs. 2-3 crores were being used for the regular supplementary feeding programmes being supported by these agencies.

5.1 Shri CHAHAL also referred briefly to the existing arrangements for transport, construction of godowns, establishment of Central kitchens particularly in Tamil Nadu etc. and mentioned that generally the feeling was that the existing arrangements for storage needed to be strengthened and augmented.

6.1 The Chairman invited the representatives of the State Governments to indicate their views on the various aspects of the problem explained by Shri CHAHAL.

6.2 Shri DIRAVIAM (Tamil Nadu) said that the State Government was spending about Rs. 2 crores on the food for mid-day meal programme plus another Rs. 90 lakhs on administration out of their funds, while the CARE supplies of commodities were worth about Rs. 6 crores. Their present coverage was about 18 lakhs beneficiaries. A special feature of the programme was the setting up of Central kitchens. They had already set up 61 such kitchens and 36 were under construction. They were also putting up regional godowns, 6 already constructed and 4 being put up. The original programme had contemplated local contribution of two paise plus another two paise by the Panchayats but their experience had shown that it was not possible to depend on local contribution at all for implementing such a feeding programme. Therefore, the so-called advantage of community participation or local contribution as suggested by National Institute of Nutrition might not actually be workable and the programme based on such assumption could not be sustained. So far as the State Government was concerned, they were willing to abide by any policy decision that might be taken

....5

by the Government of India for phasing out the CARE activities. He also stated that if the phasing out could be staggered to the Fifth Plan they could carry on on the basis of status quo. Their proposal is to extend the programme to cover another 12 lakhs children. The Tamil Nadu Government's view was that the assistance given by CARE in the form of commodities should be given by the Central Government. In regard to the food he felt that a hot satisfying and filling meal was essential. Balahar could be utilised for about 2 days in a week. The present coverage was about 1/3rd of the total population in this category.

6.3 Shri BHAVE (M.P.) agreed with the views expressed by Shri DIBAVIAM. He felt that the target date of March 1974 for phasing out CARE activities was too soon to be achieved. In view of the backwardness, lack of communication etc. in the State they preferred processed food like Balahar. Since they will be requiring a large quantity of about 60 thousand tons it will be necessary to diversify production as at present it was being produced only at INDORE. They had come into difficulty for procuring local foods. The State Government had already built 38 godowns with CARE assistance and would like to build another 200 to 300 small godowns to store upto 3 to 4 months requirements for which the State Government would like to have Central assistance. One difficulty, he pointed out, was that in single and two teacher schools, education had suffered as the teacher was busy in making arrangements for preparation and distribution of food. Therefore, he felt that at least oneperson should be added to each school. Their present coverage was about 10 lakhs representing about 20% of the total poupl ation in this category.

6.4 Shri UMASHANKAR (KERALA) stated that about 70 to 80% of the beneficiaries had been covered in the primary schools. They were spending about Rs. 60 lakhs on transport, storage etc., while the commodities assistance from CARE was about Rs. 6 crores. An attempt at public participation had failed and their experience has shown that if this was insisted upon, deserving areas would have to be kept out. The State Government agreed that therr would be no difficulty in regard to suitable substitutes for phasing out CARE commodities, but the expenditure on this account would have to be met by the Central Government. The FCI had not been able to arrange supply of Balahar particularly their packing was unsatisfactory. The State Government had evolved a substitute local food called Kif containing 50% tapioca, 25% groundnut floor and 25% wheat. It was possible to increase the wheat component to go upto 50%. This food has not yet been tried on the beneficiaries and he estimated that it might take upto three

.....6

years to finalise large scale production. He requested the Government of India to take up work on the various aspects whichcould be treated as a model for evolving further substitute food. In regard to phasing out, the Kerala Government felt that the target date should spill over to the Fifth Plan as it might not be possible to finalise detailed arrangements for production, administrative infra-structure etc. by the end of the Fifth Plan.

6.5 Shri CHATURVEDI (U.P.) mentioned that the coverage in the State was about 15 lakhs against enrolment of 115 lakhs. The enrolment was expected to go up to 2 crores. The CARE supplies at present mounted to about Rs. 1 crore which will be taken over by the Central Government. He also felt that public participation in such programme was purely hypothetical and was not practicable. Since U.P. was a big State, the eating habits were different in the different parts and it might be necessary to evolve suitable types of foods based on acceptability and palatability in different regions.

7.1 The Chairman then asked Dr. KYMAL to present the reports of the two Sub-Committees.

7.2 Dr. KYMAL explained that the Sub-Committees on the Composition of Food had visited some States and had also discussed the matter in all its perspective. They had also collected data from the National Research Institutions on the types of Food that could be used in such programmes. The Sub-Committee was of the view that the combination of approaches may have to be judiciously applied, to fit in with local condition in organising feeding programmes. The important considerations that had to be borne in mind in selecting locally available food-stuff were:-

(i) that the choice should be made from groups having comparable nutritive properties;

(ii) it should be suitable for large scale institutional feeding;

(iii) it should be within the financial limits permissible and should involve minimum cooking, and

(iv) it should also not involve commodities which were already in short supplies.

One important feature noticed in the different combinations suggested by the National Institute of Nutrition was that protein contents varied from 5% to 15% which is not desirable. There were distinct advantages in using processed foods like Balahar which could be prepared with different commodities which were locally available. This type of food also ensures a minimum

.....7

standardised nutrient composition including protein, vitamins and mineral nutrients at no appreciable increase in cost. Experiments have shown that Bulgar wheat could easily be produced in the country. Groundnut flour could be used with advantage as it contains 50% protein and might cost 1,000 rupees per ton as against Bengalgram which contain 20% protein costing about Rs. 1200/- per ton. Tapioca and maize could also be incorporated. The special advantage was in the utilisation of surplus low cost commodities. The enriched bread could also be used as another item of food particularly in the urban areas owing to convenience in distribution. Children upto one year could be provided double toned milk or miltone which was now being extended to a number of Centres. The Sub-Committee was of the view that use of oil should be restricted the minimum. Extrusion process was being developed which could produce pre-cooked food and could be stored for a longer period and would be particularly suitable for inaccessible areas. He also referred to another possibility of providing "take home food" as was now being tried in Coimbatore. The Committee had also submitted a supplementary note regarding the various aspects of production of Balahar. It was suggested that Balahar could be used in the Mid-day meal programme at least for two days in a week, since the centrally processed food will ensure proper hygiene, standardisation and ensure a minimum protein level.

7.3 Dr. KYMAL added that the Sub-Committee on Extension of Feeding Programmes to areas at present not covered had examined the problem in all its details. Replies had not been received from all the States but on the basis of the available data the Sub-Committee has recommended that to begin with the coverage might start at 20% of the present enrolment gradually going upto 40% by the end of the Fifth Plan. This was slightly higher than the present national average but this was necessary considering the backwardness of the areas and the scattered nature of the schools.

8.1 The Chairman stated that it had emerged from the discussion that the States anticipated no difficulty in finding local substitutes of food commodities or making administrative arrangements on the phasing out of the CARE activities. At present some of the States like Tamil Nadu, Kerala etc., had a bigger coverage and the other State Governments were also expanding their programmes. By and large it had to be ensured that the children were provided with a nutritious food. He stated that it was Government's objective to achieve self-reliance by March 1974. It was also more or less clear from the reaction of the State Governments that while they would shoulder the necessary administrative responsibility both financially as well as physically, they were unable to meet any larger proportion of cost other than on the existing basis. It is also clear from the views expressed by Dr. KYMAL that the food commodities would be available in the country and processed foods utilising locally available commodities could be standardised providing adequate nutrition. It was, therefore possible to work out a programme in the manner envisaged consistent with the objective of Government without any insuperable difficuly.

....8

The question whether the Centre could take the entire burden of CARE, or, this will have to be shared between the Central and State Governments would have to be considered. Similarly, a decision would also have to be taken as to whether the phasing out should be over a longer period stretching over to the Fifth Plan. The Chairman said that he would place the views of the State Governments on these two questions for consideration of the Government. He emphasised that the objective of phasing out the CARE activities was necessary in the national interest, but there should be pragmatic approach to the time table.

8.2 Shri NATARAJAN stated that the Planning Commission had been working on the outlays for nutrition for the Fifth Plan on the basis of the take over of CARE functions, and that adequate provision had been included in the tentative plan proposals. He estimated that about Rs. 600/- to 650/- crores might be available during the Fifth Plan in this behalf for the estimated coverage of about 9 million for Social Welfare (from the present 3 million) and about 17 million for mid-day meals in the schools (from the present 12 million) beneficiaries.

8.3 Shri KRISHNASWAMY said that the suggestion for phasing out CARE in the Southern States from 1973-74 did not appear to be practicable and the programme should be worked out only on the basis of take over from 1974. Moreover, the question of locating funds for take-over from 1973-74 during the Fourth Plan would also be involved.

8.4 Shri GHOSH agreed with Shri KRISHNASWAMY and stated that for extension of the programme to new States and for further extension in the existing coverage the State Governments have to present their demands to the Finance Commission.

8.5 Shri DIRAVIAM wanted to know whether the Tamil Nadu Government should avail of CARE assistance for covering additional beneficiaries during 1973-74. Shri MOORTHY in this connection mentioned that the Social Welfare Department had received a communication from the Economic Affairs Department (Shri CHHABRA) to the effect that no commitments should be entered into with CARE for additional assistance over and above the existing commodities support. Shri KRISHNASWAMY said that he would look into this matter further and clarify the position. The Chairman expressed the view that if some additional coverage was contemplated during 1973-74 based on CARE commodities and it did not lead to involvement beyond March 1974, such a programme should not be allowed to suffer.

9.1 Summing up, the Chairman said that it was clear that no difficulties were anticipated in the administrative change over, but the States preferred to have a longer time to complete the various arrangements. It was also necessary to finalise the substitute foods and it might be desirable that
